## INDEPENDENT AUDITORS' REPORT

To the Honorable President and  
Members of the Town Council  
Exeter, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Exeter, Rhode Island (Town), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund

information of the Town of Exeter, Rhode Island as of June 30, 2014, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 – 10 and 40 – 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Exeter, Rhode Island's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2014, on our consideration of the Town of Exeter, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over

financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Exeter, Rhode Island's internal control over financial reporting and compliance.

NADEAU WADDICK LLP

Warwick, Rhode Island  
December 1, 2014

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Unaudited  
Fiscal Year Ended June 30, 2014

As the management of the Town of Exeter, we offer readers of the Town's Financial Statements this narrative overview and analysis of the Town's financial activities for the fiscal year ended June 30, 2014. Included within our discussion will be a series of comparative tables, serving to more clearly illustrate changes in the Town's financial position. These tables will reflect governmental activities for the fiscal years ended 2014 and 2013.

**FINANCIAL HIGHLIGHTS**

- ❖ The assets of the Town of Exeter exceeded its liabilities at the close of the most recent fiscal year ended by \$8,563,354. Of that amount, \$3,193,603 may be used to meet the Town's ongoing obligations to citizens and creditors in accordance with the Town's fund designation and fiscal policies.
- ❖ The Town's net position increased by \$366,624 or 4.5% through current year activities. This increase was mainly due to favorable General Fund spending.
- ❖ As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$2,847,112. Approximately 42.6% of this amount, \$1,212,770 is unreserved and available for use within the Town's designation and fiscal policies.
- ❖ At the end of the current fiscal year, the general fund's unassigned fund balance was \$1,212,770, or 8.8% of the total general fund budgeted expenditures for the fiscal year. The current fiscal year's general fund revenues and transfers exceeded expenditures and transfers by \$231,604 on a Fund Financial Statement basis.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. These basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

The Town's basic financial statements and other supplementary financial information provide information about all of the Town's activities. They provide both a short-term and a long-term view of the Town's financial health as well as information about activities for which the Town acts solely as a trustee for the benefit of those outside of the Town's government.

**Government-wide financial statements** – are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
Unaudited  
Fiscal Year Ended June 30, 2014

The *Statement of Activities* presents information which shows how the Town's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the Town, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The Town's governmental activities include general government and administration, public works, public safety, health and welfare, conservation and development, parks and recreation, and planning and zoning. The Town had no business activities as of June 30, 2014.

The government-wide financial statements are reported on pages 11 and 12.

**Fund Financial Statements** – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds. For the fiscal year ending June 30, 2014, the Town does not have any proprietary funds.

**Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, which is considered to be a major fund. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the Town's own programs.

The basic fiduciary fund financial statements can be found on pages 18 and 19.

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Unaudited

Fiscal Year Ended June 30, 2014

**Notes to Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on pages 20 through 37.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the Town's operations. Required Supplementary Information is presented on pages 38 and 39, and Other Supplementary Information is presented on pages 40 through 60.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

***Analysis of the Town of Exeter's Net Position***

As noted earlier, the Town's net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. In the case of the Town of Exeter, assets exceeded liabilities by \$8,563,354 as of June 30, 2014.

	Governmental Activities	
	2014	2013
<b>ASSETS</b>		
Current Assets	\$ 3,472,303	\$ 3,243,034
Capital Assets	6,756,341	6,795,756
TOTAL ASSETS	10,228,644	10,038,790
 <b>LIABILITIES</b>		
Current Liabilities	476,987	573,496
Long-term Liabilities	1,188,303	1,268,564
TOTAL LIABILITIES	1,665,290	1,842,060
 <b>NET POSITION</b>		
Net invested in Capital Assets	5,369,751	5,341,189
Restricted and Unrestricted	3,193,603	2,855,541
TOTAL NET POSITION	\$ 8,563,354	\$ 8,196,730

The largest portion of the Town's net position \$5,369,751 (62.7%) consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets which is still outstanding. The Town uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities.

The remaining balances of restricted and unrestricted net position, \$3,193,603, may be used to meet the government's ongoing obligations to its citizens and creditors. As of June 30, 2014, the Town of Exeter reports positive balances in all of the categories of net position for the government as a whole.

Social services	218,413	227,840
Public health and welfare	5,735	6,196
Education	10,581,200	10,240,645
Capital Outlay	36,604	13,718
Interest	40,026	48,364
TOTAL EXPENSES	13,668,827	13,496,668
CHANGE IN NET POSITION	366,624	383,016
Net Position - July 1st	8,196,730	7,813,714
Net Position - June 30th	\$ 8,563,354	\$ 8,196,730

**FINANCIAL ANALYSIS OF THE TOWN OF EXETER'S FUNDS**

**Governmental Funds** – The focus of the Town of Exeter's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$2,847,112. Approximately 42.6% of the total amount, or \$1,212,770 constituted unreserved fund balances. The remainder of the fund balances was reserved for future commitments.

**Reserved Fund Balances:**

Contingency appropriations	\$500,000
Re-appropriated for fiscal year 2014/2015	\$138,000

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Unaudited  
Fiscal Year Ended June 30, 2014

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The final amended budget for the Town's General Fund reflected total revenues and transfers from other funds of \$13,761,295 and total expenditures and transfers to other funds of \$13,761,295. Actual total revenues of \$13,835,090 and total expenditures of \$13,603,486 which included transfers to other funds of \$704,055 resulted in a budgetary surplus of \$231,604.

**REVENUES**

Property taxes – were over budget by \$65,086. The Town continues to collect property taxes in a timely fashion.

Licenses and permits – Permit revenues were under budget by \$13,463 as a result of decreased building and improvements in the Town of Exeter.

Fines and interest on late payments – were over budget by \$36,516. For the current fiscal year, there was a favorable collection rate for outstanding property taxes.

**EXPENSES**

General Governmental expenses – were under budget by \$131,052. Town advertising expense had a favorable variance in the amount of \$5,811, mostly due to the media selection process to reduce the cost of advertising to the town. Blue Cross/Dental expenses were under budget by \$4,524 due to an estimated increase in the share of expense of town employees. Legal fee expenses were under budget by \$22,087 due to a decrease in the number of legal matters. Town Clerk expenses were under budget by \$28,016 due to cost savings on the Town Clerk's billing and equipment contracts. The insurance expense was over budget by \$10,562 due to increases in insurance premiums. The Exeter Public Library expenses were under budget due to a decrease in the number of programs run in the current year.

**CAPITAL ASSETS**

The Town of Exeter's investment in capital assets for its governmental activities amounts to \$6,756,341, net of accumulated depreciation at June 30, 2014. Included are land, intangible assets, infrastructure, building and improvements, motor vehicles, machinery and equipment, and office furniture and equipment (which are fully depreciated as of June 30, 2014).

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
Unaudited  
Fiscal Year Ended June 30, 2014

**TOWN OF EXETER'S CAPITAL ASSETS AT YEAR END  
NET OF ACCUMULATED DEPRECIATION**

	2014	2013
Land	\$ 253,701	\$ 253,701
Development rights - Schartner Farms	3,450,000	3,450,000
Buildings and improvements	1,327,061	1,356,136
Motor vehicles	432,744	351,293
Machinery and equipment	494,201	562,542
Infrastructure	798,634	822,084
	\$ 6,756,341	\$ 6,795,756

Additional information on the Town of Exeter's capital assets is located in Note 5 of the notes to the financial statements. The Town intends on reporting infrastructure assets as required with full historical disclosure in subsequent reporting periods.

**DEBT ADMINISTRATION**

At the end of the current fiscal year, the Town of Exeter had a total bonded debt of \$852,471. All bonded debt is backed by the full faith and credit of the Town.

**TOWN OF EXETER'S OUTSTANDING DEBT AT YEAR END  
BONDS, NOTES AND CAPITALIZED LEASES PAYABLE**

	2014	2013
Public library bond	\$ 467,202	\$ 522,331
Development rights bond	385,269	421,847
Landfill post-closure care costs	210,258	211,043
Compensated absences	65,634	66,393
Capital lease obligation	258,227	232,953
	\$ 1,386,590	\$ 1,454,567

The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable Town property on the general obligation debt that a municipality can issue. The Town of Exeter's limit is \$24,461,223 (based on net assessed valuation at December 31, 2012 of \$835,438,471) at year-end. The town's outstanding general obligation debt is \$852,471 at year-end, which is \$23,608,752 under the State-imposed limitation.

Additional information on the Town of Exeter's long-term debt can be found in Note 6 of the financial statements and on pages 58 through 60.

TOWN OF EXETER, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Unaudited  
Fiscal Year Ended June 30, 2014

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The Town of Exeter's total general fund budget for fiscal year 2014-2015 is \$13,950,672 which is an increase of \$189,377 over the fiscal 2013-2014 budget of \$13,761,295. Of the Town's 2014-2015 budget, \$3,354,500 or 24.1% is budgeted for the general government and \$10,596,172 or 75.9% is budgeted for education. The State of Rhode Island is budgeted to contribute \$203,152 in State aid.

The Town's tax rate for fiscal 2013-2014 is \$14.72 per thousand, with 18.80% allocated for general government and 81.20% allocated for education. For fiscal 2012-2013 the Town's tax rate was \$14.38 per thousand with 17.57% allocated for general government and 82.43% allocated for education. The increase in tax rates from \$14.38 to \$14.72 resulted in a \$0.34 increase or 2.4% increase in the tax rate.

**REQUEST FOR INFORMATION**

Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Town of Exeter, 675 Ten Rod Road, Exeter, RI 02822.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Town of Exeter, Rhode Island, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government's significant accounting policies are described below.

***FINANCIAL REPORTING ENTITY***

The Town was founded in 1742. The town is governed largely by the Town Charter, which was adopted as of January 6, 1997 with amendments through November 2, 2010. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town operates under a Town Council form of government. The Town provides various services including a public library, public works, social services, and general administrative services.

Members of the Town Council are elected by taxpayers for a term of two years. The Town Council is granted all power to enact, amend or repeal ordinances relating to the Town's property, affairs and government, including the power to create offices, departments or agencies of the Town, preserving the public peace, health and safety, establishing personnel policies, giving effect to any vote of the Financial Town Meeting authorizing the issuance of bonds and debt and providing for an annual audit of the Town's records.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 61. Under GASB Statement No. 61, a legally separated entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burden on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any of the following conditions are met:

- (a) The primary government is legally entitled to or can otherwise access the organization's resources.
- (b) The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- (c) The primary government is obligated in some manner for the debt of the organization.

The accompanying financial statements present the Town's primary government and certain component units which are financially dependent on the Town. The Town's component units are as follows:

***Blended Component Units***

The Exeter Public Library is governed by a board of trustees appointed by the Town Council. The library's trustees govern the library in accordance with applicable state laws. For financial statement

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

purposes, the Exeter Public Library is reported as if it were part of the Town's operations because its purpose is to provide library services to the citizens of the Town and is dependent upon the Town for some of its financial resources.

Recently Issued Accounting Standards

During the fiscal year ended June 30, 2014, the Town implemented the following accounting pronouncements:

GASB Statement No. 65 – Items Previously Reported as Assets and Liabilities, is effective for the Town's fiscal year ending June 30, 2014. The adoption of this Statement did not have an effect on the Town's financial statements or results of operations.

GASB Statement No. 66 – Technical Corrections – 2012 an amendment of GASB Statements No. 10 and No. 62, is effective for the Town's fiscal year ending June 30, 2014. The adoption of this Statement did not have an effect on the Town's financial statements or results of operations.

GASB Statement No. 67 – Financial Reporting for Pensions an amendment of GASB Statement No. 25, is effective for the Town's fiscal year ending June 30, 2014. The adoption of this Statement impacted the notes to the Town's financial statements but did not have an effect on results of operations.

GASB Statement No. 70 – Accounting and Financial Reporting for Non-exchange Financial Guarantees, is effective for the Town's fiscal year ending June 30, 2014. The adoption of this Statement did not have an effect on the Town's financial statements or results of operations.

The Town will adopt the following new pronouncements in future years:

GASB Statement No. 68 – Accounting and Financial Reporting for Pensions an amendment of GASB Statement No. 27, is effective for the Town's fiscal year ending June 30, 2015.

GASB Statement No. 69 – Government Combinations and Disposals of Government Operations, is effective for the Town's fiscal year ending June 30, 2015.

GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, is effective for the Town's fiscal year ending June 30, 2015.

***BASIS OF PRESENTATION***

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for *fiduciary funds* (the activity of these funds are reported in the statement of fiduciary net position and changes in fiduciary net position). The government-wide financial statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. There are no business type activities.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Each major fund is displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- (a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type, and
- (b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental fund that the government's officials believe is particularly important to the financial statement users (for example, due to public interest or consistency) may also be reported as a major fund.

Governmental Fund Types

These are the funds through which most governmental functions are typically financed. The funds included in this category are as follows:

*General Fund* – is used to account for resources devoted to financing the general services the Town performs for its citizens. General tax revenues and other sources of revenues used to finance the fundamental operations of the Town are included in this fund. The fund is charged with all costs of operating the government for which a separate fund has not been established.

*Special Revenue Funds* – are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes.

*Capital Project Funds* – are used to account for financial resources that will be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary or Trust funds).

*Permanent Funds* – are used to account for assets held by the Town where the principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

Proprietary Fund Types

This fund type account for operations that are organized to be self-supporting through user charges. For the year ended June 30, 2014, the Town held no proprietary funds.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

*Fiduciary Fund Types*

This fund type account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments. *Fiduciary Fund types are not part of the reporting entity in the Government-wide financial statements.* These funds are as follows:

*Pension Trust Fund* – is established to provide pension benefits to various employees of the Town. The principal revenue source for this fund is employer contributions.

*Private Purpose Trust Funds* – are used to account for assets held by the Town under various trust arrangements for the benefit of certain individuals and groups.

*Agency Funds* – are used to account for funds that are to be used for educational and welfare expenditures and for funds held in escrow for other parties.

***BASIS OF ACCOUNTING***

*Measurement Focus – Government-wide Financial Statements*

In the government-wide financial statements, the Statement of Net Position and Statement of Activities (governmental and business-type activities) are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expense, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Those revenues susceptible to accrual are property taxes, franchise taxes, special assessments, licenses, interest revenue and charges for services. Sales taxes collected and held by the state at year-end on behalf of the government also are recognized as revenue. Fines and permits are not susceptible to accrual because generally they are not measurable until received in cash.

*Measurement Focus – Fund Financial Statements*

The accounting and financial reporting treatment applied to the *Fund Financial Statements* is determined by its measurement focus. All Governmental Fund Types and Expendable Trust Funds are accounted for using a “current financial resources” measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current position.

All Private Purpose Trust Funds and Pension Trust Funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total position) is segregated into contributed capital and retained earnings components. Proprietary Fund Type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position. All governmental fund types and agency funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Licenses and permits, charges for services, fines, forfeits, and miscellaneous revenue are recorded as revenues when received in cash.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

Those revenues susceptible to accrual are property taxes and investment earnings. Fines and permits are not susceptible to accrual because generally they are not measurable until received in cash. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service and other long-term obligations, which are recognized when paid.

Non-current portions of long-term receivables of Governmental Fund Types are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate; however, that they should not be considered “available expendable resources” since they do not represent net current position. Recognition of Governmental Fund Type revenues represented by non-current receivables is deferred until they become current receivables.

Because of their spending measurement focus, expenditure recognition for Governmental Fund Types excludes amounts represented by non-current liabilities. Since they do not affect net current position, such long-term amounts are not recognized as Governmental Fund Type expenditures or fund liabilities. They are instead reported as Long-term Liabilities – Governmental Activities.

In applying the “susceptible to accrual” concept to intergovernmental revenues the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of such revenues. For one type, monies must be expended on the specific purpose or project before any amounts will be paid to the town; therefore, revenues are recognized based upon the expenditures recorded.

For the other type, revenues are virtually unrestricted as to purpose of expenditure and nearly irrevocable or revocable only for failure to comply with the prescribed requirements, such as a Community Development Block Grant. These resources are reflected as revenues at the time of receipt or earlier if they meet the “available” criteria.

Investments – are Government Securities, Commercial Paper and various types of corporate stocks and bonds held in the Governmental and Fiduciary Fund Types, which are recorded at fair value.

Receivables – are recorded in the General and Special Revenue. Where appropriate an associated allowance for uncollectible accounts has been established. Property taxes, which were levied on July 1, 2013 of the current year and other delinquent balances, are recorded as receivables.

Short-term Interfund Receivables/Payables – are transactions occurring between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” on the balance sheet.

Inventories – are maintained on a periodic system and are stated at cost (first in, first out method of inventory valuation). Inventories in the Governmental Fund Types are recorded as expenditures when consumed.

Capital Assets – in Governmental Fund type, operations are accounted for using the “current financial resources” measurement focus. Capital assets, which include property, plant and equipment, and infrastructure (e.g. road, bridges curbs and gutters, streets and sidewalks, and drainage systems), are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The Town defines capital assets as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of

TOWN OF EXETER, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2014

GASB Statement No. 34, the Town has chosen to prospectively report infrastructure assets as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are charged to expenditures as incurred.

The Town capitalizes certain interest cost in accordance with GASB Code Section 1400 as part of constructed assets. Interest is capitalized throughout the construction period in the Capital projects fund prior to the assets being transferred to the governmental fund and placed in service.

Property, plant and equipment are valued at historical costs. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Property, plant and equipment of the primary government are depreciated using the straight line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives (years)</u>
Building and improvements	40
Motor Vehicles	5
Machinery and equipment	10
Office furniture and equipment	3-10

Unearned Revenues – represent funds received or billed in advance of being owed, or receivables, which will be collected and included in revenues of future fiscal years. In the General Fund, unearned revenue relates to property tax receivables which were assessed on December 31, 2012.

In the government-wide financial statements, unearned revenue represents funds received in advance of being earned/owed or receivables which will be collected and included in revenues of future fiscal years. In the General Fund, (of the financial statements), unearned revenue includes property taxes receivable which were assessed on December 31, 2012 and prior and are not collected with 60 days following June 30, 2014. Net unearned taxes included in the fund financial statements were \$346,491.

Net Position (Government-Wide Statements) – The Town’s net position has been segregated into the following three components in accordance with GASB Statement No. 34:

*Invested in Capital Assets, Net of Related Debt* – represents the net book value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

*Restricted* – consist of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.

*Unrestricted* – Any other net position that does not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

Fund Financial Statements (Governmental Funds) – The Town has adopted the requirements of the Government Accounting Standards Board (GASB) Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. Issuance of this statement has changed the presentation of the elements of fund balances as listed in the new fund balance categories below:

- *Non-spendable* – are balances that are permanently precluded from conversion to cash such as permanent funds and inventories.
- *Restricted* – requires that inflows and outflows of resources and balances be constrained to a specific purpose enabling legislation, external parties or constitutional provisions.
- *Committed* – are balances with constraints imposed by the government’s highest level of decision-making authority. These constraints can only be removed or changed by the same decision making authority.
- *Assigned* – are balances intended for a specific purpose by the government’s management and are also appropriations of existing fund balances.
- *Unassigned* – are balances available for any purpose. They are not precluded by a management decision, law constitutional provisions in the general fund.

The Town has established classification policies and procedures for the levels of fund balance reporting as noted above. Committed fund balances require a meeting of the Town Council (highest level of decision making authority) to establish, modify or rescind a fund balance commitment. Assigned fund balances require the Town Treasurer to assigns amounts to a purpose under the authorization given by the Town Council. The Town considers amounts that have been spent when an expenditure is incurred for situations in which both restricted and unassigned fund balances are available. The Town also considers committed amounts that have been spent when an expenditure is incurred for the purpose for which amounts in any other unassigned fund balance could be used.

Revenues, Expenditures and Expenses – Revenues for governmental fund types are recorded when they are determined to be both measurable and available. Generally, tax revenues, fees and non-tax revenues are recognized when received. Grants from other governments are recognized when qualifying expenditures are incurred. Expenditures for governmental fund types are recorded when the related liability is incurred. The Town will make use of available restricted resources first when determining expendable funds. Operating revenues are defined as those revenues generated from fees and assessments, all others are deemed non-operating. It is the Town’s policy when both restricted and unrestricted funds are available to reduce a liability to first use restricted resources.

Program Revenues and Expenses – In the statement of activities specific revenues are allocated to program expenses due to their direct relationships. Collections for licenses, fees, tickets and fines are among some of the revenue sources that are program revenues. Indirect expenses are not allocated to functions in the statement of activities.

Property Taxes – The Town is permitted by state law to levy property taxes. Current tax collections for the Town were approximately 98.2% of the total December 31, 2012 levy. The tax rate of the Town is established by the Town Council. The Town’s fiscal 2014 property taxes were levied on July 1, 2013 on assessed valuation as of December 31, 2012. Upon levy, taxes are billed yearly and due quarterly on August 15<sup>th</sup>, November 15<sup>th</sup>, February 15<sup>th</sup>, and May 15<sup>th</sup>. Failure to mail payments by due dates will result in a lien on taxpayer’s property, and eventually to the sale of the same. A complete revaluation of all property was completed December 31, 2011 as per State requirements.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

*Vacation, Sick Leave, and Other Compensated Absences* – Under the terms of various contracts and agreements, Town employees are granted vacation payouts in varying amounts based on length of service. For Governmental Fund Types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when vested. For those compensated absences not to be paid with current financial resources the liability is recorded in the Statement of Net Position of the government-wide financial statements.

*Interfund Transactions* – Interfund transactions except advances are accounted for as transfers. Nonrecurring or non-routine transfers of equity between funds are considered transfers.

*Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

*Subsequent Events* – The Town has evaluated subsequent events for recognition and disclosure through December 1, 2014, which is the date the financial statements were available to be issued.

## **NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

*Legal Debt Margin* – The Town’s legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value that approximates \$24,461,223 based on the December 31, 2012 assessment. As of June 30, 2014, the Town’s debt is under this limit by \$23,608,752.

## **NOTE 3 – CASH AND INVESTMENTS**

*Deposits* – The Town maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as “Cash and Cash Equivalents”.

*Investments* – Investment of all idle funds must be made through national banks or trust companies, providing that the financial conditions and integrity of said institution or institutions are verifiable and can be monitored. The investment of funds shall be in direct obligations of the United States Government and “money market instruments” rated “A” or better. Investments in any one institution cannot exceed five (5) percent of that institution’s capital and surplus as set for in the institution’s most recent audited financial statements. All investments are made as would be done by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and preservation of their capital.

*Interest Rate Risk* – The Town limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market funds, or similar investment pools. This only applies to investments held by Citizens Bank on behalf of the Reynolds Fund.

TOWN OF EXETER, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2014

Concentrations – The Town policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity. This only applies to investments held by Citizens Bank on behalf of the Reynolds Fund.

Custodial Credit Risk:

Deposits – This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2014, all of the Town’s bank balance of \$3,002,389 was insured or collateralized.

Investments – This is the risk that in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Cash and investments of the Town consist of the following at June 30, 2014:

<u>Cash and Cash Equivalents</u>	
Deposits with financial institutions	\$ 3,044,184
 <u>Investments</u>	
Fixed Income	470,866
Common stock	825,526
<i>Total Cash and Investments</i>	<u>\$ 4,340,576</u>

Cash and investments are classified in the accompanying financial statements as follows:

<u>Statement of Net Position</u>	
Cash and cash equivalents	\$ 3,002,389
 <u>Fiduciary Funds</u>	
Cash and cash equivalents	574,046
Investments	764,141
<i>Total Cash and Investments</i>	<u>\$ 4,340,576</u>

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Town did not have any debt type investments that were exposed to interest rate risk as defined by GASB Statement No. 40.

Credit Risk – Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

U.S. Government are not considered to have credit risk exposure. The Town did not have any debt type investments that were exposed to credit risk as defined by GASB Statement No. 40.

**NOTE 4 – PROPERTY TAXES**

The Town's property tax is levied each July 1, for its next fiscal year on the assessed valued listed as of the prior December 31, for all real property, tangible property and motor vehicles located in the Town. Assessed values of real property and tangible personal property were established by the Town Assessor's office at 100% of appraised market value as of December 31, 2012. A complete revaluation of all property was performed as of December 31, 2011 as required by the State. The assessed values were effective for the property levy for fiscal year 2013-2014. The assessed value of motor vehicles is determined annually at 100% of retail market value, net of State of Rhode Island credits. Taxes are due in equal quarterly installments on August 15, November 15, February 15, and May 15 during the fiscal year.

The Town entered into a contractual relationship with a law firm to act as a collection agency to pursue delinquent tangible and personal property accounts. The Town has forwarded past due accounts for collection. At June 30, 2014, a reserve of \$87,426 has been established for the property taxes considered uncollectible.

An automatic lien is placed on the taxpayer's real property if payment has not been received by the due date. Interest is charged on past due accounts at a rate of 12% per annum calculated on the unpaid portion of the total tax.

In the governmental fund financial statements, unpaid property taxes at year end are recorded as property tax receivable and those property tax receivable which were not collected within 60 days immediately following the fiscal year end are recorded as unavailable revenue. Unavailable revenue at June 30, 2014 consists of \$433,917 of property taxes not collected within 60 days following year end, net an allowance of \$87,426, resulting in \$346,491.

Net property taxes levied for the fiscal year 2013-2014 were based on an assessed value of approximately \$835,438,471 at December 31, 2012 and amounted to \$13,048,989. Total property tax recognized for the current fiscal year amounted to \$12,819,714 which represents 98.2% of the total 2013 levy. Of that amount, \$47,406 was collected within 60 days following year end, including tax revenue relating to current and prior years. Tax abatements for the year ended June 30, 2014 totaled \$51,211.

The following schedule summarizes the Town's bonds, notes and leases payable:

	Interest Rates	Principal	Due Dates
Exeter public library bond	3.67%	\$ 467,202	2014-2021
Exeter development rights bond	3.25%	\$ 385,269	2014-2023
Capital lease obligations	various	\$ 258,227	2014-2018

The Town is not obligated in any way for special assessment debt. Neither are any special assessment obligations outstanding.

The Town has refinanced the general bond obligations during previous fiscal years which has reduced the interest rates.

The debt service through maturity for the above bonds are as follows:

Fiscal Year Ended June 30	Governmental Long-term Liabilities		
	Principal	Interest	Total
2015	95,457	28,107	123,564
2016	98,855	24,709	123,564

	<b>\$ 852,471</b>	<b>\$ 127,633</b>	<b>\$ 980,104</b>

***Accrued Compensated Absences*** – Town employees receive vested rights to paid vacation and sick time at the end of their year of full-time employment with no pro rata payment if employment is terminated before the completion of a full year of service. An expenditure/expense is recognized each month as benefits are used, consistent with the standards established by GASB Statement No. 16.

TOWN OF EXETER, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2014

**NOTE 7 – CAPITAL LEASE**

The Town entered into a lease agreement for financing the acquisition of a plow truck for the Public Works Department during fiscal year 2014. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments. Property and equipment includes \$765,647 of leased equipment and accumulated depreciation of \$428,859 as of June 30, 2014; vehicles include \$483,946 of leased equipment and accumulated depreciation of \$344,452.

The future minimum lease obligation and the net present value of these minimum lease payments as of June 30, 2014 are as follows:

Year Ending June 30	
2015	\$ 111,460
2016	73,763
2017	58,252
2018	<u>32,375</u>
Total minimum lease payments	275,850
Less: Amount representing interest	<u>(17,623)</u>
Present value of minimum lease payments	<u>\$ 258,227</u>

**NOTE 8 – NET POSITION/FUND BALANCE**

The difference between assets, liabilities and deferred inflows and outflows is “Net Position” on the government-wide and fiduciary funds financial statements and “Fund Balance” on the governmental fund financial statements.

Financial statement presentation follows GASB Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. Under GASB Statement No. 54, fund balances are classified as non-spendable, restricted, or unrestricted (committed, assigned, or unassigned). Restricted represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town Council, such as appropriation or legislation. Assigned fund balance is constrained by the Town Council’s intent to be used for specific purposes. The Town reports information regarding its financial position and activities in accordance with three classifications of fund balance: restricted, committed and assigned.

**NOTE 9 – NET ASSETS - RESTRICTED**

As of June 30, 2014, the Town has restricted \$1,634,342 of its General, Landfill Closure, and Special Revenue funds for contingency appropriations as follows:

General Fund balance	\$ 638,000
Landfill Closure Fund balance	92,903
Special Revenue Funds balance	903,439
	<u>\$ 1,634,342</u>

TOWN OF EXETER, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2014

Deficit Fund Equity – As of June 30, 2014, deficit fund balances consisted of the following:

Special Revenue Funds	
Transfer Station Fund	\$ 1,441
Animal Shelter Fund	29,995
Preservation and Technology Fund	7,091
	\$ 38,527

The Town anticipates funding these deficits through future revenue requests and budget appropriations.

**NOTE 10 – INTERFUND RECEIVABLES AND PAYABLES**

These balances resulted from the short-term advances from one fund (primarily the General Fund) to another fund. These advances were provided as either operating advances or reimbursement for expenditures that were paid by one fund on behalf of another fund. These amounts are expected to be repaid at certain future dates.

Interfund receivable and payable balances at June 30, 2014 are as follows:

	Due From Other Funds	Due to Other Funds
General Fund	\$ 100,200	\$ 808,612
Landfill Closure Fund	92,903	-
Special Revenue Funds	215,818	100,200
Capital Projects Funds	499,891	-
	\$ 908,812	\$ 908,812

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary information.

Transfers between funds during the fiscal year ended June 30, 2014 are as follows:

Fund	Transfers from (to) other funds
General Fund	\$ (704,055)
Special Revenue Funds	181,095
Capital Projects Funds	522,960
	\$ -

TOWN OF EXETER, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2014

**NOTE 11 – EXETER-WEST GREENWICH REGIONAL SCHOOL DISTRICT**

The Exeter-West Greenwich Regional School District (School District), a legal entity that is separate from the Town of Exeter, was formed by the Towns of Exeter and West Greenwich through an agreement dated 1965. The School District consists of grades Kindergarten through grade 12. The Junior/Senior High School and all other school buildings are owned by the School District. A complete financial statement of the School District may be obtained through the Superintendent’s office.

Presently, the agreement calls for four members of the seven-member governing board of the School District be elected by the voters of the Town of Exeter. Starting with the 2020 election, four members of the seven-member school committee shall be from the town with the higher population. The remaining three members shall be elected from the other town.

The Town of Exeter is legally obligated to fund their share of the School District’s budgets as voted. The Town of Exeter is also contingently liable for their proportional share of the School District’s bonded debt approved at a joint School District meeting.

Long-term debt of the Exeter-West Greenwich Regional School District, which the Town is contingently liable for their proportional share, is as follows at June 30, 2014:

General obligation bonds	\$	875,000
Loans payable		4,650,000
Certain accrued compensated absences		134,012
Capital leases payable		257,330
Net post-employment benefit obligation		1,386,114
Total Long-Term Debt	\$	7,302,456

**NOTE 12 – LANDFILL POST-CLOSURE CARE COSTS**

GASB Statement No. 18 – *Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs*, requires the recognition of closure and post-closure costs of landfills as long-term liabilities. State and federal laws and regulations require the Town perform certain maintenance and monitoring functions for 30 years after its landfill has been closed. The estimated liability as of the 2008 Fiscal Year was \$736,290, which was reported in the Town’s financial statements as a long-term debt. This revised estimate is made up of capital lease costs for a bulldozer and excavator in the amount of \$233,460, and survey, site preparation and remedial work in the amount of \$502,830. During fiscal year 2014, payments for survey, site preparation and remedial work totaled \$785, leaving a closure cost balance of \$210,258 at June 30, 2014.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

**NOTE 13 – COMMITMENTS AND CONTINGENCIES**

At June 30, 2014, the Town had several lawsuits pending and had been placed on written notice of potential claims. The Town intends to vigorously pursue its claims and/or defend its position with respect to each matter. In the opinion of the Town's legal counsel, the Town's liability with respect to these cases, if any, was not determinable. It is the opinion of Town management, based in part on the advice of legal counsel, that settlement on the above lawsuits will not materially affect the Town's financial position.

**NOTE 14 – RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town maintains insurance covering each of those risks of loss.

The Town is insured under a statewide municipal risk management pool. Rhode Island Inter-Local Risk Management Trust, Inc. (the Trust) requires annual premiums based on the pool's experience. The Trust offers to Rhode Island cities and Towns general liability and workers compensation insurance which is self-sustaining through member premiums and is reinsured through commercial companies to reduce its exposure to large losses. The agreement with the Trust states that for premiums paid by members, the Trust will assume financial responsibility for members losses up to the maximum amount of insurance purchased, less deductible amounts. If a single loss is above the Trust's retention and reinsurance coverage the excess liability reverts to the member organization against which the claim was originally made.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Town. Settled claims have not exceeded insurance coverage in any of the past three fiscal years.

**NOTE 15 – PENSION PLAN**

Effective October 1, 1979, the Town established a defined contribution plan, the Town of Exeter Money Purchase Pension Plan, to provide retirement benefits to all eligible employees as approved by the Town Council. The plan provides for employer only contributions made at rate of 5% of total compensation. Eligibility requirements call for employees to have completed one year and one thousand hours of service. Contributions are made by the Town on behalf of eligible employees in accordance with a vesting schedule documented within the retirement plan. Any amendments to the plan require authorization from the Town Council. As of November 1, 2010, the Town retained the services of the International City County Management Association (ICMA) to administer the plan on an ongoing basis. All assets were transferred to ICMA who handles distributions, plan administration, investing, etc. As of June 30, 2014, the plan had 25 active participants and made contributions totaling \$45,403.

TOWN OF EXETER, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2014

**NOTE 16 – DEFERRED COMPENSATION PLAN**

The Town offers its municipal employees a deferred compensation plan established in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to certain municipal employees, permits the deferral of a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death or unforeseen emergency.

The Town placed the deferred compensation plan assets into trust for the exclusive benefit of plan participants and beneficiaries in accordance with Governmental Accounting Standards Board (GASB) Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*,

The Town has little administrative involvement and does not perform the investing function for the plan, the Town does not hold the assets in a trustee capacity and does not perform fiduciary accountability for the plan. Therefore, the Town employees' deferred compensation plan created in accordance with IRC 457 is not reported in the financial statements of the Town.

**NOTE 17 – RELATED PARTIES**

The Town of Exeter reviews its records on an annual basis to determine if any related party transactions exist that would represent a conflict of interest with parties related to its officers and department heads. No such transactions were noted in the fiscal year ended June 30, 2014.

## ***REQUIRED SUPPLEMENTARY INFORMATION***

*The information provided herein contains schedules which the Town deems necessary to provide additional disclosures.*

*This section also presents budgetary comparison schedules for the Town's major funds. These schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board.*

TOWN OF EXETER, RHODE ISLAND  
OTHER SUPPLEMENTARY INFORMATION  
NOTES TO BUDGETARY COMPARISON – GENERAL FUND  
June 30, 2014

**Budgetary Basis of Accounting:** The General Fund annual operating budget is in conformity with the legally enacted budgetary basis, which differs from accounting principles generally accepted in the United States (U.S. GAAP) in several regards. Budgets are adopted on the modified accrual basis of accounting, except that budgetary revenues include subsidies from fund balance previously recognized under U.S. GAAP and budgetary expenditures when legally binding orders (encumbrances) are placed.

**Budgetary adoption:** It is the responsibility of the Town Council to prepare a proposed budget for the Town for the following fiscal year no later than 10 days prior to the Financial Town Meeting held to adopt said budget. Public hearings are conducted on the recommended budget and the final recommended budget is legally enacted through an ordinance at the Financial Town Meeting. All budget appropriations except an appropriation for capital expenditures, lapse at the end of each fiscal year. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned; an appropriation is considered abandoned if two fiscal years following the date of appropriation pass without any disbursement from or encumbrance of the appropriation.

**Budget control:** The level of budgetary control for the General Fund (that is, the level at which expenditures cannot legally exceed appropriations) is fixed by resolution of the Annual Financial Town Meeting. The resolution authorizes the Town Council to spend within the total sum appropriated for municipal purposes. While this restriction prohibits spending in excess of the authorized budget, the policy enables the Town Council to use the Fund Balance within the overall appropriations budget to offset over expenditures that may arise within a specific budget account.

## ***NONMAJOR OTHER GOVERNMENTAL FUNDS***

### **Special Revenue Funds:**

Special Revenue Funds are used to account for revenues from specific taxes or other earmarked revenue sources which by law are designated to finance particular functions or activities of government, and which therefore cannot be diverted to other uses.

***Transfer Station Fund*** – This fund accounts for all appropriations, revenues, fees, donations, receipts, and operating costs of premises designated by the Town for purposes of citizens' disposal of solid waste.

***Animal Shelter Fund*** – This fund accounts for all appropriations, revenues, fees, donations, receipts and operating costs of premises designated by the Town for purposes of impounding and caring for all animal running at large in violation of laws and regulations.

***Preservation and Technology Fund*** – This fund accounts for amounts allocated from fees collected for filing of deeds and other instruments and to use such amounts for document preservation and technological upgrades.

***RIEMA FEMA Grant*** – This fund accounts for the restriction of money received from Rhode Island Emergency Management Agency and Federal Emergency Management Agency to assist the Town with various storm emergencies.

***Planning Board Project Review Fees*** – This fund accounts for the amounts received from developers to be held for disbursement for consultants and other expenses related to the Town's review of development plans.

***Capital Facilities Impact Fees*** – This fund accounts for the amounts received for impact fees assessed for new residential building permits, which shall be maintained by the Town until such time as to be expended for construction of public facilities capital improvements of reasonable benefit to the development paying the fee.

***Community Development Block Grant (CDBG)*** – This fund accounts for the amounts received from the Federal Housing and Urban Development grant monies from the State of Rhode Island for distribution to area grant applicants for the benefit of low to moderate income recipients.

***Property Revaluation Fund*** – This fund accounts for the amounts received from annual appropriations from approved General Fund budgets to be set aside for costs of state-mandated revaluations.

***Spay/Neuter Fund*** – This fund accounts for amounts received from dog license fees to be expended for the spay/neuter program. In addition, the fund holds deposits from citizens adopting dogs and/or cats that have not been neutered until such time as those individuals submit evidence of the animals neutering. Amounts that may be forfeited shall be used for approved spay/neuter program.

***Memorial Day Parade*** – This fund accounts for amounts received from the parade committee that they collected from public donations and to disburse those funds at direction of the committee. In the years that the Town makes an appropriation for the parade, that amount would also become part of the fund.

***Pension Liability Fund*** – This fund accounts for the amounts appropriated for contingency related to possible amounts that may be required in bringing the pension plan up to requirement of various changes in pension laws and regulations.

***Borderland Project*** – (a/k/a “A Vision for Exeter”) Using federal and local grant monies, this project allows Exeter to study ways of using land for economic development while still maintaining open space and the rural character of the Town.

***Historic Preservation Fund*** – This fund accounts for the amounts appropriated for the preservation and restoration of historic buildings in Town.

### **Capital Projects Funds:**

The Capital Projects Funds account for all resources used for the acquisition and/or construction of capital facilities by the Town.

***Vehicle Replacement Fund*** – This fund is designated to receive amounts billed to others for Town vehicles used for traffic control. Such amounts are expended to purchase replacement vehicles as needed.

***Public Works/Roads*** – This fund accounts for the amounts appropriated for road resurfacing projects.

***Computer Upgrades Fund*** – This fund accounts for the amounts appropriated to be expended to improve computer equipment for the Town.

***Public Works/Equipment*** – This fund accounts for the amounts appropriated for the initial payments for new equipment for the Public Works Department.

***Town Hall Renovations Fund*** – This fund accounts for the amounts appropriated to be expended for upgrades, improvements and retrofitting of offices at Town Hall.

***Chelsea Park (Renovations and Playground) Fund*** – This fund accounts for the amounts appropriated to be expended for preventive maintenance and renovations for the Library and Chelsea Park Playground.

***Video Equipment Fund*** – This fund accounts for the amounts appropriated to be expended for video equipment and broadcasting fees for Council meetings.

***Office Equipment Fund*** – This fund accounts for the amounts appropriated to be expended for purchasing new office equipment.

***GIS Mapping System Fund*** – This fund accounts for the amounts appropriated to be expended for purchasing the new GIS mapping system.

***Transfer Station Move Fund*** – This fund accounts for the amounts appropriated related to possible amounts that may be required to move the transfer station from its current location.

**Permanent Fund:**

The Permanent funds are resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the reporting government's programs – that is, for the benefit of the government or its citizenry.

***Cemetery Fund*** – This fund was established to account for the assets received by the Town from the families of Exeter residents with the understanding that the Town would provide grounds care for certain cemetery plots in the Town.

## ***AGENCY FUNDS***

Agency Funds were established to function as clearing mechanisms for cash resources which are collected and disbursed to authorized recipients. The following is a list of Agency funds included in this section:

***Open Space Dedication*** – This account was set up to hold monies paid to the Town by land developers in lieu of actually dedicating specific land for open space purposes. The amount of money required is based on the fair market value of the land which would otherwise be required to be dedicated.

***Surety Bonds Escrow*** – This account was set up to maintain amounts held by the Town as surety for developers to complete construction projects that may affect the well being of Town residents.

***Brayman Escrow*** – This account was set up to hold amounts held by the bank until restorations are performed and the land fully restored at the property on Ten Rod Road and Mount Tom Road.

***REPORTS REQUIRED UNDER  
GOVERNMENT AUDITING STANDARDS***

*Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters  
Based on an Audit of Financial Statements  
Performed in Accordance with  
Government Auditing Standards*

REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Honorable President and  
Members of the Town Council  
Exeter, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Exeter, Rhode Island (Town), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town of Exeter, Rhode Island's basic financial statements, and have issued our report thereon dated December 1, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town of Exeter, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Exeter, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Exeter, Rhode Island's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of Exeter, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such

an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose
