

Explanation of changes between Creditor's List filed on October 4 of 2012 and Amended Creditor's List.														
1. The City has added a column setting forth the balance owed each creditor as of May 15, 2012; a column indicating whether or not a specific creditor has filed a proof of claim; and a "remarks" column indicating whether a creditor has been paid, the claim has settled, if it is disputed and if it is contingent and/or unliquidated. Claims with no remarks are not disputed but remain unpaid.														
2. Any creditors on the City's initial list that subsequently filed a proof of claim are now listed on the proof of claim list.														
3. As there are no current non-union employees who have filed proofs of claim, and all union employees have settled their claims per Court Order, terminated employees are listed separately.														
4. Creditors who are owed Property Tax Refunds from the City will have these amounts credited to their property tax bill for fiscal year 2013.														
5. The Estimated Contingent Liabilities to Retirees are actuarial calculations pertaining to the decreased health benefits and pension benefits under the Amended Plan of Debt Adjustments based on actuarial mortality tables and discounted to present value. Retirees who filed individual proofs of claim are listed on the Proofs of Claim List.
