

Municipal Salary Survey

Fiscal Year 2018

Governor Gina M. Raimondo

Prepared by:

**Department of Revenue
Division of Municipal Finance**

January 2019

DOR Rhode Island Department of Revenue
Division of Municipal Finance

January 2019

Dear Municipal Official:

The Division of Municipal Finance is pleased to provide you with the results of the 28th Annual Salary Survey of selected municipal positions for the 2018 fiscal year as reported by municipalities in Rhode Island. This data was collected from November 5, 2018 to January 29, 2019. The survey can also be accessed on the Division's website at www.municipalfinance.ri.gov. The survey, which was prepared by Keith Kelliher, State Aid and Finance Specialist, includes salaries for municipal chief executives and 32 various department directors and other officials including some positions for the school department. The survey includes mostly full-time positions and does not include fringe benefit data. Data on base salaries (and salary ranges, where applicable), as well as longevity figures for those cities and towns which provide longevity increments is provided in this survey.

The municipalities were also asked to identify any municipal functions that have been consolidated with the school department, which is noted where applicable.

The use of comparative salary data must, of necessity, take into consideration factors other than just community population. For example, in some communities one individual may serve as purchasing agent, tax collector and finance director, while in another community, these responsibilities may be divided among several individuals. Another common example is in the area of public works. Some directors are responsible only for road maintenance, while others are responsible for sewer and water supply, in addition to road improvements. Some school districts have the position of a school business manager, while others have a director of administration who is responsible for the overall operations of the school department, including finances.

The Division of Municipal Finance wishes to thank all the local officials who responded to our survey in a very timely manner. Comments for improving this salary survey are welcomed.

Sincerely,

Susanne Greschner
Chief, Division of Municipal Finance
