AGREEMENT

Pursuant to the provisions of Chapter 54 of the Public Laws of the State of Rhode Island, 1963, entitled "An Act to Provide for Settlement of Disputes Concerning Wages or Rates of Pay and Other Terms and Conditions of Employment of Employees of Police Departments", this Collective Bargaining Agreement ("Agreement") is made and entered into effective as of the 1st day of July, 2016, by and between the CITY OF PAWTUCKET ("City") and LODGE NO. 4, FRATERNAL ORDER OF POLICE (hereinafter "Pawtucket Lodge No. 4" or "FOP").

All references in this Agreement to an "employee", "member", "members", or "manpower", as well as use of the pronoun "he", are intended to include both genders. When the male gender is used, it shall be construed to include male and female employees.

The City and FOP agree that they will continue policies of non-discrimination on the basis of an individual's race, color, national origin, religious affiliation, gender, age, sexual orientation, sexual preference, gender identity, or any other prohibited basis of discrimination.

PREAMBLE

Pursuant to the provisions of Chapter 54 of the Public Laws of Rhode Island, 1963, entitled "An Act to Provide for Settlement of Disputes Concerning Wages, or Rates of Pay and Other Terms and Conditions of Employment of Employees of Police Departments", the City recognizes that the sworn police officers of the City have the statutory right to bargain collectively with the City and to be represented by an organization in such collective bargaining as to wages, hours, rates of pay, working conditions and other terms and conditions of employment.

Nothing herein contained shall be construed to limit the right of the City to regulate, manage and control the Police Division of the City except as modified by the terms of this contract and except as specifically directed by said Chapter 54 of the Public Laws of the State of Rhode Island, 1963, reference to which has been previously stated. This Agreement is subject to the provisions of Chapter 54 of the Public Laws of Rhode Island, 1963, wherein the sworn police officers who are subject to its terms, shall have no right to engage in any work stoppage, slowdown or strike.

The word "employee" when used in this Agreement shall mean all sworn police officers from the rank of Patrolman up to and including the rank of Major.

The acronym "EBS" (Electronic Bidding System) shall mean the Police Division's computerized system used for the assignments of call backs and details.

ARTICLE I

Section 1. Recognition

The City recognizes the FOP as the exclusive bargaining agent for all sworn police officers from the rank of Patrolman up to and including the rank of Major, for the purpose of collective bargaining and entering into agreements as to wages, salaries, hours, working conditions and other terms and conditions of employment.

The rights of the City and the employees shall be respected and the provisions of this Agreement shall be observed for the orderly settlement of all questions.

Section 2. Employment Security

The City agrees not to discharge or discriminate in any way against any employee for membership or legitimate activities in Pawtucket Lodge No. 4.

Section 3. Dues Deduction

All employees shall have the right to voluntarily join or refrain from joining the FOP. Employees who choose not to join the FOP, however, and who are covered by the terms of this contract, shall be required to pay a monthly service fee and/or any uniformly levied assessment (hereinafter collectively referred to as "fees") to the FOP for the purpose of aiding the FOP and defraying costs in connection with its legal obligations and responsibilities as the exclusive bargaining agent of the employees in the appropriate bargaining unit.

The aforesaid fees shall be payable on or before the first day of each month, and such sum shall in no case exceed the initiation fees and the membership dues paid by those who voluntarily choose to join the FOP. Other than the payment of these fees, those employees who do not choose to join the FOP shall be under no further financial obligations or requirements of any kind to the FOP. It shall also be a condition of employment that all employees covered by this Agreement shall, on the 30th day following the beginning of such employment or the effective date of this Agreement, whichever is later, pay the established fees as noted above.

The FOP shall indemnify the City, should the City be required to reimburse any of the employees who are not members of the FOP.

Section 4. Time Off for Bargaining

(a) All employees covered by this Agreement who are officers of the FOP, or who are appointed by the FOP as members of said Pawtucket Lodge No. 4's Legislative Committee and the appointed chairman of the grievance committee, shall be allowed time off with pay for official Pawtucket Lodge No. 4 business in negotiations and/or conferences with the City Administration, and in the preparation thereof, without requirement to make up said time. An employee, who is a member of the Legislative Committee and attends negotiations and/or conferences with the City Administration, shall not be required to work on said date.

(b) The President of Pawtucket Lodge No. 4 or his designee shall be allowed time off with pay for official Pawtucket Lodge No. 4 business with respect to grievances, grievance hearings and the preparation thereof.

(c) The President of Pawtucket Lodge No. 4 shall be allowed time off with pay for attendance at Pawtucket Lodge No. 4 meetings, State and National Conventions of the Fraternal Order of Police.

In addition, any employee who is a member of the State FOP Executive Board or who is a State FOP Trustee shall be allowed time off with pay to attend all State FOP meetings provided there is sufficient manpower to satisfy the minimum manning requirements of Article VI, Section 8.

(d) Not more than four (4) Delegates shall be allowed time off with pay for attendance at National Conventions of the Fraternal Order of Police and not more than seven (7) Delegates per day shall be allowed time off with pay for attendance at State Conventions of the Fraternal Order of Police.

(e) The Secretary and Treasurer of Pawtucket Lodge No. 4 shall be allowed time off with pay and without the requirement to make up said time for attendance at the regular monthly meetings and special meetings of the FOP. The immediate Past President of Pawtucket Lodge No. 4 shall be allowed time off with pay and without the requirement to make up said time for attendance at the first four (4) meetings (regular or special) after his successor has been elected. Time off with pay shall be no longer than three (3) hours. A special meeting shall last no longer than two (2) hours and shall be limited to time off with pay

to two (2) per year. In the event the President is unable to attend the regular monthly meetings or special meetings, the Vice President shall be then allowed time off in accordance with the provisions of this section. The Chief may call back to duty any of the above Union officials who have been allowed time off with pay in an emergency situation.

Section 5. Inspection Privileges

The President or a representative of the FOP shall be granted access to the Police Division for the purpose of adjusting disputes, investigating working conditions, collecting dues and ascertaining that this Agreement is being adhered to; provided, however, that there is no interruption of the Police Division's working schedule.

ARTICLE II

Section 1. Management Rights

Subject to the Law Enforcement Officers' Bill of Rights, Title 42, Chapter 28.6 of the Rhode Island General Laws, and except to the extent there is contained in this Agreement provisions to the contrary or a duly established past practice in the Police Division, all authority, power, rights, jurisdiction and responsibilities for the management of the Police Division are retained and reserved exclusively to the City.

The City shall retain the right to issue, through the Director of Public Safety or his designee, Rules and Regulations governing the conduct of the Police Department; provided however, that no rule, regulation, general or special order shall abridge or supersede the provisions of this Agreement, nor shall said rule, regulation or special order violate any City, State or Federal Law.

The City shall not institute any rule, regulation, general or special order or change any personnel rule or regulation without notifying the Fraternal Order of Police of said proposed change. The City shall notify the Fraternal Order of Police thirty (30) days prior to any hearing date set to change any said rule, regulation, general or special order or personnel rule and shall state the time and date of said hearing.

ARTICLE III

Section 1. Seniority

Definitions:

Department Seniority: Shall commence on date of appointment as a police officer and seniority shall be computed according to continuous service from the date of original appointment by the City.

Rank Seniority: Shall commence on the date the officer is sworn in to a particular rank and seniority shall be computed according to continuous service within that rank.

(a) Employees shall have rank seniority and said seniority, insofar as practicable, shall prevail with regard to transfers to any division, bureau, section, platoon, department or any other post by whatever name the transfer may be labeled (except as hereinafter provided). Subject to the provisions of Article VI, Section 4.6, rank seniority shall also prevail with respect to: transfers to shifts; beats or posts; days off; holidays; vacations; and any and all circumstances or situations by whatever name they may be given. The Chief shall be allowed discretion as to whether to follow seniority. If seniority is not followed, then the Chief shall give a written reason as to why seniority is not being followed. The written reason shall not be physically maintained in the employee's personnel file and shall be destroyed one (1) year after the bid was denied and the written reason was prepared. The failure to follow seniority shall be reviewable through the grievance procedure. This subparagraph shall not apply to those positions where an examination is to be taken under the Promotion Procedure.

Notwithstanding the foregoing, however, newly appointed employees shall serve a twelve (12) month probationary period, and the Chief will have complete discretion with respect to the assignment of newly appointed officers for the first one hundred-twenty (120) days of their appointment. This is to afford new employees the opportunity to experience all different facets of the job. After the one hundred-twenty (120) day period, then the balance of the provisions of Article III, Section 1 shall govern, except (i) that the Chief may assign probationary officers for up to a total of two (2) days to the Planning and Training Division for the purposes of taking refresher training course(s); (ii) once the new employee has bid to his or

her shift, the Chief shall have an additional thirty (30) days to assign that new employee to a non-permanent bid car for the purposes of training and evaluation.

The Chief will also have complete discretion with respect to appointments to the positions of Field Training Officer and Honor Guard subject to the following conditions:

- Only those employees who volunteer for those positions shall be considered.
- Employees selected for those positions shall not be required to change their shift (unless they agree to do so).
- With respect to the position of Field Training Officer, the Chief cannot circumvent the provisions of Article III, Section 2. The Chief shall only be allowed to select someone who has completed field training officer training.

The Chief and the FOP President shall agree upon employees who shall serve as stress officers without regard to seniority.

(b) All bids shall be posted on the bulletin board for four (4) days and sent to all employees by e-mail via the department e-mail system. Notification of such posting shall be mailed or e-mailed to all off-duty employees who may be on extended absence for any reason or on vacation; provided, however, such employees have left their names, mailing addresses, and e-mail addresses with the Chief in order to be so notified. Personnel interested in the vacant position will submit by e-mail via the department e-mail system their application for said vacant position to the Chief.

(c) A senior officer whose bid has been accepted may reject the position or benefit at his discretion without the need of any explanation on his part. Further, in the event that an employee shall reject the position or benefit, it shall not be construed as a waiver of his seniority rights in any subsequent situation where seniority would prevail.

(d) In the event that more than one employee was appointed on the same day, then the senior man will be the officer who was issued the lowest badge number. In the case of a Patrolman appointed on the same day, the lowest badge number shall be issued to the employee with the highest academic ranking from the Rhode Island Municipal Police Training Academy. In the case of a uniformed supervisor appointed on the same day, the lowest badge number shall be issued to the employee with the highest overall promotional test score. Badge numbers

shall not be taken from a police officer and issued to a junior officer with the intent of violating this clause.

(e) Prior to July 1, 1998, employees promoted into the Detective Division shall retain their rank seniority. For example, a Patrolman with ten years on the department promoted to the Detective Division prior to July 1, 1998 shall be deemed to have greater seniority within the Detective Division than a detective with five years on the department, even though the five-year employee has been a detective for a greater period of time. Similarly, a Sergeant who has held that rank for five years and who has been promoted to the Detective Division prior to July 1, 1998 shall be deemed to have greater seniority within the Detective Division than a Detective Sergeant who has been a Sergeant for three years (combining uniform and detective) even though the three-year Sergeant has been a Detective Sergeant for a greater period of time.

For employees promoted to the Detective Division after July 1, 1998, rank seniority within the Detective Division shall commence on the date the officer is sworn into the rank and shall be computed according to continuous service within that rank.

Notwithstanding the foregoing, however, no bumping shall be allowed when an employee with greater rank seniority is promoted to the Detective Division. In other words, vacancies within the Detective Division shall be filled in accordance with the bidding procedure set forth herein at the time the vacancy occurs with respect to an assignment, shift, beat or post.

(f) Whenever an employee is reduced in rank for whatever reason, his rank seniority in the higher rank shall be utilized in determining his rank seniority in the lower rank. For example, a Lieutenant who has held that rank for five (5) years and who is demoted to the rank of Sergeant, shall receive credit for the years he had been a Sergeant and a Lieutenant in determining his/her new rank seniority as a Sergeant. In such situation, the employee who is reduced in rank shall be required at the time of the rank reduction to fill the position that is vacant. Thereafter, said employee shall be permitted to bid into any position as they become vacant. The reasoning for this is to avoid a bumping process when the employee is first reduced in rank.

(g) In connection with any bid, there shall be a trial period of ninety (90) days to determine whether the employee can acquire the skills necessary for the performance of said job in a reasonable satisfactory manner; provided, however, that in cases where the City and Pawtucket Lodge No. 4 so mutually agree, such trial period shall not be mandatory. At the end of said ninety (90) days, the employee shall be either permanently transferred to said position or returned to his former position. If, during the trial period, the City removes the employee from such position for alleged lack of reasonable progress in said position, the employee shall have the right to file a grievance in accordance with the provisions of this Agreement. The term "reasonable progress" as used herein shall mean a comparison of the progress of the employee involved with the performance on said job of the average employee performing such work. Any disputes of the reasonableness of the trial period and/or the progress of the employee on the job shall be subject to the grievance procedure as previously mentioned.

During the trial period a monthly progress report will be made by the employee's supervisor, a copy of which shall be furnished to the employee, the Chief of the Police Division and the Director of Public Safety. The form of said progress report shall be substantially the same as is now being used by the Director of Personnel.

(h) Within thirty (30) days after the execution of this Agreement, the City shall furnish Pawtucket Lodge No. 4 and the Police Division a copy of the proposed seniority list, and Pawtucket Lodge No.4 and/or Police Division will have thirty (30) days in which to make any corrections or changes in said list; otherwise, after said thirty (30) day period the list shall be accepted as correct. After the order of seniority has been established, a permanent and up-to-date list shall be posted and maintained on a bulletin board at Police Headquarters for the benefit of all police officers and all future seniority questions shall be resolved in accordance therewith. The City also agrees to furnish to Pawtucket Lodge No. 4 an up-to-date seniority list, a copy of which is to be posted on said bulletin board.

Section 2. Bidding for Schools

(a) Specialty Schools — A school is defined as a "specialty school" when the content of the course has a specific relationship to a bureau or division within the Police

Division. When such course is to be offered, it shall be posted for bid within certain bureaus or divisions as determined by the Chief for a period of ninety-six (96) hours, and any necessary prerequisites as determined by the course sponsor and as stated in its written literature, shall be listed in the posting. Bids may be submitted by only the members of said bureau or division. If the bid for the specialty school is to be open to all employees, then the employee with the most department seniority who meets the course sponsor's prerequisite(s) shall be awarded the bid. If the bid for the specialty school is limited to a particular rank, then the employee with the most rank seniority who meets the course sponsor's prerequisite(s) shall be awarded the bid. In the event there are no bidders, the course would then be bid under subparagraph (b) hereof.

An employee may be awarded a bid for a specialty school only once in any nine (9) month period unless said employee is the only one who bids for a subsequent specialty school or is transferred into a bureau/division which requires attendance at a specialty school. In addition, an employee who has attended a specialty school in a given area of police work may be granted preference in bidding for a specialty school without regard to the so-called "nine month rule" when the course that is offered is a continuation of the previous school.

When an employee is awarded and successfully completes a specialty school relating either to the K-9 Unit or the SRT Unit, the employee shall be required to fulfill assignments related to those units for a period of up to two (2) years following the completion of the school, or as agreed otherwise by the Chief and the FOP. An employee who accepts an unrelated assignment outside of these two units before the end of the two-year period may be required to reimburse the City for the cost of the specialty school including any travel costs, lodging expenses and other expenses associated with the school. Promotions or transfers to other specialized units shall excuse the employee from any reimbursement requirement if the promotion or transfer occurs during the commitment period. An employee shall also be excused from any reimbursement requirement if he/she becomes medically unable to perform the duties required in either of the two units.

(b) Non-Specialty Schools — A school is defined as a "non-specialty school" when the content of the course is non-specific, general or introductory in nature. When such course

is to be offered, it shall be posted for bid for ninety-six (96) hours and, any necessary prerequisites as determined by the course sponsor and as stated in its written literature, shall be listed in the posting. All employees may bid therefor. If the bid for the non-specialty school is to be open to all employees, then the employee with the greatest department seniority who meets the course sponsor's prerequisite(s) shall be awarded the bid. If the bid for the non-specialty school is limited to a particular rank, then the employee with the most rank seniority who meets the course sponsor's prerequisite(s) shall be awarded the bid.

An employee may be awarded a bid for a non-specialty school only once in any nine (9) month period.

(c) FBI Academy — Appointments to the FBI Academy shall be made by the Chief.

(d) Notification to FOP — Immediately upon the award of a bid for any school, the Chief shall advise the President of the FOP the name of the employee(s) awarded the bid.

(e) Schools at Employee's Expense — Notwithstanding the provisions of subparagraphs (a) and (b) above, employees shall be allowed to attend, at their own expense, any school. However, if at a later date the same school is put out to bid and the employee who attended the school at their own expense would now have the necessary seniority to be awarded the bid, then said employee shall be reimbursed for the tuition paid when the employee first attended the school.

(f) If a school is scheduled on an employee's regular work day(s), the attendee shall be assigned to the school in lieu of his/her regular work assignment. If a school is scheduled on an employee's day(s) off and the attendee travels to or from the school on the day(s) off, the attendee shall receive overtime or comp time for the travel time.

(g) Post-classroom activity, such as overnight stays, shall not be considered as hours worked, or part of the regular day.

(h) Employees attending schools where overnight stays are involved shall receive a \$50 per diem for meals prior to the commencement of the school. Upon returning from the school, the employee shall present the City with receipts for any other reasonable non-meal expenses for which the City shall reimburse the employee consistent with the City's Policies and Procedures for Reimbursement of Expenses dated March, 1999.

(i) Employees who use their own vehicle to attend a school shall be paid for their mileage expense in attending that school in accordance with the City's Policies and Procedures for Reimbursement of Expenses dated March, 1999.

Section 3. Bidding for Identification Bureau

Vacancies within the Identification Bureau for Patrolmen/Detectives shall be filled in accordance with rank seniority, provided the Patrolman/Detective seeking to fill said vacancy has successfully completed the University of Rhode Island Criminalistic School ("School").

Vacancies within the Identification Bureau for supervisors shall be filled in accordance with rank seniority with the understanding that the supervisor shall be required to complete the next available School, provided he/she has not already done so.

The City shall send employees to the School each year (provided there is space available) on a rotating basis—the rotation occurring between Patrolmen/Detectives and supervisors. This rotation shall continue from School to School unless a supervisor is needed to attend in order to satisfy the requirements set forth in the previous paragraph. Nothing contained herein shall prohibit the City from sending both a supervisor and a Patrolman/Detective to the same School in any particular year.

Section 4. Layoffs and Recall

In the event it becomes necessary for the City to lay off employees, those employees with the least amount of department seniority shall be laid off first. In the event of rehiring, the last employee laid off shall be the first to be rehired.

ARTICLE IV

Section 1. Vacancies

(a) **Patrolman's Ranks** — As far as possible, the City shall anticipate and plan for filling vacancies in the Patrolman's ranks and shall maintain a list of eligible employees, available at all times. Any vacancy occurring in the Patrolman's ranks shall be filled within sixty (60) days from the date the vacancy occurs.

(b) **Officer's Rank** — The City shall maintain promotional lists for all positions from the rank of Detective up to and including Major. Any vacancy occurring in any rank above the rank of Patrolman shall be filled within sixty (60) days, except the Chief's vacancy shall be governed by Article IV, Section 2(j).

The term "vacancy" for the purposes of this section shall deem to have occurred whenever an employee is promoted to a higher rank, demoted to a lower rank, retires, dies, or is otherwise terminated. Notwithstanding the foregoing, during or prior to the 60-day period referred to above, the City may decide and declare that any such actual or potential vacancy or vacancies are not to be filled. In the event such determination is made, the City shall be precluded from filling such vacancy or vacancies for a period of 12 months from the date of the vacancy or vacancies.

Section 2. Promotion Procedure

(a) **Promotions/Assignments.** Promotions to the rank of Sergeant, Lieutenant, Captain, Major, Chief and the Detective Bureau shall be made from the ranks of the Police Division on a competitive basis. Assignments to the Youth Bureau shall be made from within the Detective Bureau on the basis of rank seniority.

(b) **Notice of Exams.** The notice of promotional examinations will be posted and e-mailed via the department e-mail system on the third Monday of August each year (odd years for detectives, even years for uniform) and will indicate to the applicants the sources of material for said examination. Notification of promotional examinations shall be mailed to all off-duty employees who may be on extended absence for any reason or on vacation, or e-mailed to said employee; provided, however, such employees have left their names, mailing addresses and e-mail addresses with the Chief in order to be so notified. Five (5) sets of the

sources of material for said examination shall be purchased by the City and made available to all employees. Said notice shall also contain within it a cut-off date for applications which will be the second Monday following the posting of the notice at 4:30 p.m. (if this Monday is Labor Day, then the cut-off date shall be the following day); shall contain within it eligibility requirements for the various positions being advertised; and shall contain the passing score for the written portion of the examination. Promotional examinations shall be given on the third Saturday of November unless otherwise agreed upon between the City and the FOP. If for any reason the examinations are not given on the third Saturday of November, then they shall be given on the first Saturday in December; and in such event, all employees who are eligible to take the examinations shall be allowed to take the tests on that December date even if they had not originally signed up to take the tests on the third Saturday of November or had withdrawn his/her name from taking the tests on the third Saturday of November.

Employees who sign up to take a promotional examination and who fail to notify the Personnel Bureau of their intention not to take the examination at least two (2) weeks prior to the scheduled examination date shall reimburse the City, through payroll deduction, the cost of the examination which shall be established by the parties on an annual basis and listed in the notice of promotional examination. However, if the original promotional examination which was scheduled to be given on the third Saturday of November was not given for any reason, and an employee is unable to take the examination on the first Saturday in December, then said employee shall not be required to reimburse the City for the cost of the examination.

(d) *The Test.* Once the promotional application period has expired, promotional examinations will be administered in accordance with the procedure set forth herein. The said promotional examinations shall consist of the following parts:

A. 75% of said promotional examinations shall consist of a written examination. Said written examinations shall be administered by an out-of-state recognized testing service but the same testing service may not be used for more than two consecutive years. An employee who is seeking promotion must receive a grade of 60% on the written portion of the examination in order to be eligible for the promotion he is seeking.

B. 20% of said promotional examinations shall consist of percentages being awarded for department seniority based on one (1%) percent for each year of service and

.0833% for each month of a partial year of service completed as of the date the test is given in the Police Division up to a maximum of twenty (20) years.

C. 5% of said promotional examinations shall consist of percentages being awarded for education (as of the date the test is given) in accordance with the following schedule:

| | |
|---------------------------|----|
| Master's Degree and above | 5% |
| Bachelor's Degree | 4% |
| Associates Degree | 2% |
| 30 Credits and Over | 1% |

With respect to educational points, it is intended that the credits and/or degree must be in law enforcement, psychology, sociology or anthropology. In addition, an employee must actually have a Master's Degree or above, a Bachelor's Degree or Associates Degree issued by an educational institution; so-called "equivalency degrees" shall not be acceptable as degrees.

(e) *Certification and Notification/Posting of List.* Upon receipt of the test results, but no sooner than the Friday preceding the second Monday of December, the City and the FOP shall certify the scores and placement of each candidate. On the second Monday of December, candidates shall be notified as to their score and placement in the promotional process and said results shall be posted in all bureaus and divisions with the order of finish as well as the score of the candidate by examination number. If for some reason the test results are not delivered to the City in time for the City and the FOP to certify the list by the second Monday in December, then the notification/posting date shall be three (3) business days following the City's receipt of the test results. The order of appearance shall be determined by a composite score based on the following points:

- A. Written examination — 75 points maximum
- B. Seniority — 20 points maximum
- C. Education — 5 points maximum

(f) *Ties.* Should there be any tie on any promotional list, said tie shall be broken on the basis of department seniority and in the event there is still a tie then in accordance with Article III, Section 1(d).

(g) *Top Three Candidates.* Once a promotional list has been created, the Chief shall notify the top three candidates of their position on the list before it is forwarded to the Public Safety Director. If one or more of the employees advises the Chief that they do not wish to be considered for the promotion at that time or that their name(s) be removed from the promotional list all together, then the next employee(s) on the list shall move up into one of the top three positions. The Chief shall furnish the Public Safety Director with the three top candidates in the order in which they finished in the promotional process and as amended in accordance with the preceding sentence. Candidates who are allowed to take the exam but do not have the required time-in-grade to be promoted shall not be included on any list furnished to the Public Safety Director until they have served the necessary time-in-grade as set forth above. A three-person committee consisting of the (i) Public Safety Director, (ii) the Police Chief, and (iii) a member of the Police Division or a member of the City's administration (as selected by the Public Safety Director) shall interview the top three candidates in order to assist the Public Safety Director in making the promotion. The Public Safety Director shall then make the appropriate promotion from that list. In the event that the Public Safety Director intends to promote out of numerical order among the top three candidates, he shall provide the unsuccessful candidate or candidates in writing with the criteria and considerations which caused his selection to be made at least three days prior to the date on which the promotion is to be made. Notwithstanding the right of the Public Safety Director to select any of the top three candidates, no candidate who is eligible for promotion and ranks among the top three candidates on a promotional list may be passed over for promotion more than twice.

An employee who asks the Chief not to be considered for promotion at the time shall retain the same position on the promotional list unless an employee ahead of him/her on the list is promoted in which case the employee shall move up on the list. Also, employees who ask not to be considered for promotion at the time are not deemed to have been "passed over" for the purposes of the last sentence in the preceding paragraph.

(h) *Duration of List.* A promotional list shall continue in effect for a period of two (2) years from the date of the notification/posting date unless the new list is required to be posted as set forth above by the second Monday in December in which case the old list shall be deemed to have expired notwithstanding the fact that it may not have been in existence for two (2) years.

(i) *Detectives' Rights.* Employees currently assigned to the Detective Bureau shall have the right to remain therein and shall be subject to removal only in accordance with the provisions of this Agreement, and for good cause and subject to the right of the employee so removed to grieve said removal.

(j) *Chief's Test.* Employees holding the rank of Captain or Major within the Police Division shall be eligible to take the Chief's examination. Once the current Chief's promotional list expires in December 2014, all subsequent Chief's tests and the promotional list created thereafter shall be done in the following manner. Notification of the Chief's test shall be posted and shall also be sent by e-mail to all eligible Captains and Majors within five (5) days from the current Chief advising the Public Safety Director of his/her intention to vacate the Chief's position. The test shall be administered no sooner than ninety (90) days and no later than one hundred-twenty (120) days after the posting/e-mailing. In the event that the current Chief vacates the position prior to the selection of his/her replacement, the Chief's position shall be filled by a Major in accordance with Article V, Section 4. Once the new Chief has been selected in accordance with Article IV, Section 2(g), the Chief's promotional list shall expire forthwith.

ARTICLE V

Section 1. Duties

The duties of the members of the Police Division shall consist of the repression and prevention of crime and the enforcement of the laws and ordinances of the City and the statutes of the State of Rhode Island and such other necessary auxiliary, administrative and service functions presently conducted by the Police Division, and such other duties as are, or may be prescribed by the Director of Public Safety in accordance with the provisions of the statutes of the State of Rhode Island in such cases made and provided.

Section 2. Detail to Other Departments

The City agrees that employees of the Police Division whose duties are defined in Article V, Section 1 above shall be detailed to other departments of the City for the performance of police duties only.

Section 3. Transfer to Other Bureaus

The transfer of employees to different bureaus within the Police Division shall be made by the Chief, subject to the seniority provisions in Article III hereof and the promotion procedure in Article IV.

Section 4. Out-of-Rank Pay

Employees up to the rank of Captain, who assume or work at a higher rank, shall be compensated therefor at the same rate of pay as the employee for whom they are filling in. Such higher rate shall apply for all time spent at the higher rank. A Major who is directed to assume or work the rank of Chief by order of the Public Safety Director shall be compensated at the Chief's rate of pay.

Where an employee serving out of rank contracts an illness or suffers an injury in the performance of his duties, he shall be entitled to all of the benefits provided under Article XII of this Agreement, including pay at the rate he was receiving while serving out of rank. However, if the employee retires on a service-related disability for the illness or injury sustained while serving out of rank, his service-related disability pension shall be based on his own rank.

Section 5. Temporary Assignment

The term "temporary assignment" shall be an assignment which shall last no longer than ninety (90) days and assignment thereto shall be in accordance with the seniority and bidding procedures set forth in Article III hereof.

Section 6. Special Squad

The Chief shall have the power to establish a Special Squad not to exceed fifteen (15) employees, who shall be selected by the Chief from the Uniform Bureau and who shall serve in said squad for a period of time as deemed necessary by the Chief. The above language shall not prevent the Chief from selecting, on a voluntary basis, officers from other bureaus/divisions for assignment to the Special Squad. Upon selection to the Special Squad, employees may be assigned by the Chief to other law enforcement agencies outside of the Police Division for Special Squad work. Appointment to said squad shall be exempted from the seniority and bidding procedures set forth in Article III of the Collective Bargaining Agreement; provided, however, that no employee shall be transferred to the Special Squad who has less than three (3) years of service in the Police Division, including the probationary period.

Employees who were assigned to the Special Squad on or before January 1, 1996 will have the right to remain in said squad and be subject to removal only in accordance with the provisions of the Collective Bargaining Agreement. Once said employee leaves said squad, the employee replacing him shall not be so protected. Employees assigned to the Special Squad shall perform Special Squad work.

Section 7. Internal Affairs Bureau

The Chief shall have the right to appoint employee(s) on a voluntary basis to the Internal Affairs Bureau without regard to the requirements of Article III, Section 1. Employees appointed to the Internal Affairs Bureau shall be sent to the first available so-called Internal Affairs School after their appointment. Employees appointed to the Internal Affairs Bureau shall serve in said bureau for a period of time as deemed necessary by the Chief. Assignments to the Internal Affairs Bureau shall reduce (by an equal number) the maximum number of appointments that the Chief may make to the Special Squad.

ARTICLE VI

Section 1. Hours

The regular work schedule for all members of the Police Division shall be an average of thirty-seven and one-half (37 ½) hours. The regular schedule for all members of the Police Division, except for Major, employees in the Detective Division, Special Squad, Office of Personnel of the Administrative Bureau, employees in the Youth Bureau and any employee of the Police Division who must meet outside scheduling, shall be a six (6) day schedule of four (4) consecutive working days of eight (8) hours followed by two (2) consecutive days off. The regular schedule for Major, employees in the Detective Division, Special Squad, Office of Personnel of the Administrative Bureau, employees in the Youth Bureau and any employee of the Police Division who must meet outside scheduling shall continue to work Monday through Friday with weekends off. These employees shall be entitled to seventeen (17) so-called "TC days" each year. These TC days must be used by June 30th of each year. Employees may take TC days before they are actually "earned" in that year; however, if an employee leaves the position where he/she was entitled to TC days and has taken more TC days than have been earned, then those days may be deducted from the employee's accrued vacation entitlement.

Employees covered by this Agreement shall not be required to commence their normal tour of duty at a different hour than regularly specified, unless such period of time is contiguous to the normal tour of duty and the employee works to at least the end of his normal tour of duty.

The normal tours of duty for the Police Division are as follows:

| | | |

| Uniform Patrol and Community Policing Unit: | First Platoon | 0800 hours to 1600 hours |

Employees who become members of the Detective Division or Identification Bureau after July 16, 2015 may be assigned to the Second Platoon.*

Notwithstanding the foregoing, the Chief, the FOP, and the employee involved may agree to change the employee's normal duty hours provided that no employee's tour of duty shall be changed to circumvent overtime except in accordance with Article III, Section 2(f).

Section 2. Off-Duty Definition and Protection

Off duty shall be defined as those hours when each officer is not working an assigned duty shift or City-approved detail.

When an officer is off duty and finds it necessary to uphold the law the employee at that time shall be considered on duty. In such case, if the employee is injured, he will be considered to have been injured while on duty.

Section 3. Holding Over to Another Shift

In the event it becomes necessary to hold over employees from one work shift to the next, for reasons other than satisfying the minimum manning requirements, (except as otherwise noted in Section 8 of Article VI), the assignments needed to be filled shall first be offered to those employees who are working the current shift with the greatest rank seniority. In the event that all the assignments are not filled, then employees who are working the current shift with the least rank seniority shall fill said assignments; however, no employee shall be held over to fill said assignments on consecutive days.

Section 4. Call Back for Patrolmen

Call back shall be done on a rotating basis. Records for the rotational call back shall be maintained by the Police Division's Electronic Bidding System ("EBS") and shall be governed by the following rules:

(a) Notification of the call back shall be sent out by the EBS to Patrolmen to their text and/or or e-mail address as registered with the Police Division.

(b) The call back notification shall be posted for 25 minutes during which time those interested can bid for the call back assignment.

(c) A Patrolman shall accept the call back assignment by responding to the notification. Thereafter, the Patrolman shall be placed at the end of the so-called list.

(d) When a Patrolman is on vacation, he/she shall be eligible to be called back and these rules shall apply.

(e) A Patrolman called back to work shall be paid from the time of arrival to the end of that shift.

(f) In the event that a Patrolman does not call off the sick list and both that Patrolman and the Patrolman called back to work arrive for duty, then the Patrolman called back to work will work and be paid for a minimum of four (4) hours.

(g) In the event that all assignments are not filled, then Patrolmen with the least rank seniority shall be held over to fill said assignments.

(h) The EBS shall be made available for inspection by all members of the bargaining unit at any time.

Section 4.5 Call Back of Detectives for Patrol Positions

During the same 25-minute period referenced in Section 4(b), detectives may bid for the call back. If no Patrolmen bid for the call back, and before holding over any Patrolmen under the provisions of Section 3 of this Article, the call back shall be awarded to the detective with the lowest EBS number. Detectives working the call back shall be governed by the same terms and conditions as set forth in Section 4 of this Article and shall be required to wear the uniform of the day. Detectives called back under this section shall be paid at a detective's call back rate of pay.

Section 4.6 Call Back of Sergeants for Patrol Positions

During the same 25-minute period referenced in Section 4(b), sergeants may bid for the call back. If no Patrolmen or Detectives (pursuant to Section 4.5) bid for the call back, and before holding over any Patrolmen under the provisions of Section 3 of this Article, the call back shall be awarded to the sergeant with the lowest EBS number. Sergeants working the call back shall be governed by the same terms and conditions as set forth in Section 4 of this Article and shall be required to wear the uniform of the day. Sergeants called back under this section shall be paid at a sergeant's call back rate of pay. A sergeant who takes a call back under this section will bid for a beat or car post in accordance with department seniority notwithstanding the provisions of Article III, Section 1.

Section 5. Call Back for Supervisors

Call back for Sergeants, Lieutenants and Captains (who for the purposes of this section shall be grouped together) assigned to the Patrol Bureau and/or Administration Bureau shall be done on a rotating basis utilizing department seniority. Records for the rotational call back shall be maintained on a separate list in the EBS and shall be governed by the same rules set forth in Section 4 of this Article.

Supervisors may be called back to serve as a dispatcher under the following terms and conditions: (i) all dispatchers and Patrolmen have refused the call back; (ii) the supervisor has the ability to serve as a dispatcher; (iii) the supervisor being called back has no rank or seniority rights on that shift and shall not be deemed to be the OIC even if he has more rank or seniority than the supervisor assigned to the shift.

Section 5.5. Call Back of Detective Supervisors for Patrol Positions

During the same 25-minute period referenced in Section 4(b), Detective Supervisors may bid for the call back. If no patrol supervisors bid for the call back, and before holding over any patrol supervisor under the provisions of Section 3 of this Article, the call back shall be awarded to the Detective Supervisor with the lowest EBS number. Detective Supervisors working the call back shall be governed by the same terms and conditions as set forth in Section 5 of this Article and shall be required to wear the uniform of the day. Detective

Supervisors called back under this section shall be paid at a Detective Supervisor's call back rate of pay.

Section 6. Scheduled Overtime

Certain overtime assignments are reoccurring and/or for scheduled events—e.g. PTE, bike patrols, parades, fireworks, etc.—(hereinafter "scheduled events"). The City shall solicit officers of various ranks to declare a preference for each such scheduled event and each assignment thereto shall be filled on a rotating basis as far as practicable. If an inadequate number of employees volunteer to work the scheduled event, then the employees with the least rank seniority shall fill said assignment.

Section 7. Substitution

The right to substitute at any time within each bureau and division may be permitted; provided, however, that notice is given to the Platoon Captain or his designee at least twenty-four (24) hours prior to the proposed substitution. In the event that the request is denied, then the Platoon Captain or his designee shall state the specific reasons for said denial in writing at the time said request is denied.

If the substituting employee does not work the scheduled tour of duty, then the employee who was originally scheduled to work shall be charged with a vacation day.

The right to substitute shall also be limited as follows:

- Patrolmen may substitute for Patrolmen.
- Detective Patrolmen may substitute for Detective Patrolmen.
- Sergeants may substitute for Sergeants and/or Lieutenants on any platoon and/or Captains if from the same platoon.
- Lieutenants may substitute for Sergeants and/or Lieutenants on any platoon and/or Captains if from the same platoon.
- Captains may substitute for Sergeants and/or Lieutenants if from the same platoon, and/or Captains, and/or Majors.
- Detective Supervisors may substitute for Detective Supervisors.

Section 8. Minimum Manning

The parties agree that it is in their best interest to have a minimum number of police cars and/or cruisers manned by Patrolmen actually covering car posts within the City for each tour of duty. The parties further agree that in order to achieve that goal, it may be necessary to "call back" Patrolmen in order to satisfy the minimum levels established herein. In that context, the following is a schedule for the minimum number of patrol cars and/or cruisers required to actually be on the street answering calls during the following time periods:

| TIME PERIODS | NUMBER OF PATROL CARS AND/OR CRUISERS |
|-------------------------|--|
| 8:00 a.m. to 4:00 p.m. | Seven (7) district cars and two (2) two man cruisers |
| 4:00 p.m. to midnight | Seven (7) district cars and two (2) two man cruisers |
| 12:00 a.m. to 8:00 a.m. | Six (6) district cars and two (2) two man cruisers |

Whenever the above-named vehicles are not manned by virtue of lack of manpower on the shift, the City shall be required to call back a sufficient number of Patrolmen necessary to man said vehicles. Said manning shall be filled by seniority on a rotating basis. All Patrolmen shall be eligible to have their names placed on a "call-in list" for such purpose. Placement on said list shall be on a voluntary basis. All Patrolmen who sign up for said list shall be properly attired and physically able to perform such patrol duty as provided in the rules and regulations of the Police Division.

Patrolmen called back to satisfy the minimum manning requirements hereunder shall report to work (a) at the beginning of the tour of duty for which they have been called back (if they have been notified at least 90 minutes prior to the start of said tour); or (b) within 90 minutes of being notified (if they have been notified after the tour of duty has commenced). In the event that a patrolman fails to report for duty within the aforesaid time limits, the City shall be required to call back other officers in accordance with this section.

Patrolmen called back to satisfy the minimum manning requirements hereunder shall be paid at the rate of time and one-half his/her normal rate of pay commencing once they actually report to work.

The City shall be required to start seeking the necessary manpower to satisfy the provisions of this section of the Agreement as soon as it is evident that employees will have to be called back to work because other employees are out of work due to work-related injuries, vacations, and/or illnesses. In the event that employees who have been called back to work have not yet reported to work, in order to satisfy the minimum manning requirements set forth herein, then employees holding the rank of patrolman shall be held over in accordance with the provisions of Article VI, Section 3 until such time that the employee that has been called back to work actually reports to work.

Patrolmen permanently assigned to the Community Police Unit who are temporarily reassigned to the Patrol Division may be utilized to satisfy the staffing levels required under this section provided they continue to work a 5 & 2 schedule (Monday-Friday) on the first platoon during school vacations and continue to work a 4 & 2 schedule on the first platoon during the summer school recess.

ARTICLE VII

Section 1. Vacations

Employees who have been in the employ of the City for less than one (1) year as of July 1st in any contract year shall accrue vacation at the rate of 2.46 hours per week from the date of their hire until the first of July following the employee's first year anniversary. All employees of the Police Division who have been in the employ of the City for at least one (1) year but less than five (5) years shall be entitled to an annual vacation allotment of eighteen (18) working days (subject to the conditions set forth in the immediate preceding sentence). All employees who have been in the employ of the City for at least five (5) years but less than ten (10) years shall be entitled to an annual vacation allotment of twenty (20) working days. All employees who have been in the employ of the City for at least ten (10) years but less than fifteen (15) years shall be entitled to an annual vacation allotment of twenty-three (23) working days. All employees who have been in the employ of the City for fifteen (15) years but less than twenty (20) years shall be entitled to an annual vacation allotment of twenty-six (26) working days. All employees who have been in the employ of the City for twenty (20) years or more shall be entitled, to an annual vacation allotment of twenty-nine (29) working days.

For the purpose of determining date of employment with the City, the beginning date shall be the first date on which said employee began his present term of employment with the Police Division of the City.

Vacation time may be accumulated to a maximum of thirty-eight (38) working days. The date for computing an employee's accumulated vacation leave will be June 30 of the contract year. On that date, the City will determine the total number of vacation days each employee is entitled to. Any days in excess of thirty-eight (38) will be lost to the employee.

The vacation entitlement for each employee will be credited to him on July 1 of the contract year.

Section 1.5 Payment for Vacation Days

The City agrees that upon retirement of any employee covered by this Agreement, it will pay to that employee any and all unused vacation days which the employee has accumulated up to thirty-eight (38) days and earned up to twenty-nine (29) days under the

terms of Section 1 of Article VII to a maximum of sixty-seven (67) days. Payment for said earned and accumulated days shall be on the basis of the employee's daily rate of pay at the time of his retirement.

Section 2. Seniority

Vacations shall be granted within each bureau/platoon/division/section according to rank seniority.

Section 3. Paid Holidays

The following holidays shall be paid holidays for all members of the Police Division:

| | |
|---------------------------------------|------------------|
| Independence Day | Christmas Day |
| Second Monday in August (Victory Day) | New Year's Day |
| Martin Luther King Day | Labor Day |
| President's Day | Columbus Day |
| R.I. Independence Day | Veteran's Day |
| Police Memorial Sunday | Memorial Day |
| Easter Sunday | Thanksgiving Day |

An employee who is suspended without pay on one of the aforementioned paid holidays shall not be eligible for holiday pay on that particular holiday. The City agrees, however, that in suspending an employee it will not intentionally time the suspension so that it will coincide with a holiday, thus depriving the employee from the holiday pay.

Holiday pay shall be eight (8) hours pay of the employee's thirty-seven and one-half (37 ½) hour salary and shall be paid to each employee over and above his weekly salary, whether he works the holiday or not. Holiday pay will be added to the employee's annual salary for retirement pension purposes only.

The aforementioned holiday pay shall be paid to the employee in two (2) subsequent payments, on the first Friday in June and the first Friday in December.

Section 4. Personal Days

Employees shall be entitled to personal days in accordance with the following schedule. An employee must give twenty-four (24) hours' notice for his request for the personal day and no more than two (2) employees may be on personal day on the same shift at any time.

| <u>Years of Service</u> | <u>Number of Personal Days</u> |
|-------------------------|--------------------------------|
| 1-9 Years | 2 Days |
| 10-19 Years | 3 Days |
| 20 & Over | 4 Days |

Section 5. Vacation Selection

Vacations shall be selected each February. Each employee within each bureau or division shall be permitted a selection. After each employee within the respective bureau or division has made that selection, then a second selection shall be made. "Selection" for the purposes of this section means a continuous period of time ranging from one day up to the maximum number of days the employee is entitled to take as vacation.

After vacations are selected in the above-stated manner, the balance of an employee's vacation shall be selected on a first requested basis. However, with respect to this portion of the employee's vacation entitlement, an employee may not request such vacation time more than ninety-five (95) days in advance, and the request must be in writing or electronically mailed and dated. Vacations under this selection process shall be awarded ninety (90) days before the day(s) requested in accordance with seniority.

In order to afford employees in the Patrol Division an opportunity to have a summer vacation, any and all requests for vacation time during the months of June, July, August and September shall be granted unless three (3) non-supervisory employees are either on vacation or a personal day off; however, employees assigned to the Community Police Unit who are temporarily reassigned to the Patrol Division during school vacations or summer recesses and employees working a light-duty assignment shall not be counted towards the three (3) non-supervisory employees.

In order to afford supervisors in the Patrol Division an opportunity to have a summer vacation, any and all requests for vacation time during the months of June, July and August shall be granted for a minimum of two (2) supervisors. In calculating this two-supervisor

minimum, the City may take into consideration the number of Patrol Division supervisors who are on personal days off, special assignment or who are taking comp time.

Any and all requests for vacation time in the Patrol Division during the months of October through May shall be granted unless two (2) non-supervisory employees are either on vacation or a personal day off; however, employees assigned to the Community Police Unit who are temporarily reassigned to the Patrol Division during school vacations or summer recesses and employees working on a light-duty assignment shall not be counted towards the two (2) non-supervisory employees.

When an employee is transferred from one division, bureau or shift to another and vacation time has already been selected in accordance with the first paragraph of this section, no change shall be made with respect to the employee's chosen dates, and the transferred employee will not be counted in determining the number of employees who are either on vacation or a personal day off for the purposes of the three immediate preceding paragraphs of this section.

An employee who initially selected as a vacation day New Year's Eve, New Year's Day, Easter Sunday, Fourth of July, Thanksgiving, Christmas Eve or Christmas and later decides not to use that vacation day, then that vacation day shall be offered under the following terms and conditions: (a) if the officer who is giving back the vacation day is a patrolman, then that day shall be offered to other Patrolmen on that shift in accordance with department seniority; (b) if the officer who is giving back the vacation day is a supervisor, then that day shall be offered to other supervisors on that shift according to rank seniority.

ARTICLE VIII

Section 1. Clothing Allowance

The clothing allowance for all employees shall be Eight Hundred (\$800.00) Dollars. This sum shall be paid within thirty (30) days of July 1, in each year. However, should the City change any of the present uniforms, the City shall provide the initial cost of such uniforms for all employees. The City shall replace and repair authorized clothing and equipment including any personal corrective devices (i.e. eyeglasses, contact lenses and hearing aids) when the same shall be destroyed or damaged in the course of said employee's duties. The City shall also reimburse, up to \$200 per item, any other personal property normally worn by employees in their regular duties when the same shall be destroyed or damaged in the course of said employee's duties.

The terms and conditions of any HSA/HDHP to be established by the City shall be subject to bargaining between the parties.

ARTICLE X

Section 1. Sick Leave

Sick leave with pay shall be granted to all employees at a rate of one and two-thirds (1 2/3) [effective June 30, 2014, one and one-half (1 ½)] working days for each full calendar month of service; provided, however, that the Director of Public Safety may grant additional sick leave to an employee for good cause shown. Any employee who during the fiscal year uses less than four (4) sick days shall be granted additional personal days in the following fiscal year in accordance with the following schedule:

| <u>Sick Days Used</u> | <u>Additional Personal Days</u> |
|-----------------------|---------------------------------|
| 0 | 4 |
| 1 | 3 |
| 2 | 2 |
| 3 | 1 |

Sick leave is hereby defined to mean the absence from duty of any employee because of illness, bodily injury or exposure to contagious disease. A physician's certificate for sick leave with pay covering an absence of more than three (3) consecutive working days is required.

Attendance upon a member of the family within the household of an employee whose illness requires the care of said employee shall be considered as sick leave also, provided, however that not more than eight (8) working days with pay shall be granted for this purpose.

Employees shall be on the sick list for the entire calendar day and shall be required to call off the sick list within one (1) hour prior to the start of their shift or on the next calendar day, as applicable.

No one from the Police Division shall contact any employee between the hours of midnight and 6:00 a.m. for information regarding that employee's absence due to sickness.

Section 2. Funeral Leave

In case of death of a mother, father, wife, husband, child, brother, sister, grandfather, grandmother, mother-in-law, father-in-law, brother-in-law, sister-in-law, stepmother, stepfather, stepbrother or stepsister, each employee covered by this Agreement shall be entitled

to a leave of absence with pay from the time of notification of death to and including the day following the burial of the deceased. Where unusual travel conditions exist, such period may be extended at the discretion of the employee's department head.

In the case of employee's espousing faiths which have varying and different death customs, leave shall be provided to such employee in accordance with the custom of his particular faith. In the case of death of relatives other than as provided above, such leave of absence with pay shall be for not more than one (1) day to permit attendance at the funeral of said person, if the leave is first approved by the employee's department head.

Section 3. Unexpended Sick Leave

Employees of the Police Division who shall retire or die having to their credit unexpended sick leave shall be entitled to have paid to them or their designated beneficiary a lump sum payment equivalent to fifty (50%) percent of their accumulated unused sick leave, such accumulation shall not exceed two hundred (200) days. Said payment shall be determined at the time of the employee's retirement or death by multiplying one-half of the number of accumulated days of unused sick leave by their then current daily rate of pay based on a thirty-seven and one-half (37 ½) hour work week. Each employee is required to furnish on a form provided by the Personnel Office the name or names of designated beneficiaries of the death benefit.

Section 4. Donation of Time

An employee may elect with the approval of the Chief to donate any accumulated sick leave time, vacation time or comp time to another eligible employee within the Police Division. Any time donated by an employee shall be paid at the receiving employee's rate of pay.

In order to be eligible to receive a donation of accumulated time, the employee receiving the donation (a) must be suffering from a non-IOD related illness or injury; and (b) must have first exhausted all of his/her sick leave.

While an employee is using the donated time, he/she will not accumulate any additional sick leave (Article X, Section 1); however, said employee will continue to accumulate vacation time (Article VII, Section 1) and TC days (Article VI, Section 1).

An employee who donates any accumulated time under this section shall lose all rights and interest in said days.

Section 5. Maternity Assignment

The City shall provide for "Maternity Assignment" as follows: Upon notification in writing by a medical doctor of the employee's pregnancy, the employee shall work a 5 and 2 schedule (Monday-Friday) between the hours of 8:00 a.m. and 4:00 p.m. unless the parties agree otherwise. The employee shall receive the same rate of pay she was receiving prior to going on Maternity Assignment unless the employee is entitled to a promotion while on Maternity Assignment in which case she shall receive upon promotion the new increased rate of pay. In addition, and assuming the employee is working a 5 and 2 schedule, she shall be entitled to TC days in accordance with the provisions of Article VI, Section 1. Upon the termination of Maternity Assignment the employee shall be returned to her original assignment.

ARTICLE XII

Section 1. Injuries

An employee, who is injured in the line of duty or while performing any duty which if performed while on duty would have been considered a part of his employment, shall receive full salary while his incapacity exists or until he is placed on disability retirement. No federal or state income taxes shall be withheld during the period of incapacitation. In addition, all medical expenses (subject to the provisions of Section 2(b) below) in connection with such injury shall be paid for by the City.

No one from the Police Division shall contact any employee between the hours of midnight and 6:00 a.m. for information regarding that employee's absence due to a work-related injury.

For the purposes of this Agreement the term "injured in the line of duty" shall also include any illness contracted in the line of duty including any heart conditions. Similarly the word "injury" shall also include any illness including any heart condition.

For the purpose of this Agreement any employee of the Police Division who is totally disabled and unable to perform his/her duties because of a heart condition shall be presumed to have developed such disability as the result of the job-related activity.

The City agrees that an employee will be considered as injured in the line of duty if such injury occurs at any time while such employee is actually performing police work even though said member may not actually be on his regular tour of duty. The City may have the Police Division physician examine the employee to determine the extent of the employee's injury or whether it occurred in the line of duty. If the opinion of the employee's private physician is in conflict with that of the Police Division physician as to the extent of the employee's injury or whether it occurred in the line of duty, then the Medical Arbitration provisions set forth in Section 5 of this Article shall govern.

Section 2. Medical Care

Medical care for those injured in the line of duty shall be as follows:

- (a) Those members injured in the line of duty whose condition requires treatment or hospitalization shall utilize the medical benefits of the plan they have selected.

(b) The City will be responsible for all medical expenses enumerated in § 45-19-1 of the Rhode Island General Laws but only to the extent that said medical expenses are in excess of the coverage provided.

(c) When an employee has suffered a minor injury in the line of duty, which does not require the care of a physician, a report of the injury and treatment shall be made to the Chief in accordance with the rules and regulations; provided however that the failure to so report will not per se bar an employee of the benefits provided herein.

(d) In the event that the Police Division physician advises the Chief in writing that in his opinion an employee who is being carried IOD is able to return to work, then said employee shall be entitled to be examined by his private physician within a reasonable period of time (e.g. 30 days). If the opinion of the employee's private physician is in conflict with that of the Police Division physician as to whether or not the employee is able to return to work, then the Medical Arbitration provisions set forth in Section 5 of this Article shall govern. The employee shall continue to be carried in an IOD status until such time as the Chief receives a written report from the Medical Arbitration Physician indicating that the employee is capable of returning to work. Except in the case of an emergency, (in which case the employee shall notify his commanding officer prior to the scheduled appointment) if the employee should fail to attend the scheduled appointment at the Medical Arbitration Physician, the employee shall be removed from IOD status and shall not be entitled to any salary until such time that the employee is examined at the Medical Arbitration Physician.

(e) When an employee has suffered an injury in the line of duty and subsequently claims a recurrence of that injury, the employee shall provide a certificate from his private physician indicating that the employee is suffering from a recurrence of a previous in the line-of-duty injury and the employee shall be carried injured on duty from the date of the recurrence and then be examined by the Police Division physician. If the Police Division physician finds that the present condition is not related to the previous injury, the employee shall then be entitled to be examined by a physician who attended him for the original injury or such other physician as the employee so chooses. If the opinion of the employee's private physician is in conflict with that of the Police Division physician as to whether or not the

employee's condition is a recurrence of the previous injury in the line of duty, then the Medical Arbitration provisions set forth in Section 5 of this Article shall govern. If it should finally be determined that the injury is a recurrence of a previous injury in the line of duty, the City shall be responsible for payment of employee's medical expenses.

Section 3. Light-Duty Status

An injured employee, or an employee who is partially disabled in any circumstance where he is not confined to his home and where he is determined capable of performing light duty assignments, shall be required to work light duty status, provided the following holds true:

(a) Capability to perform light duty shall be determined by the member's physician alone, or at the City's election, the member's physician and the City physician. If they fail to agree, then the Medical Arbitration provisions set forth in Section 5 of this Article shall govern.

(b) Light duty assignments will be defined as clerical work, front office work, or the Control Center. Cell Block shall not be a light duty assignment.

(c) No employee shall be required to leave the station while on light duty.

(d) Prior to reporting to light duty, the employee must be informed of the type of work he must do and the shift to which assigned. This must be done before the examination of the impartial physician referred to in subparagraph (a) above. This will aid the doctors in determining if light duty is possible.

(e) The employee must be granted time off for doctor's visits or therapy.

(f) Light duty assignments shall in no way further impair or add to the employee's injury.

(g) It is not the intent of this section to in any way circumvent the terms of R.I. Law 45-19-1 as amended, 1956.

(h) Employees assigned to light duty assignments shall work a 5 and 2 schedule (Monday-Friday) between the hours of 8:00 a.m. and 4:00 p.m. unless the parties agree otherwise. In addition, employees working that schedule shall be entitled to TC days in accordance with Article VI, Section 1. At the end of the light duty assignment, the employee

shall be returned to his/her original assignment. Notwithstanding the foregoing, employees assigned to a 4-2 work schedule may choose to remain on that schedule to work the light duty assignment and shall remain on their regular shift unless they agree to work a different shift.

(i) Effective February 23, 2001, an employee shall not be assigned to light duty for a period of longer than eighteen (18) months commencing on the date of his/her assignment to light duty.

(j) Employees ordered back to work light duty must be given at least 48 hours' notice.

(k) Any employee on light-duty status may elect to work overtime in light-duty assignments as defined in (b) above.

Section 4. Subrogation

The City shall be subrogated against any third party for any and all benefits paid to or on behalf of any member of the bargaining unit, if said bargaining unit member receives payment from said third party. The attorney for the member of the bargaining unit shall be entitled to a reasonable fee for collecting said monies from said third party.

Section 5. Medical Arbitration

If the opinion of the employee's private physician is in conflict with that of the Police Division physician with respect to the matters set forth in Section 1, paragraph 4 (extent of injury or if in the line of duty); Section 2(d) (able to return to work); Section 2(e) (recurrence of previous injury); and/or Section 3(a) (capable of performing light duty) of this Article, then the employee shall be required to be examined by a medical arbitrator physician ("MAP") whose decision on the issue shall be conclusive on the parties. The following shall be the procedure to select the MAP:

- The MAP shall be mutually agreed upon by the employee's physician and the Police Division physician.
- In the event that the employee's physician and the Police Division physician are unable to agree to a MAP, then the FOP shall name two physicians and the City shall name two physicians and one name shall be chosen by a lottery method.

Any MAP chosen through the above process shall be a physician who specializes in the area of the employee's complaint or injury. However, no MAP shall be a physician (or affiliated with a physician) who has previously treated or examined the employee (as either a treating physician or a Police Division physician) for the complaint or injury for which the member is seeking treatment under this Article.

The MAP shall examine the employee and shall render a written opinion with respect to which of the above questions is in dispute between the employee's physician and the Police Division physician, which report shall be delivered to the Chief and to the employee.

The cost of any MAP examination shall be paid for by the City.

Neither the City nor any of its representatives, nor the FOP nor any of its representatives, shall communicate *ex parte* with any MAP regarding the employee's physical condition, the type or length of treatment to be provided/received, the employee's capability of returning to work, and/or any other aspects of the employee's IOD status. If the City or any of its representatives communicates *ex parte* with any MAP, then the opinion of the employee's treating physician shall be binding. Notwithstanding the foregoing, however, a designated representative of the City and a designated representative of the FOP may jointly contact any MAP in order to address any questions or issues concerning the employee's physical condition, the type or length of treatment to be provided/received, the employee's capability of returning to work, and/or any other aspect of the employee's IOD status.

ARTICLE XIII

The City agrees to furnish each member of the Police Division with a complete set of Rules and Regulations governing the Police Division including all General Orders and/or Memoranda purporting to amend said Rules and Regulations.

Section 2. Expungement of Disciplinary Records

An employee who is retiring, voluntarily leaving, and/or applying for an employment position outside the Department and whose personnel file contains any evidence or documentation of disciplinary action resulting from a minor infraction of Department Rules and Regulations may apply to the Chief to have said evidence or documentation expunged from the file. The Chief's decision to expunge shall not be unreasonably withheld and shall be subject to review by way of the grievance procedure which is set forth under Article XVI.

Section 3. Documents Placed in Employees' Files

Before any document concerning an employee's performance (whether complimentary or disciplinary) can be placed in a file maintained by the City or the Department, both the Chief and employee must sign and date the document. Signing of any such document by the employee shall not be construed as to their agreement with the contents of the document, just the fact that they have been made aware of the document. In the event the employee refuses to sign the document, an FOP representative shall sign and date the document.

(h) The Detail Officer shall have control of the detail system (i.e. EBS) and the responsibility of ensuring the proper operation of all details.

In the event there is a violation of a departmental regulation while on a detail, the employee shall not be subject to both (1) the imposition of the penalties set forth above and (2) the punishment or penalties that the Chief may attempt to impose by bringing departmental charges. B. There has been a violation, misinterpretation, or a misapplication of the provisions of this Agreement or violation of any established policy or practice; or

C. An employee's health, safety or liability is jeopardized by a condition which is possible to correct.

In addition to the foregoing, employees covered by this Agreement shall have the right to grieve any disciplinary action whether it involves the Policemen's Bill of Rights or not. The failure to grieve any such disciplinary action will not be considered as establishing past practice.

Section 2. Grievance Procedure

Alleged grievances of employees of the Police Division in respect to wages, rates of pay, working conditions or other terms or conditions of employment set forth in this Agreement and which arise under this Agreement or in connection with the interpretation thereof, shall be handled in accordance with the following procedure:

A. An employee having a grievance shall, in writing, bring the grievance to the attention of the Grievance Committee of Pawtucket Lodge No. 4 within ten (10) days from the date of the event giving rise to the grievance or the grievant's knowledge thereof. If, in the judgment of the Committee, the nature of the grievance justifies further action, it shall, through the President of the FOP or his designee, file the grievance in writing with the Chief or his designee.

B. The Chief or his designee shall meet with the President of the FOP or his designee within ten (10) days of the receipt of a request from said officer or the FOP which must be made at time of filing unless otherwise mutually agreed. If either party feels it is necessary, the employee or employees involved in the grievance shall be ordered to appear before the Chief or his designee and the President of the FOP or his designee for the purposes

of testifying on the grievance. Within ten (10) days (unless otherwise agreed) of the first meeting between the Chief or his designee and the President of the FOP or his designee, the Chief shall render his decision, in writing, a copy of the same to be delivered to the President of the FOP or his designee.

C. If the decision of the Chief or his designee is not acceptable to the FOP, then the Director of Public Safety or his designee shall meet with the President of the FOP or his designee within ten (10) days of the receipt of the unacceptable decision of the Chief. D. If the decision of the Director of Public Safety is not acceptable to the FOP, it may request an assignment of an arbitrator by the American Arbitration Association. The arbitrator shall have no authority or power to add to or subtract from the terms and conditions of this Agreement. Unless the parties agree otherwise, reasonable attorney's fees of both parties and all AAA expenses including the neutral arbitrator's fees, shall be paid by the non-prevailing party. In arriving at the reasonable attorney's fees, the arbitrator will decide the hourly rate and the number of hours to be charged against the non-prevailing party. In arriving at said hourly rate, the arbitrator may draw upon and consider all sources provided by the parties which may include the hourly rate calculated from the gross salaries of attorneys employed by the City Solicitor's Office, as well as the hourly rate charged by the FOP attorney and/or the hourly rate charged by outside counsel in the event such are employed by the City.

E. The decision handed down by this arbitrator shall be submitted to the Director of Public Safety and the Chief and shall be binding in nature in all matters.

Section 3. Grievances Filed by Pawtucket Lodge No. 4

In addition to the foregoing grievance procedure, Pawtucket Lodge No. 4 shall have the right to initiate a grievance as a grievant on its own behalf by filing same in writing with the Chief. “Salary” shall include a member’s base pay, holiday pay, longevity pay, shift differential, compensation paid to supervisors in lieu of overtime and out-of-rank pay.

“Final Average Salary” shall mean the average of the three (3) years of salary calculated as follows: The member’s annualized rate of pay on the date of retirement shall be considered as one (1) year of salary. The second and third years of salary shall be the two (2) highest years of salary (calendar years) within the last ten (10) years prior the member’s retirement date.

Section 3. Vested Pension Benefit

Members’ pension benefits shall be vested after ten (10) years of service. However, an employee leaving the employment of the City before serving twenty (20) years shall not be entitled to their pension benefits until their twentieth (20th) year anniversary from their date of hire (hereinafter the “Normal Retirement Date”). Furthermore, an employee leaving City employment before his Normal Retirement Date shall not be entitled to retiree health benefits.

Section 4. Retirement Benefit

Members of the system shall receive a pension benefit of two and one-half (2 ½ %) percent for each year of service up to and including their twentieth (20th) year of service, or fifty (50%) percent. The benefit shall be based on the member’s Final Average Salary.

Section 5. Additional Benefit after Twenty Years of Service

Members who do not retire upon completion of twenty (20) years of credited service in the Police Division shall be entitled to an additional retirement benefit of three (3 %) percent for each year of service for the next three (3) years and four (4) months (i.e. an additional ten

(10%) percent); and two (2%) percent for each year of service thereafter to a maximum of seventy (70%) percent. The benefit shall be based on the member's Final Average Salary.

Notwithstanding the foregoing, members who will have twenty-three (23) years and four (4) months of service as of July 1, 2014 shall be entitled to an additional retirement benefit of three and one-third (3 1/3%) percent for each year of service to a maximum of seventy (70%) percent; and this additional benefit shall begin to accrue retroactively from July 1, 2013. The benefit shall be based on the member's Final Average Salary.

If the sum of the member's years of service plus age totals ninety (90) or more as of July 1, 2014, then said member shall be entitled to a pension benefit of seventy (70%) percent notwithstanding the above calculations. However, the earliest that said member shall be entitled to a COLA would be July 1, 2017.

This total and permanent disability benefit would continue for the period of disability or until the employee reaches his Normal Retirement Date, at which time he would be transferred to the retirement list and would receive his normal retirement benefit as if he had not been disabled; provided, however, that such reduced benefit shall still be considered as a disability pension in accordance with the City Ordinance.

An employee who becomes totally and permanently disabled after completing twenty (20) years of service shall be entitled to the benefits set forth in the first paragraph of this section during the period of his disability or until he reaches the date of completion of twenty-five (25) years of employment in the Police Division at which time he shall receive the normal pension benefit determined in accordance with the provision of Section 5 hereof; provided, however, that such pension benefit shall still be considered as a disability pension in accordance with the City Ordinance.

An employee who becomes permanently disabled may, at the discretion of the City, be placed upon the retirement rolls without the requirement of waiting eighteen (18) months as currently required by ordinance. If necessary, said ordinance shall be amended to incorporate the provisions of this subsection.

Employees who receive a non-service connected injury which renders them totally and permanently disabled from performing any duties, shall be eligible for placement on the disability pension rolls once they have been off duty for a period of thirty (30) work days unless the injured employee has been on the job for less than two (2) years in which case the employee need only be off duty for a period of fifteen (15) days before being placed on the disability pension rolls.

In the event that there is a disagreement between the employee's physician and the Police Division's physician as to whether or not the injured employee is totally and permanently disabled or is able to return to work, then any such dispute shall be resolved in accordance with the provisions of Article XII, Section 2(d).

Section 10. Widow and Dependents' Benefit

In the event that an employee with less than twenty (20) years of service dies prior to his retirement and is survived by a spouse or children, the spouse shall be entitled to a pension benefit equal to fifty (50%) percent of the employee's highest salary plus an additional ten (10%) percent for each dependent child under twenty-one (21) years of age. Said benefits not to exceed a total of seventy (70%) percent of employee's highest salary and said benefits shall be continued during the lifetime of the spouse or until the spouse remarries.

Thereafter, if the retiree left a surviving spouse, said spouse shall receive sixty-seven and one half (67 ½ %) percent of the retiree's monthly retirement benefit for the

remainder of the spouse's life or until the spouse remarries (unless the provisions of Article XVIII, Section 12 (In Line-of-Duty Death) apply).

Section 11. Employee's Pension Contribution

For the benefits provided in this Article XVIII, each employee shall contribute 9% of his normal weekly salary commencing on his first date of employment with the City, which amounts shall be applied by the City towards the pension benefits provided under Article XVIII.

The spouse of an employee killed in the line of duty shall continue to receive all benefits under this Agreement and/or City ordinance even after said spouse remarries.

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage Period: 07/01/2016 - 06/30/2017

Coverage for: See below Plan Type: PPO

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at www.BCBSRI.com or by calling 1-800-639-2227 or (401) 459-5000.

| Important Questions | Answers | Why this Matters |
|---|---|---|
| What is the overall <u>deductible</u> ? | For Out-of-Network providers \$100 for an individual plan / \$200 for a family plan. Doesn't apply to services with a fixed dollar copay and prescription drugs. | You must pay all the costs up to the <u>deductible</u> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <u>deductible</u> starts over (usually, but not always, January 1st). See the chart starting on page 3 for how much you pay for covered services after you meet the <u>deductible</u> . |
| Are there other <u>deductibles</u> for specific services? | No. | You don't have to meet deductibles for specific services, but see the chart starting on page 3 for other costs for services this plan covers. |
| Is there an <u>out-of-pocket limit</u> on my expenses? | Yes. For In Network providers \$6350 for an individual plan / \$12700 for a family plan. For Out-of-Network providers \$6350 for an individual plan / \$12700 for a family plan. | The <u>out-of-pocket limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. |
| What is not included in the <u>out-of-pocket limit</u> ? | Premiums, balance-billed charges and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Is there an overall annual limit on what the plan pays? | No. | The chart starting on page 3 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits. |
| Does this plan use a <u>network</u> of <u>providers</u> ? | Yes, this plan uses in-network providers. See www.BCBSRI.com or call 1-800-639-2227 or (401) 459-5000 for a list of participating providers. | If you use an in-network doctor or other health care <u>provider</u> , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network <u>provider</u> for some services. Plans use the term in-network, <u>preferred</u> , or participating for <u>providers</u> in their <u>network</u> . See the chart starting on page 3 for how this plan pays different kinds of <u>providers</u> . |

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example; if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use In Network **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✘ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✘ **No.** Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✔ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✔ **Yes.** An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

In addition, if covered, crowns, bridges, partials and complete dentures are paid when the permanent structure is inserted (seated) by the dentist. Member coverage must be active on the date that the permanent structure is inserted and payment is based on benefits available on that day — for example, if the member's annual maximum has been paid prior to the insertion of the permanent structure, the service will not be paid.

Time limits on services (e.g. 2, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1st, it will not be covered again until the following year on July 2nd after.
