Honorable Town Council
West Greenwich, Rhode Island

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Town of West Greenwich for the fiscal year ended June 30, 2013.

This report consists of management's representations concerning the finances of the Town of West Greenwich. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of West Greenwich has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of West Greenwich's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of West Greenwich's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of West Greenwich's financial statements have been audited by Nadeau Wadovick LLP, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of West Greenwich for the fiscal year ended June 30, 2013, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Town of West Greenwich's financial statements for the fiscal year ended June 30, 2013, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of West Greenwich's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

The Town operates under a Home Rule Charter adopted in 1996 providing for election of a council of five members. Elected officials include the Town Moderator, (who presides at all financial Town Meetings), Town Clerk, School Committee (3 members), and Town Sergeant. All elected officials have two-year terms, with the exception of the School Committee, who serve four-year staggered terms.

The Town of West Greenwich, Rhode Island is located in Kent County, approximately twenty-five (25) miles south of Providence, along Interstate 95. The State of Connecticut lies to the west, while the Towns of Coventry, West Greenwich and East Greenwich share the northern, southern and eastern boundaries, respectively. The Town comprises approximately 33,000 acres or 51 square miles. West Greenwich has a population of approximately 6,135 full time residents. The Town is characterized as a rural community with numerous active farms, forested areas and open meadows. Industry consists primarily of the Technology Park.

Appointed officials, as provided in the Charter, include the Town Administrator, Town Treasurer, Deputy Town Clerk, Deputy Treasurer, Tax Collector, Deputy Tax Collector, Director of Human Services, Sealer of Weights and Measures, Rescue Person, Animal Control Officer, Police Chief, Constables, Building and Zoning Inspector, Judge of Probate Court, Town Solicitor, Planning Board, Town Planner, Zoning Board, Tax Assessor, Highway Supervisor, Corder of Wood, Tree Warden, 911 Coordinator, Conservation Commission, Board of Assessment Review, Juvenile Hearing Board, and Emergency Management Director.

The existing and potential future impacts that are imposed upon the Town's natural and cultural resources by increased development are numerous. The Town's attraction to early settlers, which drew residents to this community, now faces disruption by increasing demands placed on them by the growing population. Mitigating the effects of human habitation on the Town's natural resources while providing a balanced climate in which residents can live, work and play is the current challenge of the Town.

REPORTING ENTITY AND ITS SERVICES

This report includes all the funds of the Town.

The Town of West Greenwich provides a full range of services. These services include public safety, streets, recreation and parks, education, health and welfare and general administration.

ECONOMICS, CONDITIONS AND OUTLOOKS

West Greenwich has a full-time Town Planner and a part-time Planning Board. It has a Building Code, Minimum Housing Standards Code, Building Regulations and Zoning Ordinance. The Comprehensive Plan was adopted in 1995.

It is becoming increasingly difficult to maintain the Town's rural character and low tax rate. The Town is researching the possibility of economic growth through the aggressive efforts to attract new business. The Town is also in the process of researching growth management measures to be implemented in the future. As of June 30, 2013, West Greenwich had an unemployment rate of 6.6%.

MAJOR INITIATIVES

An amended Comprehensive Plan, which was mandated by the Rhode Island Comprehensive and Land Use Act of 1988, was formally adopted by the Town Council in December, 1995. The Plan will guide the Town's development over the next 20 years. A 5-year review was completed by the Planning Board and submitted to Statewide Planning in May of 2006. The Town continues to wait for formal state approval.

FOR THE FUTURE

The Town established an Affordable Housing Plan Task Force and completed the State-mandated Affordable Housing Plan which was submitted to the Statewide Planning Office during December, 2004, and approved during the fiscal year ended June 30, 2006. The Town is currently drafting ordinances to implement the plan.

A grant was received during 2007 for \$200,000 for the construction of the future public safety building. As of June 30, 2013, funding remains restricted until future use.

DEPARTMENTAL ACCOMPLISHMENTS

The Department of Public Works completed various road paving and improvement projects.

The Legislative, Judicial, and General Administrative Department have been downsized and all of the clerks have been cross-trained in department duties.

The Town of West Greenwich has a website available. Work has been completed on the links to various departments. Meetings and minutes are now being posted for the public. The web site address is www.wgtownri.org.

FINANCIAL INFORMATION AND CAPITAL PROJECTS

During fiscal year ended June 30, 2007, the Town purchased a conservation easement on 1,674.15 acres. The purchase of the conservation easement totaled \$8,000,000. The Town, on August 15, 2006, issued \$8,000,000 in general obligation bonds in order to obtain funding to acquire the conservation easement. The unpaid balance at June 30, 2013 was \$6,555,000.

During fiscal year ended June 30, 2007, the Town obtained financing from the Rhode Island Clean Water Finance Agency totaling \$338,500. The loan was obtained to offset prior and future expenditures associated with the Town meeting certain clean water regulations. At June 30, 2013, the Town had drawn \$220,593 of the funding. The remaining amount, \$117,907, will be released once expenditures submitted by the Town have been approved. The unpaid balance at June 30, 2013 was \$127,593.

MUNICIPAL SERVICES

West Greenwich's cost-conscious government provides services traditional to a rural community. Sound financial management, has provided for the expansion of services to its citizens at a moderate rate.

Highlighting these services are:

- Full time Police Department with a staff of 18.
- Increase in budget for fire and rescue operations and equipment.
- Support a public school system and initiate renovations.

AUDIT

In accordance with the Town's Charter and State statute an audit of the financial statements has been completed by the Town's independent Certified Public Accountants, Nadeau Wadovick LLP, and their opinion is included herein.

REPORTING ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of West Greenwich for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2012. This was the sixth consecutive year that the Town of West Greenwich has achieved this award. The Certificate of Achievement

is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

I would like to thank members of the Treasurer's Office and the Assessor's Office as well as the Town Clerk and Town for their cooperation throughout the year.

I would also like to thank the Town Council for the confidence shown in our department and for their contribution to maintaining the financial integrity of the Town.

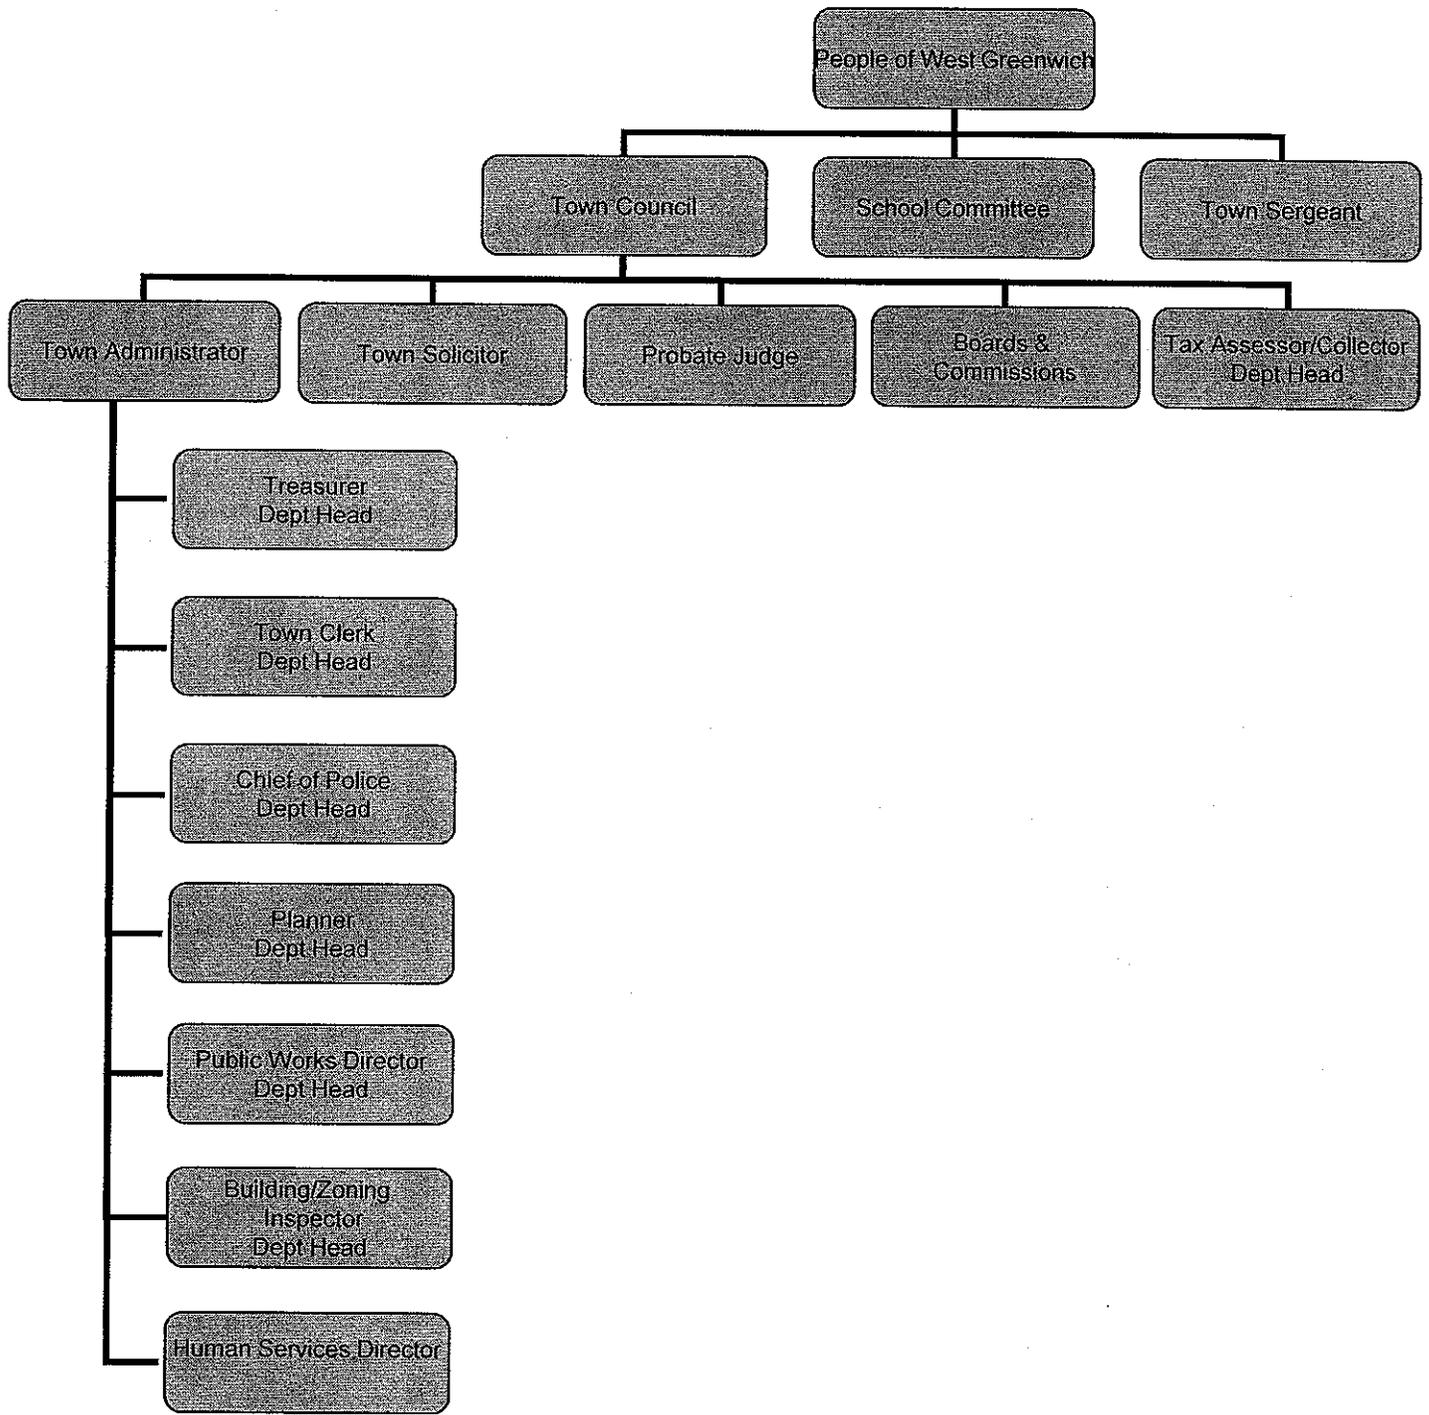

Sincerely,

A handwritten signature in cursive script that reads "Danielle L. Andrews".

INDEPENDENT AUDITORS' REPORT

To the Honorable Town Council
West Greenwich, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island (Town), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island as of June 30, 2013, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison and pension information on pages 4 – 7 and 35 – 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, other supplementary information and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplementary information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2013, on our consideration of the Town of West Greenwich, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion

on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of West Greenwich, Rhode Island's internal control over financial reporting and compliance.

TOWN OF WEST GREENWICH, RHODE ISLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
Unaudited
Fiscal Year Ended June 30, 2013

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – Management's Discussion and Analysis, the basic financial statements, required supplementary information and other supplemental information that presents combining statements for nonmajor governmental funds and fiduciary funds. The basic financial statements include two types of statements that present different views of the Town of West Greenwich. The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall financial status. The remaining statements are fund financial statements that focus on individual parts of the Town's government, reporting the Town's operations in more detail than the government-wide financial statements.

Government-wide financial statements – The government-wide financial statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's net position and how they have changed. Net position, the difference between the Town's assets and liabilities, are one way to measure the Town's financial health or financial position.

The government-wide financial statements of the Town are divided into two categories:

- Governmental activities – Most of the Town's basic services are included here, such as the police, fire, public works, court, streets, recreation, library, solid waste disposal, parks departments, and general administration. Property taxes, state-shared revenue, charges for services, and court revenues provide most of the funding.
- Business-type activities – The Town charges fees to customers to help it cover the costs of certain services it provides. The Town did not have any business-type activities during the fiscal year ended June 30, 2013.

Fund financial statements – The fund financial statements provide more detailed information about the Town's most significant funds – not the Town as a whole. Funds are accounting devices that the Town uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and bond covenants. The Town Council establishes other funds to control and manage money for particular purposes.

The Town has two kinds of funds:

- Governmental funds – Most of the Town's basic services are included in governmental funds, which focus on how cash and other financial assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending. The governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs.
- Fiduciary fund – The Town is responsible for ensuring that the assets reported in this fund are used for their intended purpose. All of the Town's fiduciary activities are reported in a separate statement of fiduciary net position. These activities are excluded from the Town's government-wide financial statements because the Town cannot use these assets to finance its operations.

FINANCIAL OVERVIEW

The Town of West Greenwich had a total net position of \$7,269,637 and \$6,816,280 at June 30, 2013 and 2012, respectively. The Town's total net position increased \$453,357 primarily due to a \$415,206 increase in property tax revenue and a \$54,830 decrease in public safety expenses. The Town has decided to re-appropriate net assets totaling \$400,000 into fiscal year 2013/2014. In a condensed format, the table below shows a comparison of the net position as of the current date to the prior year:

GOVERNMENTAL ACTIVITIES

Revenue for governmental activities totaled \$18,561,028 in 2013. A total of \$17,640,700 was in the form of property tax revenue that reflects an increase in the total mill rate, and increases in existing property valuation. State-shared revenues provided \$323,558 in 2013 which is an increase of \$43,190 from 2012. The State has passed their budget for 2014, which was adopted showing revenue sharing to be flat. Charges for services generated \$291,612 in 2013.

CURRENT ECONOMIC EVENTS

As of the date of this audit, the Town of West Greenwich remains very stable with an accumulated surplus of \$3,846,555 compared to last year's accumulated surplus of \$3,493,291.

The Town completed a State-mandated statistical reevaluation in 2010 which is reflected in the 2012 budget and tax rate. Taxes have remained relatively stable and our commercial/industrial tax base contributes roughly 27% of our local tax revenue. The Town initiated a "Homestead" exemption during 2005 which allowed for a 27% reduction in the residential tax rate. This "Homestead" exemption was reduced in 2011 to 14%. As of June 30, 2013, our commercial/industrial rate is \$22.30, our residential rate is \$22.30, and our vacant residential property rate is \$15.89.

A great deal of effort is put forth by the various Town boards to ensure that the Town grows at a manageable rate.

FINANCIAL ANALYSIS OF TOWN FUNDS AND BUDGETS

The General Fund ended 2013 with a total fund balance of \$2,949,485 (compared to \$2,529,797 in 2012), with a designation of \$400,000 for appropriation in fiscal year 2014. Several factors affected operating results including the reduction in State funding and a continued general economic slowdown. The total fund balance of the General Fund increased by \$419,688. This increase was greater than budgeted (Town budgeted no increase or decrease). The increase in fund balance was higher than expected and was due to favorable budget variances in all aspects of the Town's operation. Revenues were favorable in all areas. Expenditures were favorable in all areas except debt service – principal and debt service - interest.

The General Fund total expenditures were 102.15% of the original budget. The debt service – interest was under-expended by \$57 under the original budget because prior-year capital acquisitions were paid off in 2012.

The aggregate Fund Balance of Nonmajor Other Governmental Funds decreased during 2013 by \$48,963.

CAPITAL PROJECTS

During fiscal year 2013, the Town acquired the following capital assets:

- (1) Pavilion;
- (1) Bobcat E35 Compact Excavator;
- (1) 2012 Crown Victoria police cruiser;

For more information on Capital Assets, see Note 5.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting methods and procedures adopted by the Town of West Greenwich, Rhode Island, conform to generally accepted accounting principles (GAAP) as applied to governmental entities. The following notes to the basic financial statements are an integral part of the Town's Comprehensive Annual Financial Report.

FINANCIAL REPORTING ENTITY

The Town of West Greenwich was incorporated in April, 1741. The Town is governed largely under the 1996 West Greenwich Home Rule Charter. It operates under a Town Council/Town Administrator form of government with a five-member Town Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services as authorized by its charter: public safety (police, fire, traffic safety, inspection, zoning and building); public works (sanitation, highways and streets, engineering and building maintenance); recreation; education; social services; and general administrative services.

The Town complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Position and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statements No. 14. Under GASB Statement No. 14, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate entities that meet any one of the following three tests:

Test 1 – The primary government appoints the voting majority of the board of the potential component unit and

- * is able to impose its will on the potential component unit and/or
- * is in a relationship of financial benefit or burden with the potential component unit;

Test 2 – The potential component unit is fiscally dependent upon the primary government unit.

Test 3 – The financial statements would be misleading if data from the potential component unit were not included.

The following entity was considered for classification as a component unit for the fiscal year ended June 30, 2013:

*Exeter-West Greenwich Regional School District

Although Exeter-West Greenwich Regional School District is a separate legal entity and met certain criteria listed above, it is considered a component unit of the Town of Exeter, Rhode Island and is presented in the Town of Exeter's financial statements.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2013

There are no other component units of the Town.

Recently Issued Accounting Standards

During the fiscal year ended June 30, 2013, the Town has implemented the following accounting pronouncements:

GASB Statement No. 61 – The Financial Reporting Entity: Omnibus. The adoption of this Statement did not have an effect on the Town’s financial statements or results of operations.

GASB Statement No. 62 – Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. The adoption of this Statement did not have an effect on the Town’s financial statements or results of operations.

GASB Statement No. 63 – Reporting Deferred Outflows, Deferred Inflows and Net Position. The adoption of this Statement provides a new Statement of Net Position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position. This Statement, however, did not affect the results of operations.

The Town will adopt the following new pronouncements in future years:

GASB Statement No. 65 – Items Previously Reported as Assets and Liabilities, is effective for the Town’s fiscal year ending June 30, 2014.

GASB Statement No. 66 – Technical Corrections – 2012 an amendment of GASB Statements No. 10 and No. 62, is effective for the Town’s fiscal year ending June 30, 2014.

GASB Statement No. 67 – Financial Reporting for Pensions an amendment of GASB Statement No. 25, is effective for the Town’s fiscal year ending June 30, 2014.

GASB Statement No. 68 – Accounting and Financial Reporting for Pensions an amendment of GASB Statement No. 27, is effective for the Town’s fiscal year ending June 30, 2015.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The Town had no business-type activities for the fiscal year ended June 30, 2013.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund balance, revenues, and expenditures. Funds are normally organized into three

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2013

major categories: governmental, proprietary and fiduciary. The Town of West Greenwich does not have any proprietary funds. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- (a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- (b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to the financial statement users (for example, because of public interest or consistency) may be reported as a major fund. All remaining governmental funds are aggregated and reported as nonmajor funds.

Governmental Funds

General Fund – The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specific purposes. The Town has eighteen special revenue funds. The following special revenue fund was considered to be a major fund at June 30, 2013:

- Open Space Protection

Permanent Funds – Permanent Funds account for assets held by the Town where the principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund. The Town's only permanent fund is for perpetual care of cemeteries and was determined to be a nonmajor fund.

Fiduciary Funds (Not included in Government-wide Statements)

Agency Funds – Agency Funds account for assets held by the Town in a purely custodial capacity. The reporting entity includes thirty agency funds. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations. The thirty-four agency funds are as follows:

Juvenile Hearing Board; Hoxie Farms Project Review Fees; Hoxie Farms Cash Maintenance Bond; Immunex Manufacturing Corporation Escrow Account; Victory Woods Project Review Fees; Bald Hill Compound Project Review Fees; Regina Estates Project Review Fees; Owl Ridge Project Review Fees; Fox Run Cash Performance Bond; Deer Run Estates Project Review Fees; Deer Run Estates Cash Performance Bond; Deer Run Estates Restoration Cash Performance Bond; Curb and Sidewalk Cash Bond Fund; Knight Estates Project Review Fees; Hopkins Hill Road Project Review Fees; Town Pizza Project Review Fees; G-Tech Campus Project Review

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement Focus

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) are presented using the “economic resources” measurement focus as defined in item (b) below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a) All governmental funds utilize a “current financial resource” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes as available if they are collected within sixty days after year end.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2013

- b) Under the “economic resources” measurement focus, the accounting objectives are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.
- c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities the activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Use of Estimates – The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements. Estimates also affect the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Cash and cash equivalents are carried at cost. Cash equivalents are all highly liquid investments with a maturity of three months or less when purchased. Substantially all of the Town’s cash and cash equivalents are held in public deposit institutions except for \$300 in unsecured petty cash. Pursuant to Section 35-10-1 of the Rhode Island General Laws, as of October 1, 1991, public deposit institutions are required to insure accounts which hold public funds in excess of \$250,000 which is guaranteed by the FDIC. The Town pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. Cash in excess of current requirements is invested in short-term treasury securities or as disclosed as part of the Town’s investments. The Town had no cash equivalents at June 30, 2013.

Accounts Receivable – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, other receivables and intergovernmental receivables.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2013

Accounts Receivable – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, other receivables and intergovernmental receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible accounts receivable amounted to \$421,659 at June 30, 2013. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables (100% and 0%, respectively of total governmental receivables).

Property Taxes – Real and personal property taxes are based on values assessed as of each December 31, (lien date) and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on August 31, November 30, February 28 and May 31, annually. Taxes due and unpaid after the respective due dates are subject to interest at the rate of 10% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes levied are recorded as receivables in the fiscal year of levy. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

Inventory, Prepaid Expenses, and Accruals – Expenditures for inventory-type items are not recorded as assets, but rather as expenditures at the time purchased. Prepaid expenses are not recorded within governmental funds. Accruals are recorded when liabilities are incurred.

Premium on General Obligation Bonds – In the Government-wide financial statements, premiums on general obligation bonds are capitalized and amortized over the life of the bonds, using the straight-line method. The premium is included in long-term debt obligations.

Interfund Transactions – Interfund activity within and among the funds of the Town have been classified and reported as follows:

Reciprocal interfund activities:

- Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.
- Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.

TOWN OF WEST GREENWICH, RHODE ISLAND
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 June 30, 2013

expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

Deferred Charges – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deferred charges in both government-wide and fund financial statements.

Capital Assets - The accounting treatment over property, plant and equipment depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide financial statements – All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation.

Capitalizable assets are defined by the management of the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year.

Depreciation of all exhaustible capital assets are recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	<u>Years</u>
Land improvements	10 – 25
Buildings	25 – 100
Improvements	10 – 25
Motor vehicles	7 – 15
Machinery and equipment	4 – 30
Office furniture and fixtures	5 – 20
Infrastructure (roads and bridges)	30 – 50

Fund Financial Statements – In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

General Obligation Bonds Issuance Costs – Bond issuance costs are amortized on a straight-line basis over 20 years. The total bond issuance costs as of June 30, 2013 were \$32,857. The accumulated amortization through June 30, 2013 was \$15,070.

Compensated Absences – Under the terms of various contracts and policies, Town employees are granted vacation and sick leave based on length of service. The Town's policy is to recognize the cost of vacation and sick leave in governmental funds when paid. The amount of earned but unpaid vacation and sick leave relating to governmental fund employees is recorded as long-term debt in the government-wide financial statements.

Unearned Revenue – In the government-wide financial statements, unearned revenue represents funds received in advance of being earned/owed or receivables which will be collected and included in revenues of future fiscal years. In the General Fund, (of the financial statements), unearned revenue includes property taxes receivable which were assessed on December 31, 2011 and prior and are not collected within 60 days following June 30, 2013. Net unearned taxes included in the fund financial statements were \$420,488.

Long-Term Obligations – In the government-wide financial statements, long-term debt and long-term compensated absences are reported as liabilities in the statement of net position. Bond issuance costs are deferred and amortized over the term of the related debt.

In the governmental fund financial statements, long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Bond issuance costs are expensed as incurred.

Net Position – The Town’s net position has been segregated into the following three components in accordance with GASB Statement No. 34:

Invested in Capital Assets, Net of Related Debt – represents the net book value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

Restricted – consist of net assets with constraints placed on the use either:

- 1.) Groups such as creditors, grantors, contributors, laws or regulations of other governments, or;
- 2.) Law through constitutional provisions or enabling legislation.

Unrestricted – All other net assets that do not meet the definition of “Restricted” or “Invested in capital assets, net of related debt”.

Fund Financial Statements – Governmental fund equity is classified as fund balance. Fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Restricted fund balance represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by the government’s highest level of decision-making authority. The Town Council votes to establish, modify, or rescind a committed fund balance. Assigned fund balance is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. The Town Council authorizes assigned amounts to specific purposes through a majority vote based on the Town’s needs. Unassigned fund balance is the residual classification for the general fund and represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. When both restricted and unrestricted resources are available for the same purpose, restricted funds are used first (committed, assigned, then unassigned).

Subsequent Events – The Town has evaluated subsequent events for recognition and disclosure through December 11, 2013, which is the date the financial statements were available to be issued.

NOTE 2 – CASH

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. It is the Town's policy to follow the requirements contained in Section 35-10.1-7 of the General Laws of the State of Rhode Island, dealing with the collateralization of public deposits, which requires that all time deposits with maturities of greater than 60 days and all deposits in institutions that do not meet the minimum capital requirements of its Federal regulator must be collateralized.

At June 30, 2013, the carrying amount of the Town's deposits were \$3,776,567 (including Fiduciary Funds) while the bank balance was \$3,913,439. Of the bank balance, \$352,519 was covered by federal depository insurance and \$3,560,920 was collateralized by securities held by the financial institutions and/or third parties in the name of the Town.

NOTE 3 – PROPERTY TAXES

The Town is responsible for assessing, collecting and distributing property taxes in accordance with enabling state legislation.

Net property taxes levied for the fiscal year ended June 30, 2013 were based on a net assessed value of \$806,508,642 at December 31, 2011 and amounted to \$17,700,512. Collections through June 30, 2013 amounted to \$16,903,764, which represents 95.50% of the total tax levy.

The Town recognizes property tax revenues in accordance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards on the Fund statements. Unpaid property taxes as of June 30, 2013 (\$1,245,146) are recorded as a receivable, net of an allowance for uncollectible property taxes of \$421,659. Those net property taxes receivable which were not collected within the 60 days immediately following June 30, 2013 are recorded as deferred revenue and amounted to \$420,488 at June 30, 2013. Property taxes recognized as revenue on the Fund statements for the fiscal year ended June 30, 2013 (due to their collection within the 60 days immediately following June 30, 2013) amounted to \$403,000.

On June 30, 2013, the Town levied property taxes for its next fiscal year based on the December 31, 2012 assessment as follows (unaudited):

	Taxable Assessment	Exemptions	Net Taxable Assessments	Rate Per \$1,000	Tax Levy
Real property	\$ 770,586,800	\$ 63,800,779	\$ 706,786,021	\$22.55	\$ 15,345,629

NOTE 4 – INTERFUND RECEIVABLES AND PAYABLES

The composition of interfund receivables and payables balances as of June 30, 2013 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Other Governmental Funds	\$ 10,000
Nonmajor Other Governmental Funds	General Fund	<u>477,838</u>
		<u>\$ 487,838</u>

These balances resulted from the short-term advances from one fund (primarily the general fund) to another fund. These advances were provided as either operating advances or reimbursement for expenditures that were paid by one fund on behalf of another fund. All balances are expected to be repaid at certain future dates.

Transfers between funds for the year ended June 30, 2013 are as follows:

Transfers In	Transfers Out	Amount
General Fund	Nonmajor Other Governmental Funds	\$ -
Nonmajor Other Governmental Funds	General Fund	<u>586</u>
		<u>\$ 586</u>

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 6 – LONG-TERM LIABILITIES

At June 30, 2013, the Town’s long-term debt consisted of the following:

General Obligation Bonds

On August 15, 2006, the Town borrowed funds to acquire a conservation easement on 1,674.15 acres. The total amount issued was \$8,000,000. The interest rates during the course of the bonds range from 4.00% to 6.50%. The bonds are scheduled to mature on June 30, 2027. The Town received a premium on the bond issue of \$127,341. The unpaid balance at June 30, 2013 was \$6,555,000.

Municipal Loans

On March 17, 2006, the Town entered into a loan agreement with the Rhode Island Clean Water Finance Agency (RICWFA) to finance various waterline expenditures incurred by the Town. The interest rate of this loan is 3.00% and is scheduled to mature on September 1, 2025. Terms of the loan call for annual installment payments; such payment amounts began at \$12,000 during the fiscal year ended June 30, 2007, and will increase on a bi-annual basis to \$24,500 during the term of the loan. The unpaid balance at June 30, 2013 was \$127,593.

Vacation, Sick Leave and Other Compensated Absences

The Town’s policy is to permit employees to accumulate a limited amount of earned but unused vacation and sick leave benefits, which will be paid to the employees upon separation from Town service. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditures and a fund liability of the general fund. Amounts not expected to be liquidated with expendable available resources are reported as long-term debt. In governmental funds compensated absence expenditures are only reported when matured. For the fiscal year ended June 30, 2013, the amount of vested or accumulated vacation and sick leave is not expected to be liquidated with expendable available financial resources, as such; amounts recorded for compensated absences are reported as long-term debt. No expenditures have been recorded in the general fund for these amounts.

At June 30, 2013 the Town’s obligation for compensated absences was as follows:

	<u>Vacation</u>	<u>Sick Leave</u>	<u>Other</u>	<u>Total</u>

NOTE 7 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED BENEFITS PLAN

The Town provides retirement benefits to its municipal employees through the Town's participation in the statewide *Municipal Employees' Retirement System of Rhode Island*.

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM OF RHODE ISLAND

The Town of West Greenwich participates in the Municipal Employees' Retirement System of Rhode Island (System), an agent multiple-employer defined benefit pension plan administered by the State of Rhode Island. The System includes a normal plan for general employees and both a normal and optional plan for police and firemen. The Town's general employees and police participate in the plan. The Police participate in the optional plan.

The payroll for Town employees covered by the System for the year ended June 30, 2013 was \$1,639,910.

The Municipal Employees' Retirement System of Rhode Island issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Employees' Retirement System of Rhode Island Board, 50 Service Avenue, Warwick, Rhode Island, 02886, or by accessing the Retirement Board's website at www.ersri.org.

Plan Description

The System generally provides retirement benefits as required by state statute equal to 2 percent of a member's final average salary multiplied by the number of years of total service up to a maximum benefit of 75 percent. Final average salary is the three highest consecutive years of earned salary exclusive of overtime, bonuses or severance pay. Such benefits are available to members at least age 58 with 10 years of service or after 30 years regardless of age.

Under the 25-year service pension normal plan, police and firemen may retire with unreduced accrued benefits at age 55 with 10 years of service or after 25 years of service regardless of age. The benefit accrual rate is 2 percent of final average salary per year of service.

Under the 20-year service pension optional plan, police and firemen may retire with unreduced accrued benefits at age 55 with 10 years of service or after 20 years of service with no restriction on age. This optional plan provides a benefit equal to 2.5 percent of final average salary per year of service.

The maximum benefit is 75 percent of such average salary under both the normal plan and the optional plan. Early retirement is only available to police and firemen under the normal plan.

The plan also provides non-service connected disability benefits after 5 years of service, service connected disability benefits with no minimum service requirement, survivors' benefits, and certain lump sum death benefits.

Employees are vested in their retirement benefits upon completion of 10 years of service. Members employed by municipalities who elect one of the optional COLA provisions, receive an increase equal to 3% of the original benefit each year beginning January 1 following the member's retirement.

Contributions Required and Contributions Made

General employees are required by State Statute to contribute 6 percent of their annual earnings. The contribution rate is increased to 7 percent with post-retirement cost-of-living increase. Police and firemen are required by State Statute to contribute 7 percent. The contribution rate is increased to 8 percent with post-retirement cost-of-living increase. The contribution rate is increased by 1 percent for the 20-year service plan.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 2013

The Town is required to contribute, based on an actuarially computed amount and as provided by State Statute, for each participating municipality. The actuarial method used is the entry age normal cost. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial accrued liability.

The actuarial accrued liability is divided into two pieces: (1) the unamortized initial base, and (2) the balance. The unamortized initial base is amortized as level payments over the 25-year period from June 30, 1988 (or the date the unit joined MERS, if later). The balance is amortized as a level percentage of pay for the current group of active participants.

Due to large fluctuations in the contribution rates of certain municipalities, the plan has adopted a procedure which allows an employer the option of paying a smoothed contribution rate. The smoothed contribution rate equals the previous fiscal year's contribution rate plus the greater of 2 percent or one eighth of the increase in contribution rate plus the cost of any benefit improvements.

The annual required contribution amount for the Town, which equals the annual pension cost, was determined as described above and was based on an actuarial valuation as of June 30, 2012. Significant actuarial assumptions used on the June 30, 2012 valuation include the following:

- Investment return – 7.50% compounded annually
- Inflation rate – 2.75%
- Net real rate of return – 4.75%
- Projected salary increases – a service-related component plus a 4.00% inflation component
- Cost of living adjustment – 4.00%, not compounded
- Actuarial value of assets – market value
- Amortization method – level percent
- Amortization period – closed

The contribution requirement for the Town of West Greenwich for the year ended June 30, 2013 was \$318,946 which consisted of the Town's contribution of: \$240,626 (General Employees - \$133,730; Police Officers - \$106,896) and employee contributions of \$78,320 (General Employees - \$17,800; Police Officers - \$60,520). The employee contributions for General Employees represents 1.08% of covered payroll. The employee contributions for Police Officers represents 3.69% of covered payroll.

Trend Information

There were no current year changes in actuarial assumptions, benefit provisions, or actuarial funding methods that would significantly affect the contribution requirement. The schedule of funding progress for the postemployment defined benefit plan immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits over time. Three-year trend information for the Town of West Greenwich is presented below:

Fiscal Year	GENERAL EMPLOYEES			MUNICIPAL POLICE		
	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2011	\$ 98,523	100%	\$ -	\$ 118,957	100%	\$ -
2012	\$ 122,181	100%	\$ -	\$ 142,631	100%	\$ -
2013	\$ 133,730	100%	\$ -	\$ 106,896	100%	\$ -

Trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the June 30, 2008 annual financial report of the State of Rhode Island's Employee Retirement System's, which may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Avenue, Warwick, Rhode Island. This report is the most recent report available from the State who administers the Plan.

NOTE 8 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED CONTRIBUTION PLAN

Plan Description

Employees participating in the defined benefit plan(s), as described above also participate in a defined contribution plan of the Employees' Retirement System as authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF and the Employees' Retirement System of Rhode Island (the System). Employees may choose among various investment options available to plan participants.

Employee contributions are immediately vested while employer contributions are vested after three years of contributory service. Contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

Plan Funding Policy – General Employees in MERS that Contribute to Social Security

The funding policy is outlined in RIGL chapter 36-10.3 (which can be amended by the Rhode Island General Assembly). Active non-police and fire members must contribute 5% of his/her compensation and the Town is required to contribute 1%. The plan members and the Town contributed \$43,379 and \$8,676, respectively, during the fiscal year ended June 30, 2013.

NOTE 9 – DEFERRED COMPENSATION PLAN

The Town offers its municipal employees a deferred compensation plan established in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to certain municipal employees, permits the deferral of a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death or unforeseen emergency.

The Town placed the deferred compensation plan assets into trust for the exclusive benefit of plan participants and beneficiaries in accordance with Governmental Accounting Standards Board (GASB) Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*.

The Town has little administrative involvement and does not perform the investing function for the plan. The Town does not hold the assets in a trustee capacity and does not perform fiduciary accountability for the plan. Therefore, the Town employees' deferred compensation plan created in accordance with IRC 457 is not reported in the financial statements of the Town.

NOTE 10 – CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

Pending or threatened lawsuits against municipal governments arise in the ordinary course of operations. Generally, in the opinion of the administration, the ultimate resolution of any legal actions will not result in a material loss to the Town. However, at June 30, 2013, there are several claims against the Town for which the Town's legal counsel is unable to determine the likelihood of an unfavorable outcome or the amount or range of potential loss.

NOTE 11 – RISK MANAGEMENT

The Town of West Greenwich is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town participates in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability claims and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its Members. Under the participation agreement, the Town is insured for amounts to \$3,000,000 depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years and the level and type of coverage has not changed in the past three years.

NOTE 12 – BUDGETARY AND LEGAL COMPLIANCE

Budgetary Data

The Town Council adopts an annual budget for the General Fund. The Town Council is authorized to transfer budgeted amounts within and among departments and to authorize emergency expenditures. Any revisions that alter total expenditures must be approved by the taxpayers by a vote at a Financial Town Meeting. Management cannot make any transfers without prior Council approval. The governing Council did not make any supplemental budgetary appropriations during the fiscal year. The budget for the General Fund is presented in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual. All unused annual appropriations lapse at fiscal year-end unless specifically approved for carryover to the following year by the taxpayers by a vote at a Financial Town Meeting.

The Town does not budget for the combined Special Revenue Funds since budgetary control is maintained on an individual fund basis. Since grant periods may differ from the Town's fiscal year, and although most grants comprise an annual time period not all grants operate on a twelve month period, a comparison of budgetary information may not be meaningful and has not been presented in the accompanying financial statements.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to preserve that portion of the applicable appropriation, is employed in the General Fund Budget. Open encumbrances are reported as reservations of fund balances. Encumbrances do not constitute expenditures or liabilities. There were no open encumbrances at June 30, 2013.

NOTE 13 – OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS (OPEB)

In addition to pension benefits, the Town provides post-employment benefits (health and dental insurance) to six employees who chose to exercise early retirement as of June 30, 2013. These benefits include health and dental insurance for the employee, and in some cases their spouse, and terminate when the employee reaches age 65. The Town pays between 80.00% and 91.50% of health insurance premiums and either 90.00% or 100.00% of dental insurance premiums. Annual premiums for each employee ranged from \$5,246 to \$12,391 for health insurance and \$438 to \$1,641 for dental insurance for the fiscal year ended June 30, 2013.

The cost of retirees' health and dental benefits is recognized as expenditure as premiums are paid. For the fiscal year ended June 30, 2013, these costs were \$33,231. The projected future obligation of these benefits, assuming a 5% annual cost increase, is \$90,732 as of June 30, 2013, and is scheduled to terminate by fiscal year 2016.

NOTES TO THE SCHEDULE OF FUNDING PROGRESS

Changes Affecting the June 30, 2012 Actuarial Valuation

The assumptions for the Municipal Employees' Retirement System are consistent with the 2011 valuation, with the exception of certain assumption changes that resulted from the enactment of the Rhode Island Retirement Security Act of 2011. The marriage assumption was modified to reflect the expected percentage of members that will be eligible for survivor benefits upon their death, the incidence of disability was lowered to incorporate a continued trend of significantly fewer incidents of disability than anticipated by the current assumption, and the missing data assumption was updated to incorporate an assumption for missing beneficiary data.

The methods used to determine the actuarial value of assets is the five-year smoothed market method. A small adjustment was made to the method used to smooth investment gains and losses to allow gains and losses to offset each other immediately. This modification will reduce future volatility in the actuarial value of assets while ensuring that the actuarial value always trends directly towards the market value of assets.

Changes Affecting the June 30, 2011 Actuarial Valuation

The retirement rates were modified to be consistent with the retirement eligibility changes instituted by the Rhode Island Retirement Security Act of 2011. Members that were assumed to retire prior to the Act, but before the earliest allowable age under the Act, are assumed to retire once eligible.

NOTE 1 – BUDGETARY – GAAP REPORTING RECONCILIATION

The accompanying Required Supplementary Information Schedule of Revenues, Expenditures and Changes in Fund Balance presents a comparison of the legally adopted budget (more fully described in Notes to Financial Statements – Note 11) with actual data on a budgetary basis. Because accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, entity and timing differences in the excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources for the year ended June 30, 2013 is presented below:

	<u>General Fund - GAAP Basis</u>
Excess of revenues and other sources over expenditures and other uses (Budgetary Non-GAAP Basis)	\$ 419,688
<i>Adjustments:</i>	<u>-</u>
Excess of revenues and other sources over expenditures and other uses (GAAP Basis)	<u>\$ 419,688</u>

OTHER SUPPLEMENTARY INFORMATION

Detailed financial statements for each fund are presented in a combining or individual fund statement under the dividers labeled accordingly.

NONMAJOR OTHER GOVERNMENTAL FUNDS

Special Revenue Funds:

Special Revenue Funds are used to account for revenues from specific taxes or other earmarked revenue sources which by law are designated to finance particular functions or activities of government, and which therefore cannot be diverted to other uses.

Library Grant – This fund accounts for grant-in-aid for library services received from the General Assembly of Rhode Island.

Public Safety Program Grants – This fund accounts for grants received from the RI Department of Transportation, the RI Department of Behavioral Healthcare, and the RI Emergency Management Agency to provide public safety programs.

Community Development Block Grants – This fund accounts for the Community Development Block Grants received to support the development of viable communities through the expansion of economic opportunities.

Land Trust – This fund accounts for the restriction of funds received to help fund the production of maps and to inform the public about preserving the Town's open space and rural character.

Fire Suppression – This fund accounts for the restriction of funds received designated for the purchase of fire suppression equipment.

Police/Vehicle Purchases – This fund accounts for the purchase of police vehicles and police equipment.

Records Restoration – This fund accounts for the restriction of money set aside for the purpose of records restoration as mandated by State law.

Spay/Neuter – This fund accounts for the restriction of money set aside to provide a low-cost spay/neuter program as mandated by State law.

Future Public Safety Building Construction – This fund accounts for money received and set aside for future public safety building construction.

Municipal Computer Server Replacement – This fund accounts for the restriction of money set aside for the future cost of replacing the Town's computer server.

West Greenwich Revaluation – This fund accounts for the restriction of money set aside for the future cost of the Town's periodic revaluation of real property.

Open Space and Recreation – This fund accounts for money received from approved subdivision payments as required in lieu of land dedications.

FEMA Public Disaster Assistance Grant – This fund accounts for the restriction of grant funds received to reimburse expenditures associated with public works projects related to the March 2010 flood.

Energy Efficiency Grant – This fund accounts for a grant received through the State of Rhode Island from the US Department of Energy – Energy Efficiency and Conservation Block Grant Program.

West Greenwich 300th Anniversary – This fund accounts for the restriction of funds received and set aside for the Town’s upcoming 300th anniversary to occur in the year 2041.

Asphalt Fund – This fund accounts for the restriction of money set aside for the future cost of asphalt.

Scrap Metal Fund – This fund accounts for the money set aside from the public works cleanup projects. Funding will be used for future costs of equipment replacement.

Technology Special Revenue Fund – This fund accounts for the restriction of money set aside for future cost of historic records preservation.

Permanent Funds:

Permanent funds are resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the reporting government’s programs – that is, for the benefit of the government or its citizenry.

Cemetery Care – This fund was established to account for assets received by the Town that are in the nature of a trust and are not expendable except for the maintenance of cemetery plots.

REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Honorable Town Council
West Greenwich, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island (Town), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements, and have issued or report thereon dated December 11, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of West Greenwich, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of West Greenwich, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of West Greenwich, Rhode Island's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of West Greenwich, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose
