Independent Auditor's Report

To the Honorable President and Members of the Town Council Town of Narragansett, Rhode Island

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Narragansett, Rhode Island, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town of Narragansett, Rhode Island's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Narragansett, Rhode Island, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Narragansett, Rhode Island and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Narragansett, Rhode Island's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Town of Narragansett, Rhode Island's internal control. Accordingly, no such
 opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Narragansett, Rhode Island 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and supplementary pension and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of

financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Narragansett, Rhode Island's basic financial statements. The combining nonmajor fund financial statements, the combining fiduciary fund financial statements, the Annual Supplemental Transparency Report (MTP2), and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, the combining fiduciary fund financial statements, the Annual Supplemental Transparency Report (MTP2), and other supplementary information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 5, 2024 on our consideration of the Town of Narragansett, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Narragansett, Rhode Island's internal control

over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Narragansett, Rhode Island 's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As Finance Director for the Town of Narragansett (the Town), the following narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2023 (FY 2023) has been prepared. The Town administration encourages all to consider the information presented herein.

Financial Highlights

At the end of the current fiscal year, the total fund balance for the General Fund was \$27,206,555 or 40.6% of the total 2023 budgeted revenues. This is an increase of \$1,064,749 from the prior year fund balance.

The total unassigned fund balance of the General Fund is \$13,334,756 or 19.9% of the total 2023 budgeted revenues. This is an increase of \$959,321 from the prior year unassigned fund balance.

The total assigned, committed, restricted or nonspendable fund balance of the General Fund is \$13,871,799. This this is an increase of \$105,428 from the prior year total assigned, committed, restricted or nonspendable fund balance.

The Town General Fund ended the fiscal year 2023 with a budgetary operating deficit of \$245,267. The Unassigned Fund Balance will be used to balance the operating budget.

As reported in the government wide financial statements, the assets and deferred outflows of resources of the Town of Narragansett exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$52,445,201. The Town's capital asset base has been developed from both the current operations and debt. The Town has recorded its property and equipment at original values to insure proper asset management.

The Town's total net position increased by \$3,980,598 for the fiscal year ended June 30, 2023.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements are comprised of three components:

- 1. Government-wide financial statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.
 - a. *Statement of Net Position*: This statement presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the two reported as *net position*. Increases or decreases in net position may serve as a useful indicator of an improving or deteriorating financial position.

Overview of the Financial Statements (Continued)

- b. Statement of Activities: This statement presents information showing how the government's net position changed during the reporting period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (such as uncollected taxes and earned but unused personnel leaves).
- c. Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, education, public safety, public works and highway, community development and recreation. The business-type activities of the Town include Water, Sewer, Beach and the Middlebridge Recreation Fund operations.

The government-wide financial statements can be found on pages 15 and 16 of this report.

- 2. Fund financial statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town may be divided into three categories: governmental funds, proprietary funds and fiduciary funds.
 - a. Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This information may be helpful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Thus, the long-term impact of the government's near-term financing decisions becomes apparent. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Funds are classified as "major" and "nonmajor." Data from major governmental funds is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances. Data from the nonmajor funds is combined into a single, aggregated presentation. Individual fund data

Overview of the Financial Statements (Continued)

for each of these nonmajor governmental funds is provided in the form of *combining statements* and can be found on pages 106-113 of this report.

The Town adopted annual budgets for its General Fund, Water Fund, Sewer Fund, Beach Fund, and Middlebridge Recreation Fund. The School Committee adopts a budget for the operation of the Town's three schools. Budgetary comparison statements have been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental funds financial statements can be found on pages 17-20 of this report.

b. Proprietary Funds: The Town maintains two types of proprietary funds.

Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses enterprise funds to account for its Water, Wastewater, Middlebridge Recreation and Beach operations.

Internal Service Funds are used to report activities that provide supplies and services for the Towns other programs and activities. The Town uses the Internal Service Fund to account for the self-insured healthcare program.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Wastewater, Middlebridge Recreation and Beach operations, all of which are considered to be major funds of the Town.

The proprietary fund financial statements can be found on pages 21-24 of this report.

c. Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 25-26 of this report.

3. Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 27-84 of this report.

Overview of the Financial Statements (Continued)

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information comparing budget to actual revenues and expenditures for the General Fund, and concerning the Town's progress in funding its obligations to provide pension and other postemployment benefits to its enrolled employees. Required supplementary information can be found on pages 85-105 of this report.

Government-wide Financial Analysis

Net Position: As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, the government-wide assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$52,455,201 at the close of this reporting period.

The Town's net position consists principally of its investment in capital assets (that is, land, buildings, machinery and equipment); less any related debt used to acquire those assets that are still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Town of Narragansett's Net Position

	Government	tal Activities	Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022

Government-wide Financial Analysis (Continued)

At June 30, 2023, the Town is able to report positive balances in both categories of net position for its business-type activities. For governmental activities, the deficit in the Town's unrestricted net position decreased, due principally to the impact of fiscal 2023 capital asset and long-term liability transactions and the resulting effect on unrestricted net position.

Governmental Activities: Governmental activities increased the Town's net position by \$4,373,382.

Town of Narragansett's Changes in Net Position.

Government-wide Financial Analysis (Continued)

Property taxes levied for FY 2022-2023 based on the December 31, 2021 grand list increased by \$1,213,938 to \$55,984,526 (no Motor Vehicle) from the amount levied for 2021-2022 of \$54,770,588 (no Motor Vehicle). This was an increase of 2.22%, below the State mandated cap increase of 4%, which is the maximum allowable increase permitted under state law. Chapter 253 of the Public Laws of 2006 (known as Senate 3050) entitled "Relating to Taxation – Property Taxes" modified the calculation of the property tax cap beginning in fiscal year 2008, changed the criteria for exemptions from the property tax cap, limited the increase that School Committees could request from municipal funds in their annual budget proposal and amended the definition of "state mandates." The statewide property tax cap became effective on July 1, 2007. This cap limited the property tax levy increase to 5.25% in fiscal year 2008 and set in place a .25% reduction for each successive fiscal year until fiscal year 2013, when the cap will be set at 4.0%. The amount of current year taxes to be collected for FY 2023 was \$55,312,711 which was based on a rate of collection of 98.8%. Current year collections were \$55,632,309. This was a transition year to adjust for the Motor Vehicle Phase Out.

Business-type activities: Business-type activities decreased the Town's net position by \$392,784. Key elements of the decrease are as follows:

a. Water Fund: The net position of the Water enterprise is down \$20,792 or .34%.

b. Sewer Fund: The net position for the Sewer enterprise is down \$864,316 or 3.73%.

c. Beach Fund: The net position for the Beach enterprise is up \$429,284 or 4.21%.

d. Middlebridge: The net position for the Middlebridge Fund is up \$63,040 or 4.17%.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the reporting period, the Town governmental funds reported combined ending fund balances of \$36,586,693. Approximately 36% of this total amount or \$13,334,756 constitutes *unassigned fund balance*, which is available for spending at the Town's discretion.

The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, *unassigned* fund balance of the General Fund was \$13,334,756, while total fund balance was \$27,206,555. As a measure of the General Fund's liquidity, it may be useful to compare both *unassigned* fund balance and total fund balance to total fund expenditures and transfers. Unassigned fund balance of \$13,334,756 represents 18.6% of total General Fund expenditures and transfers of \$71,634,938 while total fund balance represents 38% of the same amount.

Financial Analysis of the Town's Funds (Continued)

The Town's General Fund – Fund Balance increased by \$1,064,749 primarily due to a school operating surplus of \$1,128,317.

Proprietary funds: The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

- a. Water Fund: The unrestricted net position of the Water Fund at June 30, 2023 was \$3,785,828.
- b. Sewer Fund: The unrestricted net position of the Sewer Fund at June 30, 2023 was \$916,589.
- c. Beach Fund: The unrestricted net position of the Beach Fund at June 30, 2023 was \$5,167,245.
- d. Middlebridge Fund: The unrestricted net position of the Middlebridge Recreation Fund at June 30, 2023 was \$237,618.

General Fund Budgetary Highlights

The general fund operating budget shows an operating deficit of \$245,267. This represents 0.4% of the \$66,946,831 budget as approved by the Town Council. The deficit is a result of higher than anticipated legal fees, insurance costs, and retirements.

The Town received an allocation of \$4,587,921 in federal American Rescue Plan Act (ARPA) funding. The Town Council has authorized four major projects that will support renovations to Fire Stations 2 & 3, Scarborough Wastewater Treatment Facility Groin restoration, Water System improvements, and Town Hall HVAC/Renovations. In addition, the Town Council has supported studies on the continuation of the bike path, Narrow River dredging project and Affordable Housing.

During the budget cycle of 2023-2024, the Town Council modified the projects associated with the ARPA funds. The major projects are as follows:

- Fire Station #2 Renovations
- Fire Pumper Vehicle
- Town Hall Renovations
- Water/Wastewater System Improvements
- Studies on the continuation of the bike path, Narrow River dredging, and Affordable Housing

The Town has until December 2024 to obligate all of the ARPA funds and until December 2026 to spend said funds.

Capital Assets and Debt Administration

1. Capital assets: The Town's investment in capital assets for its governmental and business-type activities as of June 30, 2023 amounted to \$135,280,242 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads and bridges. The total increase in the Town's investment in capital assets, net of accumulated depreciation, for FY2023 was \$2,605,116, or 1.96% (a 3.57% increase for governmental activities and a 3.02% decrease for business-type activities).

Town of Narragansett's Capital Assets

Total	\$ 103,910,311	\$ 100,327,139	\$ 31,369,931	\$ 32,347,987	\$ 135,280,242	\$ 132,675,126	

2. Debt administration: At the end of the fiscal year, the Town's governmental activities had total bonds, loans, notes, leases and financed purchase payable outstanding of \$27,463,782, all of which is backed by the full faith and credit of the Town. Total governmental and business-type activities debt increased by a \$515,000 loan, \$217,148 lease and \$50,100 note and decreased from retirements of \$2,801,865 during FY 2023.

The Town maintains a "AA+" from Standard & Poor's and an "Aa2" from Moody's for general obligation debt.

Town of Narragansett's Outstanding Debt

Capital Assets and Debt Administration (Continued)

Except as provided below, under Rhode Island general laws, the Town may not, without special statutory authorization, incur any debt which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the taxable property of the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any sinking funds maintained by the Town. The 3% debt limit of the Town is \$181,526,380 based on net assessed valuations of \$6,050,879,325 as of December 31, 2021. As of June 30, 2023, the Town had \$180,393,380 of debt that could be issued under the 3% debt limit provision.

The Town is guided by a Debt Policy, adopted by a prior Town Council, which places internal limits on the amount of General Fund debt the Town may undertake. These restrictions are:

Debt Issuance Ratios	Limitation
Debt Service as a Percentage of Operating Budget	7% of Operating Budget Expenses
Outstanding Debt as a Percentage of Assessed Valuation	2.5% of assessed valuations
Debt Service as a Percentage of Maximum Allowable	
Tax Levy	8% of Maximum Allowable Tax Levy
Outstanding Debt Per Capita	\$2,500 per capita

Current general obligation debt for Governmental Activities of \$27,203,000 and debt service of \$3,588,676 for FY 2023 equates to the following (excludes financed purchases, leases, community septic system notes, compensated absences, pollution remediation obligations and pension and OPEB obligations):

- 5.36% Debt service as a Percent of the Operating Budget (FY 2023 budget was \$66,946,831 while debt service was \$3,588,676)
- .45% Outstanding general obligation debt as a percentage of Net Assessed valuation \$6,050,879,325
- 6.41% Debt service as a percent of net tax levy of \$55,984,526
- \$1,872 Outstanding general obligation debt per capita of 14,532

As can be seen, the Town is well within the Debt Policy Guidelines.

MAXIMUM TO STAY WITHIN DEBT LIMITS

	LIMITS	CURR	ENT	
Debt service at 7% of operating budget	\$4,686,278	\$ 3,58	38,676	76.6%
Debt at 2.5% of assessed value	\$151,271,983	\$ 27,2	03,000	18.0%
Debt service at 8% of the tax levy	\$4,478,762	\$ 3,58	38,676	80.1%
Debt per capita at \$2,500	\$2,500	\$	1,872	74.9%

The approval of a bond authorization for a new library in the amount of \$5.8 million for the purpose of a new library building continues to move forward. The Pier Market building which had been purchased for a total of \$2,400,000 for a new library sight. A bond was issued February 2021 in the amount of \$2,400,000 to reimburse the Town's General Fund advancement. In the 2021-2022 fiscal year the Town issued a bond for the remaining authorized amount for the construction of the new library sight. The Request for Proposal construction bid was awarded to E.W. Burman, Inc. with a projected completion date of December 2023. A ribbon cutting ceremony was held January 28, 2024.

Subsequent Fiscal Year 2023-2024 Budget and Tax Rates

The Town of Narragansett's total general fund budget for fiscal year 2023-2024 is \$68,871,395, which reflects an increase of \$1,924,564 from the fiscal year 2022-2023 budget. The Town's tax rates for fiscal year 2023-2024 are residential real estate \$9.31 per thousand of valuation, and commercial real estate and property \$12.57 per thousand of valuation. Tangible Personal Property has a capped rate of \$12.57 per thousand in accordance with RI General Laws. The State of RI accelerated the Motor Vehicle (MV) phase out program and eliminated the MV tax in the 2023 fiscal year.

Requests for Information

TOWN OF NARRAGANSETT, RHODE ISLAND Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position June 30, 2023

Total Fund Balances - Total Governmental Funds	\$ 36,586,693
Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. See note 2 to the financial statements.	103,910,311
Other long-term receivables are not available to pay for current period expenditures and, therefore, are reported as deferred inflows of resources in the Governmental Funds financial statements.	343,079
Delinquent taxes are recognized as revenue in the period for which levied in the Government-Wide financial statements, but are reported as deferred inflows of resources in the Governmental Funds financial statements.	236,833
Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in Governmental Funds Balance Sheet.	(195,997)
Deferred pension and other post-employment benefit amounts are not reported in the Governmental Funds financial statements, but are reported in the Government-Wide financial statements as follows: Deferred outflows of resources Deferred inflows of resources	20,544,057 (9,331,309)
Long-term liabilities (including bonds, notes, loans, and financed purchase payable, compensated absences, pollution remediation obligations, lease liabilities, net pension liabilities and net other post employment benefit liabilities) are not due and payable in the current period and therefore are not reported in the Governmental Funds Balance Sheet. See note 8 to the financial statements.	(143,855,749)
Deferred amounts on refunding are not reported in the Governmental Fund financial statements, but are reported net of accumulated amortization as deferred outflows of resources in the Government-Wide financial statements.	175,646
Subscription-based information technology arrangement implementation costs are reported as an expenditure in the Governmental Fund financial statements, but are reported as an other asset in the Government-Wide financial statements.	31,647
The Internal Service Fund is used by management to charge the costs of Health and Dental Insurance to individual funds. The assets and liabilities of the Internal Service Fund are included in Governmental Activities in the Government-Wide Statement of Net Position.	3,388,084
Net Position of Governmental Activities	\$ 11,833,295

TOWN OF NARRAGANSETT, RHODE ISLAND
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and
Changes in the Fund Balances to Government-Wide Statement of Activities
For the Year Ended June 30, 2023

Net Changes in Fund Balances - Total Governmental Funds	\$ (3,235,582)
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Funds financial statements report capital outlay as expenditures. However, in the Government-Wide Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital asset additions recorded in the current period.	8,967,821
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities, but does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in Governmental Funds financial statements.	(5,384,648)
Long-term compensated absences are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, long-term compensated absences are not reported as expenditures in Governmental Funds financial statements. This is the amount of the change in long-term compensated absences in the current period.	(190,490)
Debt, financed purchases and leases provide current financial resources to Governmental Funds, but issuing debt and entering into financed purchase and leases agreements increases long-term liabilities in the Government-Wide Statement of Net Position. Repayment of debt, finannce purchase and lease principal is an expenditure in the Government Funds, but the payments reduces long-term liabilities in the Government-Wide Statement of Net Position. This amount represents leases agreements entered into during the current period. This amount represents debt, financed purchase and lease principal payments during the current period.	(217,418) 2,632,865
Accrued interest on long-term debt is reported in the Government-Wide Statement of Activities, but does not require the use of current financial resources. Therefore, accrued interest expense is not reported as an expenditure in Governmental Funds financial statements. The following amount represents the change in accrued interest from prior year.	7,179
Debt issued at a premium provide current financial resources to Governmental Funds, but are deferred and amortized in the Government-Wide financial statements. Deferred amounts on refunding are expenditures in the Governmental Funds, but are deferred and amortized in the Government-Wide financial statements. This amount represents amortization of premium on debt during the current period. This amount represents amortization of deferred amounts on refunding during the current period.	203,200 (30,111)
Other long-term liabilities are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, other long-term liabilities are not reported as expenditures in Governmental Funds financial statements.	
This amount represents the change in pollution remediation obligations during the current period.	87,098
This amount represents the change in the net pension liabilities and related deferred pension amounts during the current period.	(955,944)
This amount represents the change in the net OPEB liabilities and related deferred OPEB amounts during the current period.	2,473,554
The Internal Service Fund is used by management to charge the costs of Health and Dental Insurance to individual funds. The net revenues (expenses) of the Internal Service Fund is reported with Governmental Activities in the Government-Wide financial statements.	83,703
Subscription-based information technology arrangement implementation costs are reported as an expenditure in the Governmental Fund financial statements, but are reported as an other asset in the Government-Wide financial statements.	31,647
Revenues in the Government-Wide Statement of Activities that are not measurable and available in Governmental Funds are not reported as revenue in the Governmental Funds.	(99,492)
Change in Net Position of Governmental Activities	\$ 4,373,382

TOWN OF NARRAGANSETT, RHODE ISLAND Notes to Financial Statements June 30, 2023

The financial statements of the Town of Narragansett, Rhode Island, have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town of Narragansett was founded in 1888. The Town is governed largely under the 1966 Narragansett Home Rule Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town operates under a Town Council/Town Manager form of government and provides the following services as authorized by its charter: public safety (police, fire, and emergency services); public works (highways, streets, and facilities management); parks and recreation; planning, engineering, and inspection; education; social services; and general administrative services.

In evaluating the inclusion of potential component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units" and GASB Statement No. 61 "Financial Reporting Entity Omnibus". A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. Through the application of GASB Statements Nos. 14, 39 and 61 criteria, the following have been presented as fiduciary component units of the Town in the Fiduciary Fund Financial Statements: Town Pension Trust; Police Pension Trust; Town Other Post-Employment Benefits Trust; and School Other Post-Employment Benefits Trust.

The Town Pension Trust, the Police Pension Trust, the Town Other Post-Employment Benefits Trust, and the School Other Post-Employment Benefits Trust are pension and other post-employment benefit plans established by trust agreements as discussed in Note 13 A and B and Note 16 B and C to the financial statements. The fiscal year of the Town Pension Trust, the Police Pension Trust, the Town Other Post-Employment Benefits Trust, and the School Other Post-Employment Benefits Trust ends on June 30. The Town Pension Trust, the Police Pension Trust, the Town Other Post-Employment Benefits Trust, and the School Other Post-Employment Benefits Trust do not issue separate financial statements.

B. BASIS OF PRESENTATION AND ACCOUNTING

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements report information about the reporting entity as a whole. Fiduciary activities of the Town are not included in these statements. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed

through property taxes, intergovernmental revenue, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services rendered.

The Statement of Activities presents a comparison between direct expenses and program revenue for the business-type activities and for each function of the Town's governmental activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including property taxes and general state aid, are presented as general revenues.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets, infrastructure assets, and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period the liability is incurred.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Fund Financial Statements

The Fund Financial Statements of the Town are organized into funds, each of which is considered to be a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three categories: governmental, proprietary, and fiduciary. Major individual governmental funds and enterprise funds are reported as separate columns in the Fund Financial Statements.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide Financial Statements.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except those revenues subject to accrual (generally collected 60 days after year-end) are recognized when due. The primary revenue sources which have been treated as susceptible to accrual by the Town are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured.

Major Governmental Funds:

General Fund – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted or reported in another fund.

American Rescue Plan Act Fund – The American Rescue Plan Act Fund is used to account for federal ARPA funds received by the Town.

Proprietary Fund Financial Statements

Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows. A column representing Internal Service Funds is also presented in these statements. However, Internal Service balances and activities have been combined with the Governmental Activities in the Government-Wide Financial Statements.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The Town has four Enterprise Funds. The Town considers all Enterprise Funds to be major funds for financial statement purposes. The Town's Enterprise Funds are as follows:

Water Fund – The Water Fund is used to account for the water use fees and the expenses associated with providing water services to Town residents and businesses.

Sewer Fund – The Sewer Fund is used to account for the sewer use fees, the assessments, and the expenses associated with providing sewer services to Town residents and businesses.

Beach Fund – The Beach Fund is used to account for the fees and the expenses associated with the operation of the Town beach.

Middlebridge Recreation Fund – The Middlebridge Recreation Fund is used to account for rental fees and expenses associated with the operations of Middlebridge Recreation Area.

The Town has one Internal Service Fund as follows:

Healthcare Fund – The Healthcare Fund is used to account for the Town's self-insured health and dental care programs.

Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements include a Statement of Net Position and a Statement of Changes in Net Position. The Town's Fiduciary Funds include the Pension Trust Funds, the Other Post-Employment Benefits Trust Funds, and the Private Purpose Trust Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as a custodian for individuals, private organizations, or other governments. The Fiduciary Funds are accounted for on a spending or "economic resources" measurement focus and the accrual basis of accounting.

Pension Trust Funds – The Pension Trust Funds account for contributions made by the Town and its participating employees to provide pension benefits to these employees at retirement.

Other Post-Employment Benefits Trust Funds – The Other Post-Employment Benefits (OPEB) Trust Funds were established to account for contributions to finance other post-employment benefits paid by the Town and the payment of these benefits as they come due. The Town OPEB Fund was established by Town Ordinance effective August 1, 2011 and the School OPEB Fund was established by School Committee Resolution effective May 17, 2017.

Private Purpose Trust Funds – The Private Purpose Trust Funds account for funds held in trust for use by an outside committee to provide awards and scholarships in accordance with a donor's instructions. All resources of the funds, including any earnings on investments, may be used. There is no requirement that any portion that these resources be considered nonexpendable.

C. RECENTLY ISSUED ACCOUNTING STANDARDS

The Town has implemented the following new accounting pronouncements:

- GASB Statement No. 91 *Conduit Debt Obligations*, effective for the Town's fiscal year ending June 30, 2023.
- GASB Statement No. 94 Public-Private and Public-Public Partnerships and Availability Payment Arrangements, effective for the Town's fiscal year ending June 30, 2023.
- GASB Statement No. 96 Subscription-Based Information Technology Arrangements, effective for the Town's fiscal year ending June 30, 2023.
- GASB Statement No. 99 *Omnibus 2022*, requirements related to leases, PPPs and SBITAs which are effective for the Town's fiscal year ending June 30, 2023.

The adoption of GASB Statement Nos. 91, 94, and 96, and portions of GASB Statement No. 99 applicable in fiscal year 2023 did not have an impact on the Town's financial position or results of operations.

The Town will adopt the following new accounting pronouncements in future years:

- GASB Statement No. 99 *Omnibus 2022*, requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 effective for the Town's fiscal year ending June 30, 2024.
- GASB Statement No. 100 Accounting Changes and Error Corrections an amendment of GASB Statement No. 62, effective for the Town's fiscal year ending June 30, 2024.
- GASB Statement No. 101 *Compensated Absences*, effective for the Town's fiscal year ending June 30, 2025.
- GASB Statement No. 102 *Certain Risk Disclosures*, effective for the Town's fiscal year ending June 30, 2025.

The impact of these pronouncements on the Town's financial statements has not been determined.

D. DEPOSITS AND INVESTMENTS

The cash balances of substantially all funds are pooled and invested by the Town Finance Director for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value as of June 30, 2023. The individual funds' portions of the pool's fair value are presented as "Pooled Cash and Investments". Earnings on the pooled funds are apportioned and credited to the funds annually.

E. CASH EQUIVALENTS

The Town considers cash and cash equivalents in the Proprietary Funds to include cash on hand, time and demand deposits, and short-term investments maturing within three months from the date of acquisition.

F. INVESTMENTS

The Town reports investments at fair value, except for investments in money market funds and the Trust OPEB Funding Program which are reported at net asset value per share or its equivalent (which approximates fair value).

G. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable are shown net of an allowance for uncollectible accounts. The allowances are calculated based on the age of the individual receivables.

H. UNBILLED SERVICES RECEIVABLE

Water and sewer revenue is recorded when earned. Customers are billed quarterly. The estimated value of services provided but unbilled at year-end has been included in the accompanying financial statements.

I. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. INVENTORY

Inventory is maintained on a periodic system and is stated at cost (first in, first out method of inventory valuation). Inventory is generally recorded as expenditures/expenses when consumed.

K. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Position. In the Fund Financial Statements, capital assets used in governmental fund activities are accounted for as capital expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for in the same manner as in Government-Wide Financial Statements.

All capital assets are recorded at cost (or estimated historical cost). Donated capital assets are recorded at acquisition value as of the date received. The Town follows the policy of not capitalizing assets with a cost of less than \$10,000 and a useful life of less than 1 year.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Ending at a d

Estimatea
<u>Useful Lives</u>
5-65 years
25-65 years
5-30 years
6-12 years
15-65 years

L. DEBT PREMIUMS

In the Governmental Fund Financial Statements, debt premiums are reported as an "other financing source." In the Government-Wide Statements, debt premiums are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable.

M. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

Deferred outflows of resources represent a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

In the Governmental Fund Financial Statements, deferred inflows of resources are reported for receivables recorded in the Governmental Fund Financial Statements for which the revenue is not available, or amounts received before the period for which property taxes are levied.

In the Government-Wide Financial Statements, deferred inflows of resources are reported for amounts received before the period for which property taxes or revenues are levied or due and deferred amounts related to refunding debt issues which will be amortized as a component of interest expense in future years. Deferred outflows of resources and deferred inflows of resources are also reported for amounts related to the Town's pension plans and other post-employment benefit plans that will be amortized as a component of pension and other post-employment benefit expense in future years.

N. PROPERTY TAXES

The Town is permitted by Rhode Island General Law to levy property taxes. Current tax collections for the Town were approximately 99.39% of the total 2022 levy. The tax rate of the Town is established in accordance with Town Ordinance.

The Town's fiscal 2022-2023 property taxes were levied on June 6, 2022, on assessed valuation as of December 31, 2021. Upon levy, taxes are due and payable between July 1 and July 31 or may be paid quarterly on July 31, October 31, January 31, and April 30. Failure to mail payments by due dates will result in a lien on the taxpayer's property. Taxable assessed values are established by Tax Assessor's Office and are currently calculated at 100% of the full and fair value for real estate and tangible personal property. A full revaluation of all property was completed as of December 31, 2020.

Rhode Island General Law restricts the Town's ability to increase its total tax levy by more than 4% over that of the preceding fiscal year.

O. LEASES

The Town is lessor for noncancellable leases of building space and land. The Town recognizes leases receivable and deferred inflows of resources in the Government-Wide and Governmental Fund Financial Statements. The Town is also lessee for a noncancellable equipment lease. The Town recognizes a lease liability and intangible right-to-use lease asset (lease asset) in the Government-Wide

Financial Statements.

At the commencement of a lease, the Town initially measures the lease receivable or lease liability at the present value of payments expected to be received or made during the lease term. Subsequently, the lease receivable or lease liability is reduced by the principal portion of the lease payments received or made. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments include how the Town determines (1) the discount rate it uses to discount the expected lease receipts or payments to present value, (2) lease term, and (3) lease receipts or payments.

- The Town uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease and periods covered by the
 lessee or Town's option to extend the lease if it is reasonably certain, based on all relevant
 factors, that the lessee or Town will exercise that option. Lease receipts or payments included
 in the measurement of the lease receivable or liability is composed of fixed payments from the
 lessee.

The Town monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources or lease asset and lease liability if certain changes occur that are expected to significantly affect the amount of the lease receivable or liability.

Lease assets are reported with capital assets and lease liabilities are reported with long-term liabilities in the Government-Wide Statement of Net Position.

P. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town employees are granted vacation and sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned on June 30. Sick leave benefits are based on the sick leave accumulated on June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect on June 30, 2023.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, the amount of accumulated vacation and sick leave has been recorded as a current liability to the extent that the amounts are due to employees who have resigned or retired.

Q. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims and judgments and compensated absences paid from governmental funds are reported as a liability in the Governmental Fund Financial Statements only for the portion expected to be financed from expendable available financial resources. Long-term debt paid from governmental funds is not recognized as a liability in the Governmental Fund Financial Statements until due.

R. PENSIONS

For the purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System of the State of Rhode Island, the Town Pension, and Police Pension plans and the additions to/deductions from each plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, the plans benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For the purposes of measuring the net OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Town OPEB and School OPEB plans and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, the plans recognize benefit payments when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

T. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2023 was as follows:

	Beginning Balance		Additions	R	etirements	Ending Balance
Governmental Activities:

NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. LEGAL DEBT MARGIN

The Town's legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value which approximates \$181,526,380. As of June 30, 2023, the Town's debt subject to the legal debt margin is \$1,133,000 and the Town is under the debt limit by \$180,393,380. The debt subject to the debt limitation is based on the type of debt that is issued.

NOTE 4 – DEPOSITS AND INVESTMENTS

A. SUMMARY OF DEPOSIT AND INVESTMENT BALANCES

The following is a reconciliation of the Town's deposit and investment balances as of June 30, 2023.

	Government-Wide Statement of <u>Net Position</u>		St	iciary Funds atement of et Position	<u>Total</u>
Pooled cash and investment	\$	52,760,968	\$	4,978,471	\$ 57,739,439

Cash	\$	27,037,848
Investments		30,701,591
Total	\$	57,739,439

B. CUSTODIAL CREDIT RISK – Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Town will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Town does not have a formal deposit policy for custodial credit risk but is governed by State Laws as described below. As of June 30, 2023, \$10,129,685 of the Town's bank balance of \$29,122,097 was exposed to custodial credit risk as follows:

	Bank
	Balance
Insured (federal depository insurance funds)	\$18,992,412
Collateralized with securities held by pledging	
financial institution or its agent, in the Town's name	5,362,104
Collateralized with securities held by pledging financial	
institution or its agent, but not in the Town's name	2,836,915
Uninsured and uncollateralized	1,930,666
Total	\$29,122,097

Under Rhode Island General Laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions which do not meet minimum capital standards prescribed by federal regulators shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. On June 30, 2023, the Town's uncollateralized deposits with institutions were \$ 1,930,666. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

NOTE 5 – INVESTMENTS

The Town has investment policies for its operating funds. Operating funds include all funds except retirement funds, other pension employees' benefits, the proceeds of certain debt issues and the assets of trust funds and endowments. Permitted investments include: U.S. Treasury obligations which carry the full faith and credit guarantee of the United States; U.S. government agency and instrumentality obligations that have a liquid market readily determinable market value; certificates of deposit; bankers' acceptances; investment-grade commercial paper; investment-grade corporate bonds with a minimum Baa2/BBB credit rating and no more than 7 years until maturity; investment-grade obligations of state, provincial and local governments and public authorities; repurchase agreements

whose underlying purchased securities consist of the aforementioned instruments; money market mutual funds regulated by the SEC whose portfolios consist of dollar-denominated securities; and local government investment pools either state-administered or developed through joint powers statutes and other intergovernmental agreement legislation whose weighted average maturity does not exceed 90 days. All marketable securities are to be held by the counterparty in the Town's name. The following investment guidelines apply to operating funds:

- Tier 1 Liquidity Investment Portfolio shall be a minimum of 25% of operating fund assets and may be invested in bank deposits and money market funds with daily liquidity.
- Tier 2 Short-Term Reserve Portfolio may be a maximum of 75% of operating fund assets and may be invested in bank deposits, money market funds with daily liquidity, U.S. government treasuries, agency mortgage-backed securities and municipal bonds (minimum Aa3/AA- credit rating). A minimum of 10% shall be invested in U.S. government treasuries. A minimum of 30% shall be invested in U.S. government treasuries and agency guaranteed mortgages. The portfolio duration must not exceed 5 years and no bond's duration may exceed 6 years at time of purchase.
- Tier 3 Intermediate-Term Reserve Portfolio may be a maximum of 50% of operating fund assets and may be invested in bank deposits, money market funds with daily liquidity, U.S. government treasuries, agency mortgage-backed securities, municipal bonds (minimum Aa3/AA- credit rating, maximum duration of 7 years), investment-grade corporate bonds (minimum Baa2/BBB credit rating, maximum duration of 7 years), exchange traded funds that fit pool criteria and mutual funds that fit pool criteria. A minimum of 10% shall be invested in U.S. government treasuries and agency mortgage-backed securities. A maximum of 25% may be invested in investment-grade corporate bonds with a minimum Baa2/BBB credit rating and no more than a 7-year maturity. A maximum of 75% may be invested in taxable municipal bonds with a minimum A3/A- credit rating and no more than a 7-year duration. The portfolio duration must not exceed 5 years and no bond's duration may exceed 7 years at time of purchase.

The Town has the following investment policies for the Pension Trust Funds:

- Equities (including convertible securities) may represent up to 70% of the account's market value with a minimum requirement of 25%.
- International Securities should not exceed 20% of the total plan assets.
- Fixed income (including preferred stocks) is not to exceed 75% of the account's market value with a minimum requirement of 30%.
- Cash equivalents (including all senior debt securities with under 1 year to maturity) may be held to a maximum of 30% of the account's market value.
- No manager shall hold greater than 15% of the total pension plan assets, calculated on an annual basis.

- Manager's investments in any one equity security (except mutual funds, exchange traded funds (ETFs), and U.S. Government and Agency securities) should not exceed 5% at cost of the total market value of the respective manager's portfolio and should not exceed 10% of the portfolio at any time.
- No more than 25% of the equity portfolio should be invested in any one of the following S&P 500 sectors: consumer cyclical, consumer staple, basic industrial, transportation, energy, capital goods and construction, utilities, finance, health care, and technology.
- Fixed income investments will be diversified by industry and by maturity. Not more than 5% of the portfolio value will be invested in any one issuer with the exception of the U.S. Government or its agencies.
- Average effective duration for the fixed income portfolio will not exceed six (6) years.
- Fixed income investments must be rated at least Baa2 or its equivalent by at least one recognized bond rating service. At least 80% of the fixed income portfolio must carry a rating of A or its equivalent by one rating agency.
- Current holdings that are not rated at least Baa2 or its equivalent by one rating agency must be sold within a reasonable period of time, not to exceed six (6) months.
- The Manager is prohibited from investing in private placements and from speculating in fixed income or interest rate futures.
- The Managers may invest in commercial paper, repurchase agreements, Treasury Bills, certificate of deposits, and money market funds. All such assets must represent maturities of one year or less at time of purchase. Commercial paper must be rated P-1 or A-1 by Standards & Poor's or Moody's respectively.

As of June 30, 2023 the Town had the following investments:

<u>Investments</u>	Fair Value	Rating (Moody's/S&P)

Interest Rate Risk – Except as discussed above, the Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Information about the exposure of the Town's securities to this risk is presented below:

		Investment Maturities (In Years)									
		Less than	1-5		6-10		11-15		20-25		25+
Type of Investment	Fair Value	1 Year	Years	<u>)</u>	<u>Years</u>		Years		Years		Years

Mutual fund and exchange traded fund maturity is based on average maturity of the fund. \$330,197 of the Town's mutual funds and exchange traded funds do not have average maturity information available.

Credit Risk – The Town is governed by State Laws that limit investment choices to short-term investments for its public deposits (General Fund). Except as discussed above, the Town has no investment policy that would further limit its investment choices. The ratings for the Town's investments are presented above.

Concentration of Credit Risk – Except as discussed above, the Town does not have any policies that limit the amount that can be invested with one issuer.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Except as discussed above, the Town does not have a policy related to custodial credit risk. The Town's investments are held by the Town's counterparty in the Town's name.

Foreign Currency Risk – Except as discussed above, the Town does not have any policies related to foreign currency risk. Information about exposure of the Town's securities to this risk is presented below:

	Fair Value									
			Fixe	ed Income						
Currency	Equi	ties	Se	ecurities						
Australian dollar	\$	-	\$	44,516						
Bermudan dollar		-		82,577

Pound sterling	23	38,690		177,384						
Swiss franc	22	23,370		-						
	\$ 1,60	03,255	\$	1,780,457						

The Town's investment in mutual funds and ETFs includes \$2,730,800 in international fixed income funds and \$19,660,818 in international equity funds.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Town has the following recurring fair value measurements as of June 30, 2023:

			Fair Value	e Measurements	Using:
Investments by fair value level:	June 30, 2023		Level 1	Level 2	Level 3
Common Stock	\$ 31,564,190	\$	31,564,190	\$ -	\$ -
Mutual Funds & ETFs - Equities	56,959,629		56,959,629	-	-
Mutual Funds & ETFs - Fixed Income	28,672,330		28,672,330	-	-
Corporate Bonds - Domestic Investment Grade	8,550,907		-	8,550,907	-
Fixed Income - Global/Foreign	1,780,457		-	1,780,457	-
Fixed Income - Municipal Bonds	18,839,595			18,839,595	-
Fixed Income - US Government	11,204,246		-	11,204,246	-
Mortgage-Backed Securities	5,806,401		-	5,806,401	
Total investments measured by fair value level	163,377,755	\$	117,196,149	\$ 46,181,606	\$ -
Investments measured at net asset value (NAV):					
Money Market Funds	2,566,039				
Trust OPEB Funding Program	2,545,336	_			
Total investments measured at fair value	\$ 168,489,130	=			

Equity and debt securities and funds classified in Level 1 are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 are valued using rules-based pricing applications that consider benchmark yields, reported trades, market-based quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data.

All money market investments have a maturity of less than one year. The fair value of these money market funds reflects the net asset value reported by the fund administrator which is a stable \$1 per unit. The underlining investments, which are short-term cash equivalent type investments are generally carried at amortized cost which approximates fair value. There are no participant's withdrawal limitations.

The Town's investment in the Trust OPEB Funding Program is valued using net asset value (NAV) per share (or its equivalent). The redemption frequency of the Trust OPEB Funding Program is daily and there is no redemption notice period. The Trust OPEB Funding Program investment utilizes a balanced strategy seeking both a reasonable level of income and long-term growth of capital and income. The Program invests in seven index and mutual funds: total stock market index fund, total international stock index fund, total bond market index fund, total international bond index fund, intermediate-term investment grade fund, short-term investment grade fund, and REIT index fund. The fair values of the underlying investments are used to determine NAV per share (or its equivalent) of the Trust OPEB Funding Program investment.

NOTE 7 – LEASES RECEIVABLE

During the current fiscal year, the Town had seven lease agreements to lease building space and land to various third parties. The lease terms were initially 5 years with the Town's options to extend five of these leases for 1-4 additional terms in 5-year increments in accordance with individual lease agreements. The Town receives fixed monthly payments for five of the leases and payments for the other two leases are received based on payment dates and amounts listed in the individual lease agreements. The leases contain annual increases ranging between 0% and 5% in accordance with individual lease agreements. The Town recognized \$259,106 in lease revenue and \$35,268 in interest revenue during the fiscal year 2023 related to these leases. As of June 30, 2023, the Town's receivable for lease payments was \$2,677,111. Also, the Town has deferred inflows of resources associated with these leases that will be recognized as revenue over the lease terms. As of June 30, 2023, the balance of the deferred inflows of resources was \$2,677,111.

NOTE 8 – LONG TERM LIABILITIES

A. LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2023 was as follows:

	Beginning Balance	\boldsymbol{A}	dditions	R	etirements	Ending Balance	$D\iota$	mounts e Within ne Year
Governmental Activities:								
Bonds, notes, and loans payable:

	\$	298,000	\$	7,846	\$	865,307	\$	165,533

On July 11, 2005 and May 16, 2022, the Town entered into loan agreements with the RI Infrastructure Bank for \$250,000 and \$300,000, respectively, to be used to finance the Community Septic System Loan Program (CSSLP). The loans are evidenced by non-restoring line of credit promissory notes. The loans bear interest of 0% and discharge of the loans is the later of the date on which all loans made by the Town under the CSSLP have been paid back or July 1, 2022 or July 1, 2032, respectively. The balance of the loans reported in Governmental Activities as of June 30, 2023 is \$73,428 and the balance available to be drawdown is \$272,725.

D. FINANCED PURCHASE PAYABLE

The Town acquired equipment valued at \$40,048 using a financed purchase agreement. The agreement bears interest of 0%.

Obligations of governmental activities for the financed purchase agreement on June 30, 2023 were as follows:

Fiscal Year Ended June 30,	<i>Pr</i>	incipal
2024	\$	6,675
2025		6,674
2026		5,006
	\$	18,355

E. LEASE LIABILITY

The Town entered into a lease agreement for equipment. As of June 30, 2023, the value of the lease liability was \$168,999. The equipment has an estimated useful life of 6 years. The value of the right-to-use asset as of June 30, 2023 was \$217,418 and accumulated amortization was \$14,495.

Obligations of governmental activities for the lease liability as of June 30, 2023 were as follows:

Fiscal Year Ended June 30,	_ <i>P</i>	rincipal	 nterest
2024	\$	40,587	\$ 4,533
2025		41,676	3,444
2026	42,794		2,326

G. POLLUTION REMEDIATION OBLIGATIONS

The United States Environmental Protection Agency (US EPA) has notified the Town that two former landfills used by the Town, Rose Hill Regional Landfill (Rose Hill) and West Kinston/URI Disposal Area Landfill, have been placed of the Superfund list.

Rose Hill Regional Landfill – Rose Hill was previously operated by the Towns of South Kingstown and Narragansett. In September 2002, the US EPA, the Rhode Island Department of Environmental Management (RIDEM) and the Towns of Narragansett and South Kingstown entered into a Final Consent Decree for remediation of Rose Hill. Since then, the site has been capped and long-term groundwater and air monitoring has commenced to determine the effectiveness of the cap and what, if any, additional remediation actions may be necessary in the future. The current estimated total cost of completing the clean-up of Rose Hill is \$21,519,175. The Town's share of this obligation is estimated to be \$4,499,733. In prior years, the Town paid \$2,000,000 to the Federal Government to settle all past liabilities associated with Rose Hill and \$504,931 for its share of natural resource damages. The Final Consent Decree also requires reimbursement to the State of 30% of the costs associated with remediation of this landfill and ongoing operation and maintenance costs. These costs will be shared equally by the two towns. The Town has paid \$905,433 to date for its share of remediation of the landfill and operation and maintenance costs. The Town's remaining share of the estimated cost, totaling \$1,089,369 on June 30, 2023, will be paid to the State over a 14-year period. Accordingly, \$1089,369 has been reported as a pollution remediation obligation in the government-wide financial statements.

West Kingston/URI Disposal Area Landfills – The West Kingston/URI Disposal Area Landfills, also known as the Plains Road Landfill (Plains Road), was added to the Superfund list in 1992. The Towns of Narragansett and South Kingstown and the University of Rhode Island (URI) were named as potentially responsible parties. The Towns of Narragansett and South Kingstown and URI have agreed to participate in the remediation of the site under State landfill closure regulations. A consent decree was entered for the site as well. The current estimated cost of completing the clean-up of Plains Road is \$7,479,620. The Town's share of this obligation is estimated to be \$1,679,588. The Town has paid \$1,519,588 to date related to its obligation with an estimated \$160,000 remaining for ongoing operation and maintenance costs on June 30, 2023. Accordingly, \$160,000 has been reported as a pollution remediation obligation in the government-wide financial statements.

NOTE 9 – INTERFUND RECEIVABLES AND PAYABLES

The Town reports interfund balances between many of its funds. The totals of all balances agree with the sum of interfund balances presented in the fund statements.

	Due From:							
			N	onmajor				
		General		ernmental	_	Pension		m . 1
		Fund		Funds	Tr	ust Funds		Total
Due To:								
General Fund	\$	-	\$	765,302	\$	214,665	\$	979,967
Nonmajor Governmental Funds		3,172,502						3,172,502
Total	\$	3,172,502	\$	765,302	\$	214,665	\$	4,152,469

The outstanding balances between funds primarily result from the time lag between the dates the 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system and 3) payments between funds are made.

	Advances from:
	Nonmajor
	Governmental
	Funds
Advances to:	
General Fund	\$ 299,364
Total	\$ 299,364

The amount payable to the General Fund relates to a working capital loan made to the Library Building Fund. None of the balance is scheduled to be collected in the subsequent year.

NOTE 10 – INTERFUND TRANSFERS

	Transfer In:
	Nonmajor
	Governmental Funds
Transfer Out:	
General Fund	\$ 6,953,268
Total	\$ 6,953,268

Transfers are used to move revenues from the fund that the budget requires to collect them to the funds that the budget requires to expend them.

NOTE 11 – NET POSITION/FUND BALANCES

The Government-Wide Financial Statements and Proprietary Fund Statements utilize a net position presentation. Net position is categorized as net investment in capital assets; restricted; and unrestricted.

Net Investment in Capital Assets – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.

Restricted Net Position – This category represents balances limited to uses specified either externally by creditors, contributors, laws and regulations of other governments or imposed through constitutional provisions or enabling legislation.

Unrestricted Net Position – This category represents the residual component of net position that does not meet the definition of "restricted" or "net investment in capital assets."

The Town considers restricted resources to have been spent when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

In the Fund Financial Statements, governmental fund equity is classified as fund balance. Fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" criteria include items that are not expected to be converted to cash (e.g., inventories and prepaid items).

Restricted Fund Balance – This classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. These committed amounts cannot be used for any other purpose unless the Town removes or changes the specific use by taking the same type of action it employed to previously commit those amounts.

Assigned Fund Balance – This classification includes amounts constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed.

Unassigned Fund Balance – This classification is the residual fund balance for the General Fund which is the only fund that reports a positive unassigned fund balance amount. This classification represents fund balance that has not been assigned to another fund and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

Committed fund balances are established, modified, or rescinded by an ordinance or resolution adopted by the Town Council. The Town Council delegates to the Town Manager the authority to assign amounts to be used for specific purposes. The Town considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Town considers unrestricted fund balance classifications to be used in the following order when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used: 1) committed; 2) assigned; and 3) unassigned.

NOTE 12 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables within the subsequent year, except for sewer assessments, sewer lot development fees and community development loans receivable. The real estate and personal property tax receivable includes an allowance for doubtful accounts of \$209,366.

B. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities on June 30, 2023, were as follows:

	1	Vendors	 laries and Benefits	Other	Total
Governmental activities:					
General Fund	\$	584,925	\$ 941,125	\$ 86,700	\$ 1,612,750
American Rescue Plan Act Fund		21,166	-	-	21,166
Other Governmental Funds		3,127,455	23,406	-	3,150,861
Internal Service Fund		-	149,632	-	149,632
Total	\$	3,733,546	\$ 1,114,163	\$ 86,700	\$ 4,934,409
Business-Type activities:					
Water Fund	\$	123,005	\$ 13,965	\$ 2,009	\$ 138,979
Sewer Fund		117,001	32,400	692	150,093
Beach Fund		47,580	41,275	90	88,945
Middlebridge Recreation Fund		1,908	-	-	1,908
Total	\$	289,494	\$ 87,640	\$ 2,791	\$ 379,925

NOTE 13 – POST-EMPLOYMENT BENEFITS

A. TOWN PLAN

Plan Description

Plan Administration - The Town of Narragansett administers a single-employer, defined benefit post-employment benefit plan. This plan does not include the pension benefits discussed in Note 16. On August 1, 2011, the Town Council authorized the creation of an OPEB Trust Fund. The Finance Director is responsible for administration of the plan in accordance with the Trust Agreement dated September 8, 2011 with Town Council oversight. The plan is reported as a Trust Fund in the Town's financial statements. The plan does not issue a publicly available financial report.

Plan Membership - As of June 30, 2023, the plan membership data is as follows:

Active employees (with and without coverage)	183
Retirees and beneficiaries	161
	344

Benefits Provided - The plan provides medical, dental and life insurance for eligible retirees and their dependents through the Town's group insurance plans, which cover both active and retired members. Benefit provisions are established and amended by the union contracts through negotiations between the Town and the respective unions or as established by the Town Ordinance for non-union employees. The plan provides the following benefits based on employee group upon retirement:

Municipal Employees – Employees who have attained age 58 with 10 years of service or 20 years of service (whichever is earlier) are eligible for lifetime medical, dental and life insurance benefits, if hired prior to July 1, 2014. Effective July 1, 2001, those retirees eligible for lifetime benefits who are Medicare eligible are enrolled in Blue Cross Plan 65. Council 94 employees hired on/after July 1, 2014 who have attained the age of 65 with 10 years of service or 25 years of service (whichever is earlier) are eligible for medical and dental coverage until Medicare eligible. Local 1033 employees hired on/after July 1, 2014 who have attained the age of 58 with 10 years of service or 25 years of service (whichever is earlier) are eligible for medical and dental coverage until Medicare eligible. Employees retiring prior to January 1, 2010 have no employee contribution. Council 94 and Local 1033 employees retiring prior to July 1, 2018 who elect spousal coverage at retirement shall be provided with 2-person coverage and the retiree contribution requirements noted below apply to the spouse as well. Council 94 and Local 1033 employees retiring on/after July 1, 2018 who elect spousal coverage at retirement must contribute the full incremental cost of the spousal coverage. The following employee contribution requirements apply:

• Council 94 – date of retirement on/after January 1, 2010 and prior to January 1, 2012 – 2% of monthly pension; date of retirement on/after January 1, 2012 – 10% of health and dental premiums; date of retirement on/after July 1, 2012 – 12% of health and dental premiums; date of retirement on/after July 1, 2013 – 15% of health and dental premiums; date of retirement on/after July 1, 2018 – 20% of health and dental premiums

- Local 1033 date of retirement after January 1, 2011 2% of monthly pension; date of retirement after January 1, 2012 10% of health and dental premiums; date of retirement after January 1, 2013 12% of health and dental premiums. For those hired prior to July 1, 1996 who: retire between July 1, 2014 and June 30, 2015 5% of health and dental premiums; retire between July 1, 2015 and June 30, 2016 10% of health and dental premiums; retire between July 1, 2016 and June 30, 2018 15% of health and dental premiums; retire after July 1, 2018 20% of health and dental premiums. For those hired on/after July 1, 1996 who retire on/after July 1, 2014 20% of health and dental premium.
- Non-Union 2% of monthly pension

Council 94 and Local 1033 employees retiring on/after July 1, 2018 will receive individual health and dental benefits only until age 65 or Medicare eligible (whichever is earlier) regardless of date of hire.

<u>Firefighters</u> – Employees who have 20 years of service are eligible for lifetime medical, dental and life insurance benefits if hired prior to July 1, 2013. Firefighters hired on/after July 1, 2013 must have 25 years of service to be eligible for benefits. Employees retiring prior to January 1, 2011 have no employee contribution. Employees retiring on/after January 1, 2011 but prior to January 1, 2017 must contribute 20% of their health premium (for retirees and spouses). Employees retiring on/after January 1, 2017 will receive health coverage through a Blue Solutions HDHP plan with no contribution requirement and must contribute 20% of their dental premium (for retirees and spouses). Employees retiring on/after January 1, 2011 will no longer be eligible for subsidized Medicare Supplement coverage.

<u>Police Officers</u> – Employees who have attained age 58 with 10 years of service or 20 years of service (whichever is earlier) are eligible for lifetime medical, dental and life insurance benefits if hired prior to July 1, 2013. Officers hired on/after July 1, 2013 must have 25 years of service to be eligible for medical and dental coverage until Medicare eligibility and lifetime life insurance benefits. Employees retiring prior to January 1, 2010 have no employee contribution. Employees retiring on/after January 1, 2011 must contribute 2% of their monthly pension and employees retiring on/after January 1, 2011 but prior to July 1, 2013 must contribute 5% of their monthly pension towards health, dental and life insurance costs. Employees who retire on/after July 1, 2013 but prior to July 1, 2017 must contribute 15% of health and dental premiums. Employees who retire on/after July 1, 2018 must contribute 17% of health and dental premiums. Employees who retire on/after July 1, 2018 must contribute 20% of health and dental premiums.

Current and future Town retirees who waive coverage from the Town due to equivalent coverage elsewhere shall be reimbursed a percentage of the Town's cost of group health and dental depending on their coverage level (municipal employees and firefighters – 50%; police officers – 60% for retirements prior to July 1, 2017 and 50% for retirements on/after July 1, 2017). Council 94 and Local 1033 employees retiring on/after July 1, 2018 will receive this benefit until Medicare eligible. Firefighters retiring on/after January 1, 2011 will receive this benefit until Medicare eligible. Police officers hired on/after July 1, 2013 will receive this benefit until Medicare eligible.

Contributions - Contribution requirements are negotiated between the Town and the respective unions or are established by Town Ordinance for non-union employees. The Town is required to contribute the cost of medical, dental and life benefits, less the amount of any applicable retiree share of premiums. For the year ended June 30, 2023, the Town's contribution was based on the adopted budget which was more than the actuarially determined contribution. For the fiscal year ended June 30, 2023, the Town contributed \$4,272,584 to the plan. Administrative costs are paid from plan assets.

Summary of Significant Accounting Policies

Basis of Accounting – The Other Post-Employment Benefits Trust Fund's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates.

Investments

Investment Policy – The Finance Director may invest funds held in the OPEB Trust Fund in accordance with the Trust Agreement and State Law in the following types of investments: common or preferred stocks, bonds, notes, debentures, mortgages, equipment or investment trust certificates, mutual funds or other pooled investment vehicles, and other evidence of indebtedness.

Rate of Return – For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 8.84%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

Net OPEB Liability of the Town Plan

The components of the net OPEB liability of the Town on June 30, 2023, were as follows:

Total OPEB Liability	\$44,479,569
OPEB Plan Fiduciary Net Position	(16,425,110)
Net OPEB Liability	\$28,054,459

Plan Fiduciary Net Position as a percentage of the Total OPEB Liability

Actuarial Assumptions – The total OPEB liability was determined by an actuarial valuation as of June 30, 2023, the measurement date. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

36.9%

Actuarial Cost Method Entry Age Normal Cost Method

Salary Increases Age 20 - 10%; Age 25 – 8%; Age 30 - 6%;

Age 35 – 5%; Age 40 – 4.5%; Age 45 –

4.25%; Age 55+ - 4%

Inflation 2.5%

Investment Rate of Return 6.5%

Mortality *Police and Fire* - SOA Pub-2010 Public Safety

Headcount Weighted Mortality Table fully

generational using Scale MP-2021

Disabled Retirees - SOA Pub-2010

General/Public Safety Headcount Weighted Disabled Retiree Mortality Table fully

generational using Scale MP-2021

Contingent Survivors – SOA Pub-2010 Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale

MP-2021

Health Care Trend Rates *Medical/RX* – Based on Getzen 2023 Table

with initial rates of 7% non-Medicare and 6% Medicare decreasing gradually to an ultimate

rate of 3.94% by 2075

Medicare Part B – Based on increases shown in the 2023 Medicare Trustees report for the first 9 years followed by the Getzen 2023

Table with an initial rate of 6% decreasing gradually to an ultimate rate of 3.94% by 2075

Dental – 3% for all years

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Asset Allocation	Real Rate of Return
Fixed Income	38%	2.50%
Domestic Equity	39%	5.15%
International Equity	13%	5.65%
REITs	3%	5.00%
Commodities	2%	2.50%
Alternatives	3%	1.50%
Cash & Cash Equivalents	2%	0.50%
	100%	

The following changes in actuarial assumptions have been made since the prior valuation:

- The inflation rate was changed from 2% to 2.5%.
- The mortality improvement scale was changed from MP-2020 to MP-2021.
- The health care trend rates for prescription/RX costs were changed from an initial rate of 8% decreasing 0.5% annually to an ultimate rate of 4.5% to the Getzen 2023 Table with an initial rate of 7% non-Medicare and 6% Medicare decreasing gradually to an ultimate rate of 3.94% by 2075.
- The health care trend rates for Medicare Part B premiums were changed from an initial rate of 3.25% increasing 0.25% annually to an ultimate rate of 4.25% to the increases shown in the 2023 Medicare Trustees report for the first 9 years followed by the Getzen 2023 Table with an initial rate of 6% decreasing gradually to an ultimate rate of 3.94% by 2075.
- The health care cost trend rates for dental costs were changed from an initial rate of 4% decreasing 0.5% annually to an ultimate rate of 3% to 3% for all years.

The actuarial assumptions used in the June 30, 2023 valuation and the calculation of the total OPEB liability as of June 30, 2023 were consistent with an actuarial experience study performed in 2021.

Discount Rate – The discount rate used to measure the OPEB liability was 6.5% for the Town Plan. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the greater of the actuarially determined contribution or the expected benefit payments. Based on those assumptions, the Town Plan's net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Town Plan - Changes in the Net OPEB Liability

	Increase (Decrease)					
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability			
Balances as of June 30, 2022	\$43,899,183	\$13,511,838	\$30,387,345			
Changes for the Year:	, ,	, ,	,			
Service cost	781,429	-	781,429			
Interest on the total OPEB liability	2,823,965	-	2,823,965			
Changes in benefits	-	-	-			
Difference between expected and actual						
experience	(1,883,725)	-	(1,883,725)

2025	366,219
2026	802,178
2027	(148,631)

B. SCHOOL PLAN

Plan Description

Plan Administration - The Narragansett School System administers a single-employer, defined benefit post-employment benefit plan. This plan does not include the pension benefits discussed in Note 16. On May 17, 2017, the School Committee authorized the creation of an OPEB Trust Fund. The Director of Finance and Administration is responsible for administration of the plan in accordance with the Trust Agreement effective May 17, 2017 with School Committee oversight. The plan is reported as a Trust Fund in the Town's financial statements. The plan does not issue a publicly available financial report.

Plan Membership - As of June 30, 2023 the plan membership data is as follows:

Active employees (with and without coverage)	211
Retirees and beneficiaries	163
	374

Benefits Provided - The plan provides medical, dental and life insurance for eligible retirees and their dependents through the School System's group insurance plans, which cover both active and retired members. Benefit provisions are established and amended by the union contracts through negotiations between the School System and the respective unions or as established by employee contract for non-union employees. The plan provides the following benefits based on employee group:

<u>Certified Teachers</u> – Employees who have 10 years of service are eligible for health and dental benefits until Medicare eligible once they meet the retirement eligibility requirements of the Employees Retirement System. Retirees are responsible for 100% of the premium cost plus a 2% administrative fee once any accrued sick leave balance which is converted to pay for health and dental insurance has been exhausted.

<u>Other School Employees</u> – Employees with 10 years of service, upon retirement, are eligible for health and dental benefits until Medicare eligible. Retirees are responsible for 100% of the premium cost plus a 2% administrative fee once any accrued sick leave balance which is converted to pay for health and dental insurance has been exhausted.

School System employees may convert accumulated vacation and sick pay, as applicable, to be used to purchase health and dental insurance based on requirements applicable to their employee group. If the employee has a spouse covered at retirement, the spouse may remain in the group health plan while the retiree is living.

All employees may continue their life insurance policies at retirement as a lifetime benefit. Certified teachers pay the annual premium amount in effect at the time of their retirement. All other employees pay the full cost of coverage.

Contributions - Contribution requirements are negotiated between the School System and the respective unions or are established by employee contract for non-union employees. The School System is required to contribute the cost of medical, dental and life insurance benefits, less the amount of any applicable retiree share of premiums. For the year ended June 30, 2023, the plan operated on a pay as you go basis plus an additional contribution to fund future benefits to be provided to plan members. For the fiscal year ended June 30, 2023, the School System contributed \$763,190 to the plan.

Summary of Significant Accounting Policies

Basis of Accounting – The Other Post-Employment Benefits Trust Fund's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates.

Investments

Investment Policy – The Director of Finance and Administration may invest funds held in the OPEB Trust Fund in accordance with the Trust Agreement and State Law. The School Plan utilizes a third-party investment advisor and has adopted a balanced strategy.

Rate of Return – For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 8.75%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

Net OPEB Liability of the School Plan

The components of the net OPEB liability of the Town on June 30, 2023, were as follows:

Total OPEB Liability	\$3,934,746
OPEB Plan Fiduciary Net Position	(2,724,527)
Net OPEB Liability	\$1,210,219

Plan Fiduciary Net Position as a percentage of the Total OPEB Liability

69.2%

Actuarial Assumptions – The total OPEB liability was determined by an actuarial valuation as of July 1, 2023 with no adjustments to the June 30, 2023 measurement date. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal Cost Method

Salary Increases General wage inflation of 3% plus merit

increases

Inflation 2.1%

Investment Rate of Return 6.6%

Mortality *Teachers and Administrators* - SOA Pub-2010

Teacher Headcount Weighted Mortality Table

fully generational using Scale MP-2021

Support Employees - SOA Pub-2010 General Headcount Weighted Mortality Table fully

generational using Scale MP-2021

Surviving Spouses – SOA Pub-2010

Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale

MP-2021

Health Care Trend Rates

Medical/RX – initial rate of 7.5% (6.5% for post-65) decreasing 0.5% (0.25% for post-65) annually to an ultimate rate of 4.5%

Dental – 4% for all years

The long-term expected rate of return on OPEB plan investments was determined based on the 30-year nominal return portfolio expectation of Vanguard's capital markets model as of June 30,2023 adjusted for inflation on a geometric basis. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Asset Allocation	Real Rate of Return
U.S. Equity	33%	4%
Non-U.S. Equity	21%	6.1%
U.S. Aggregate Bonds	15%	2.4%
Intermediate-Term Credit	10%	2.7%
Short-Term Credit	5%	2.4%
Non-U.S. Bonds	10%	2.1%
REITs	6%	4.4%
	100%	

The following changes in actuarial assumptions have been made since the prior valuation or measurement date:

- The inflation rate was changed from 2.2% to 2.1%.
- The investment rate of return was changed from 6.5% to 6.6%.
- The mortality improvement scale was changed from MP-2020 to MP-2021.
- The health care trend rates for prescription/RX costs were changed from an initial rate of 8% decreasing 0.5% annually to an ultimate rate of 4.5% to an initial rate of 7.5% (6.5% for post-65) decreasing 0.5% (0.25% for post-65) annually to an ultimate rate of 4.5%.
- The health care cost trend rates for dental costs were changed from an initial rate of 4% decreasing 0.5% annually to an ultimate rate of 3% to 4% for all years.

The following change in benefit terms has been made since the prior measurement date:

• A Medicare Advantage plan option was added in 2023 effectively replacing Plan 65 for post-65 retirees except for grandfathered retirees.

The actuarial assumptions used in the July 1, 2023 valuation and the calculation of the total OPEB liability as of June 30, 2023 were consistent with an actuarial experience study performed in 2021.

Discount Rate – The discount rate used to measure the OPEB liability was 6.6% for the School Plan. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the expected benefit payments. Based on those assumptions, the School Plan's

net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The prior measurement date used a discount rate of 6.5%.

School Plan - Changes in the Net OPEB Liability

	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances as of June 30, 2022	\$4,368,730	\$2,344,532	\$2,024,198
Changes for the Year:	, ,	, ,	
Service cost	152,238	-	152,238
Interest on the total OPEB liability	276,342	_	276,342
Changes in benefits	(620,611)	-	(620,611)
Difference between expected and actual experience	281,598	-	281,598
Changes in assumptions	24,175	-	24,175
Employer contributions	-	763,190	(763,190)
Plan member contributions	-	-	-
Net investment income	-	164,531	(164,531)
Benefit payments, including employee refunds	(547,726)	(547,726)	-
Administrative expense	-	-	-
Other changes	-	-	
Net changes	(433,984)	379,995	(813,979)
Balances as of June 30, 2023	\$3,934,746	\$2,724,527	\$1,210,219

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate - The following presents the net OPEB liability of the School Plan, as well as what the School Plan's net OPEB liability would be if it were calculated using a discount rate 1-percentage-point lower and 1-percentage-point higher than the current discount rate:

		Current	
	1% Decrease	Discount Rate	1% Increase
	<u>(5.6%)</u>	<u>(6.6%)</u>	<u>(7.6%)</u>
Net OPEB Liability	\$1,449,386	\$1,210,219	\$991,437

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the net OPEB liability of the School Plan, as well as what the School Plan's net OPEB liability would be if it were calculated using a healthcare cost trend rates 1-percentage-point lower (6.5% decreasing to 3.5%) and 1-percentage-point higher (8.5% decreasing to 5.5%) than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare	1% Increase
	(6.5% decreasing	Cost Trend Rates	(8.5% decreasing
	<u>to 3.5%)</u>	(7.5% decreasing to 4.5%)	to 5.5%)
Net OPEB Liability	\$998,336	\$1,210,219	\$1,455,314

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to **OPEB**

For the year ended June 30, 2023, the School System recognized OPEB expense of \$(161,579). On June 30, 2023, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and		
actual experience	\$1,204,489	\$410,938
Changes in assumptions	376,818	203,023
Net difference between projected and		
actual earnings on OPEB plan investments	130,723	
Total	\$1,712,030	\$613,961

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2024	\$190,059
2025	186,292
2026	247,599
2027	175,153
2028	159,463
Thereafter	139,503

C. AGGREGATE OPEB AMOUNTS REPORTED IN THE FINANCIAL STATEMENTS

	Deferred Outflows of Resources - OPEB Amounts	Deferred Inflows of Resources - OPEB Amounts	Net OPEB Liability	OPEB Expense
Town Plan	\$6,711,343	\$5,232,787	\$28,054,459	\$2,723,799
School Plan	1,712,030	613,961	1,210,219	(161,579)
Total	\$8,423,373	\$5,846,748	\$29,264,678	\$2,562,220

NOTE 14 – COMMITMENTS AND CONTINGENCIES

A. CONTINGENCIES

The Town participates in various federal financial assistance programs. Amounts received or receivable from grantor agencies are subject to audit and adjustment by the grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial

During the ordinary course of its operations, the Town is a party to various claims, legal actions and complaints. The potential liability to the Town, if any, or an evaluation of the outcome of these matters cannot be made at the present time.

B. CONTRACT COMMITMENTS

The Town has contract commitments related to the Library Renovation Project totaling \$2,321,145 as of June 30, 2023.

NOTE 15 – RISK MANAGEMENT

The Town of Narragansett is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town and School System participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability claims for the Town and School System and workers' compensation claims for the Town. Upon joining the Trust, the Town and School System signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town/School System. The agreement states that for premiums paid by the Town/School System, the Trust will assume financial responsibility for losses up to the maximum

amount of insurance purchased, minus any deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. The School System has purchased commercial insurance for workers' compensation claims. Settled claims resulting from these risks have not exceeded the Trust or commercial insurance coverage in any of the past three fiscal years.

The School System also participates in a healthcare self-insurance pool administered by WB Community Health (WBCH). WB Community Health is a not-for-profit organization formed to administer health and dental programs for Rhode Island cities, towns, and school districts. Upon joining WBCH, each member enters into a member agreement with WBCH that outlines the rights and responsibilities of each member and WBCH.

WBCH is a claims-servicing or account pool, which is an arrangement by which a pool manages separate accounts for each pool member from which the claims and administration costs of each member are paid. This arrangement does not result in the transfer of risk to WBCH or the pooling (sharing) of risk amongst the members of WBCH. The School System is retaining the risk and it recognizes and measures its claims liabilities and related expenses in accordance with GASB Statement No. 10 because the risk of loss has not been transferred to an unrelated third party. The School System's payments of premiums to WBCH are reported as deposits (other assets) and charges for insurance in the Internal Service Fund and the claims paid by WBCH on the School System's behalf and the administrative costs paid to WBCH are recorded as expenses in the Internal Service Fund and a reduction of deposits in the Internal Service Fund. The premiums are based on "working rates" determined by WBCH based on available funds on deposit and claims experience.

In order to avoid catastrophic losses, the School System purchases specific stop loss re-insurance. Under the stop loss re-insurance, the School System is covered for medical claims in excess of \$200,000 per person per contract period.

The claims liability of \$149,632 reported in the Internal Service Fund on June 30, 2023 is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the Town's claims liability for the past two fiscal years were:

	Beginning Fiscal Year Liability	Current Year Claims and Changes In Estimate	Claims Payments	Balance Fiscal Year End
2022-2023	\$169,689	\$3,043,919	\$3,063,976	\$149,632
2021-2022	\$130,325	\$2,960,038	\$2,920,674	\$169,689

NOTE 16 – PENSION PLANS

A. EMPLOYEES' RETIREMENT SYSTEM PLANS

Defined Benefit Plan

General Information about the Pension Plan

Plan Description - Certain employees of the Narragansett School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans administered by the System. The report may be obtained at http://www.ersri.org.

Benefit Provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire on September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service-connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective ERS, SPRBT and JRBT plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions - The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2023, Narragansett School

Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012 must contribute 11% of their annual covered salary. The State and the Narragansett School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by the Narragansett School Department; the rates were 11.12% and 15.04% of annual covered payroll for the fiscal year ended June 30, 2023 for the State and Narragansett School Department, respectively. The Narragansett School Department contributed \$2,102,890, \$2,044,674, and \$1,873,366 for the fiscal years ended June 30, 2023, 2022 and 2021, respectively, equal to 100% of the required contributions for each year. The State's share of contributions totaling \$1,434,874 for fiscal year 2023 are reflected as on-behalf payments and are included as both revenue and expenditures in the Governmental Funds financial statements.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

On June 30, 2023, the Narragansett School Department reported a liability of \$18,504,687 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Narragansett School Department as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the Narragansett School Department were as follows:

Narragansett School Department's proportionate share of the net pension liability	\$18,504,687
State's proportionate share of the net pension liability associated with the Narragansett	\$10,00 i,00 i
School Department	13,685,516
Total net pension liability	\$32,190,203

The net pension liability was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. The Narragansett School Department's proportion of the net pension liability was based on a projection of the Narragansett School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State, actuarially determined. On June 30, 2022, the Narragansett School Department's proportion was 0.68517635%.

For the year ended June 30, 2023, the Narragansett School Department recognized in the Government-Wide financial statements gross pension expense of \$1,757,079 and revenue of \$813,284 for support provided by the State. On June 30, 2023, the Narragansett School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:	
Contributions subsequent to the	
measurement date	\$2,102,890
Change of assumptions	373,215
Differences between expected and actual	
Experience	274,075
Changes in proportion and differences	
between employer contributions and	
proportionate share of contributions	743,862
Total	\$3,494,042
Deferred inflows of resources:	
Differences between expected and actual	
experience	\$359,917
Change of assumptions	277,435
Changes in proportion and differences	
between employer contributions and	
proportionate share of contributions	967,053
Net difference between projected and actual	
earnings on pension plan investments	387,190
Total	\$1,991,595

\$2,102,890 reported as deferred outflows of resources related to pensions resulting from the Narragansett School Department contributions in fiscal year 2023 subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2024	\$(309,069)
2025	(376,863)
2026	(571,551)
2027	587,023
2028	6,288
Thereafter	63,729

Actuarial Assumptions - The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3% to 13%
Investment rate of return	7%

Mortality – Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

The actuarial assumptions used in the June 30, 2021 valuation rolled forward to June 30, 2022 and the calculation of the total pension liability on June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022 expected arithmetic returns over the long-term (20-years) by asset class are summarized in the following table:

	I and Torm	Long-Term Expected
	Long-Term	Expected Arithmetic Real
Asset Class	Target Asset Allocation	Rate of Return
Asset Class GROWTH	Auocanon	Kate of Ketarn
Global Equity	24.200/	<i>5.500/</i>
U.S. Equity	24.30%	5.52% 6.04%
International Developed Equity	11.10%	7.83%
Emerging Markets Equity Subtotal	4.60%	7.83%
Private Growth	40.00%	
	12.50%	9.42%
Private Equity Non-Core Real Estate		
	2.50%	4.80%
Subtotal INCOME	15.00%	
	2.00%	5 250/
Equity Options	2.00%	5.25% 1.82%
EMD (50/50 Blend)	3.00%	2.95%
Liquid Credit Private Credit	3.00%	
		2.95%
Collateralized Loan Obligations (CLO)	2.00% 12.00%	2.95%
Subtotal STABILITY	12.00%	
Crisis Protection Class		
Treasury Duration	5.00%	-0.44%
Systematic Trend	5.00%	3.33%
Subtotal	10.00%	3.3370
Inflation Protection	10.0070	
Core Real Estate	4.00%	4.80%
Private Infrastructure	4.00%	5.65%
Subtotal	8.00%	
Volatility Protection		
IG Corp. Credit	3.25%	1.18%
Securitized Credit	3.25%	1.18%
Absolute Return	6.50%	3.33%
Cash	2.00%	-0.44%
Subtotal	15.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate - The discount rate used to measure the total pension liability was 7 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the proportionate share of the net pension liability calculated using the discount rate of 7 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	Current Discount	
1% Decrease	Rate	1% Increase
<u>(6%)</u>	<u>(7%)</u>	<u>(8%)</u>
\$23,215,651	\$18,504,687	\$14,224,247

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

Defined Contribution Plan

Plan Description

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants.

Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. The employer contribution is split between the State and the school department. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Narragansett School Department recognized pension expense of \$78,067 for the fiscal year ended June 30, 2023. For financial reporting purposes, the State's share of contributions totaling \$53,655 for fiscal year 2023 are reflected as on behalf-payments and are included as both revenue and expenditures in the accompanying financial statements.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the System. The report may be obtained at http://www.ersri.org.

B. POLICE PLAN

General Information about the Pension Plan

Plan Description and Administration – All police officers hired before July 1, 1978 who refused the September 1984 offer to join the Town Plan are covered by the Town of Narragansett's Police Pension Plan which is administered by the Town of Narragansett Pension Board. The Pension Board consists of seven members nominated and appointed by the Town Council. This plan is a single-employer defined benefit pension plan that was established by the Town in accordance with Town Charter and State Statutes. The Town Council has the authority to establish and amend the benefits terms through the adoption of an ordinance. The pension plan is reported as a pension trust fund in the Town's financial statements. The plan does not issue a separate publicly available financial report. The plan is closed to new entrants.

Plan Membership – As of July 1, 2022, membership data related to the pension plan was as follows:

Active members	-
Retired and beneficiaries	9
Terminated vested	-
	9

Benefit Provided – The pension plan provides retirement, disability, and survivorship benefits.

A police officer may retire upon the earlier of attainment of age 65 or the completion of 20 years of credited service. The normal retirement benefit is equal to 50% of final earnings. Retirement benefits are payable in the form of a 67.5% joint and survivor annuity if the participant is married at the retirement date or a life annuity if single.

Death benefits are provided for members with 25 years of service. The surviving spouse shall receive a monthly benefit equal to 67.5% of the member's accrued benefit continuing until his/her death or remarriage.

In the event a member becomes unable to perform active police duty by reason of a clearly proven physical or mental disability, he/she shall be entitled to a monthly pension in the amount of 50% of final earnings in the year of disability.

Benefit terms provide for a 3% compounded, annual cost-of-living adjustment (COLA) to a participant's retirement benefit for members who retired on or after July 1, 2002. Eligible members receive the COLA beginning on July 1 of the year the member turns 52 years old or July 1 of the year that is the 5th anniversary of the member's retirement, whichever occurs first. Participants who retired prior to July 1, 2002 do not receive COLA adjustments.

Contributions – Contribution requirements for the plan are established and may be amended by Town ordinance or union contract. Employees are not required to contribute to the Police Plan since there are no active members. The Town contribution is an actuarially determined amount recommended by an independent actuary. The actuarially determined amount is the estimated amount to finance the costs of benefits earned by plan members during the year, with an additional amount to finance the unfunded accrued liability. The Town contribution for the year ended June 30, 2023 was \$99,172.

Summary of Significant Accounting Policies

Basis of Accounting – The Police Pension Trust Fund's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which employees provide service to the Town. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Investments

Investment Policy – The pension plan's policy is described in Note 5 – Investments.

Rate of Return – For the year ended June 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 8.81%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability of the Town

The components of the net pension liability of the Town on June 30, 2023 were as follows:

Total Pension Liability	\$1,881,133
Plan Fiduciary Net Position	(1,538,878)
Town's Net Pension Liability	\$342,255
Plan fiduciary net position as a percentage	
of the total pension liability	81.81%

Actuarial Assumptions – The total pension liability was determined as of June 30, 2023, based on an actuarial valuation performed as of July 1, 2022 rolled forward to June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method Entry Age Method

Actuarial Assumptions:

Inflation 2%

Salary Increases Not applicable

Investment Rate of Return 7.05%

Mortality

 Healthy – PubS-2010 Public Safety mortality table with generational improvements from 2010 based on the SOA Scale MP-2021

- Healthy Survivors Pub-2010 Continuing Survivor mortality table with generational improvements from 2010 based on the SOA Scale MP-2021
- Disabled PubS-2010 Disabled Public Safety mortality table with generational improvements from 2010 based on the SOA Scale MP-2021

Cost of Living Adjustment 3% for eligible retirees; 0% otherwise

The following changes in actuarial assumptions have been made since the prior measurement date:

• Investment rate of return was changed from 7.10% to 7.05%.

Given the size of the plan, there is not enough data available to conduct a credible experience study. The assumptions are not anticipated to produce significant cumulative actuarial gains or losses over time. The liabilities and data are analyzed each year in order to identify any trends of experience deviating from the actuarial assumptions.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate of ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023 (See the discussion of the pension plan's investment policy in Note 5 – Investments) are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	<u>Allocation</u>	Rate of Return
Fixed Income	35%	2.9%
Domestic Equity	50%	5.4%
International Equity	15%	5.9%
Alternatives	0%	2.0%
Cash	0%	1.0%
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 7.05%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The prior measurement date used a discount rate of 7.10%.

Police Plan
Changes in the Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Balances as of June 30, 2022	\$1,842,023	\$1,503,767	\$338,256

Balances as of June 30, 2023	\$1,881,133	\$1,538,878	\$342,255

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the Town, calculated using the discount rate of 7.05%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.05%) or 1-percentage point higher (8.05%) than the current rate:

	1% Decrease	Current Discount	1% Increase	
	<u>(6.05%)</u>	<i>Rate</i> (7.05%)	<u>(8.05%)</u>	
Net Pension Liability	\$490,567	\$342,255	\$212,922	

Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended June 30, 2023, the Town recognized pension expense of \$142,984. The Town reported deferred outflows of resources related to pensions from the following sources:

Deferred Outflows of Resources:

Net difference between projected and actual	
investment earnings	\$84,448
Total	\$84,448

Amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year	
Ending	
June 30,	
2024	\$6,530
2025	12,630
2026	72,335
2027	(7,047)

C. TOWN PENSION PLAN

General Information about the Pension Plan

Plan Description and Administration — All employees who work at least 5 months of a year for at least 20 hours per week, except for school system employees eligible for membership in the Employees' Retirement System of the State of Rhode Island and any police officers covered by the Police Plan, are covered by the Town of Narragansett's Town Pension Plan which is administered by the Town of Narragansett Pension Board. The Pension Board consists of seven members nominated and appointed by the Town Council. This plan is a single employer defined benefit pension plan that was established by the Town in accordance with Town Charter and State Statutes. The Town Council has the authority to establish and amend the benefits terms through the adoption of an ordinance. The pension plan is reported as a pension trust fund in the Town's financial statements. The plan does not issue a separate publicly available financial report.

Plan Membership – As of July 1, 2022, membership data related to the pension plan was as follows:

Active members	254
Retired and beneficiaries	244
Terminated vested	39
	537

Benefit Provided – The pension plan provides retirement, disability, and survivorship benefits.

A municipal employee or school system employee may retire upon the later of attainment of age 58 or the completion of ten years of credited service; but, in any case, the member can retire immediately after completing 20 years of credited service. Local 1033 employees hired on or after July 1, 2014 may retire upon completion of 25 years of credited service. Council 94 employees hired on or after July 1, 2014 and school employees hired on or after July 1, 2015 may retire upon the later of attainment of age 65 or the completion of ten year of credited service; but in any case, the member can retire immediately after completing 25 years of credited service. A police officer hired prior to July 1, 2013 may retire upon the earlier of attainment of age 58 or the completion of 20 years of credited service. A police officer hired on or after July 1, 2013 may retire upon the completion of 25 years of credited service. A firefighter hired prior to July 1, 2011 may retire upon completion of 20 years of credited service. A firefighter hired on or after July 1, 2011, may retire upon completion of 23 years from their date of hire with a minimum of 20 years of credited service. A firefighter hired on or after July 1, 2013 may retire upon completion of 25 years of credited service. For all employees hired prior to July 1, 2011, the normal retirement benefit is equal to 2.5% of final average compensation multiplied by years of credited service (subject to a maximum benefit of 75% of final average compensation). For Council 94 and Local 1033 employees hired on or after July 1, 2011, the normal retirement benefit is equal to 2% of final average compensation multiplied by years of credited service up to 20 and 2.5% of final average compensation multiplied by years of service in excess of 20, limited to 14 (subject to a maximum benefit of 75% of final average compensation). For Council 94 and Local 1033 employees hired on or after July 1, 2014 and school employees hired on or after July 1, 2015, the normal retirement benefit is equal to 2% of final average compensation multiplied by years of credited service (subject to a maximum of 75% of final average compensation). Police officers and firefighters hired on or after July 1, 2013 receive a normal retirement benefit equal to 2% of final average compensation multiplied by years of credited service. Final average compensation is the average annual basic compensation during the highest three consecutive years of service. In lieu of the normal form of benefit, any member who is married at the time of retirement may elect a pension that provides, upon the member's death, for 67.5% of the pension to continue to the dependent spouse or dependent children.

A member who has attained age 55 with 10 years of credited service or has attained age 50 with 20 years of credited service may elect to retire early. A member who elects to retire early will receive a monthly benefit equal to the actuarial equivalent of the accrued benefit determined as of the normal retirement date.

Beneficiaries of municipal employees receiving death benefits for nonoccupational causes shall be entitled to the greater of a) a refund of employee contributions with interest plus a lump-sum death

benefit equal to \$400 times the number of years of credited service (subject to a minimum of \$2,000 and maximum of \$8,000) or b) for municipal employees with 10 or more years of credited service, a refund of employee contributions with interest plus a monthly benefit of 50% of the member's accrued benefit. For occupational causes, the death benefit is a refund of the municipal employee's contributions with interest, plus a benefit equal to 50% of compensation.

Beneficiaries of firefighters or police officers who have completed 10 years of credited service may elect either a refund of employee contributions with interest or a benefit equal to 50% of the member's accrued benefit. Special rules apply for death after meeting eligibility for retirement.

The disability benefit for nonoccupational causes for municipal employees with seven years of credited service but prior to attainment of age 58 is a monthly benefit equal to the greater of:

- a) 2.5% of final average compensation multiplied by years of credited service (subject to a minimum of 25% and a maximum of 50%).
- b) 1-2/3% of final average compensation multiplied by years of credited service (subject to a minimum of 25%).

Disability benefits for nonoccupational causes for firefighters and police officers with seven years of credited service but prior to attainment of age 58 (age 55 for firefighters) is a benefit equal to 2.5% of final average compensation multiplied by years of credited service (subject to a minimum of 25% and a maximum of 50%). Municipal employees, firefighters and police officers disabled due to occupational causes receive a disability benefit equal to 66-2/3% of the annualized rate of compensation determined as the date of disability, reduced by the monthly value of any payments provided for the member under any workers' compensation law.

Retirees receive cost of living adjustments (COLA) as follows:

- a) Municipal Employees (excluding School System Employees) who retire on or after July 1, 2002 shall receive annual 3% compounded COLAs beginning on the July 1 of the year that the employee turns 58 years old. Council 94 employees hired on or after July 1, 2014 shall receive annual 3% simple COLAs beginning July 1 of the year the employee turns 58 years old.
- b) School System Employees hired on or after July 1, 2015 shall receive a compounded COLA on each July 1 based on the COLA given to Social Security recipients, if any.
- c) Firefighters who retire on or after July 1, 2002 and before July 1, 2015 shall receive annual 3% compounded COLAs beginning on the July 1 of the year that the firefighter turns 52 years old. Firefighters who retire on or after July 1, 2015 shall receive annual 3% simple COLAs beginning July 1 of the year the firefighter turns 52 years old. The COLA has been suspended for 8 years for active members as of July 1, 2013.

d) *Police Officers* – who retire on or after July 1, 2002 if employed before July 1, 2013, shall receive annual 3% compounded COLAs beginning on the earlier of July 1 of the year that the employee turns 52 years old or July 1 of the year that is the fifth anniversary of the police officer's retirement. Police officers hired on or after July 1, 2013 shall receive annual 3% simple COLAs at retirement and when eligible. The COLA has been suspended for 8 years for active members as of July 1, 2013.

Contributions – Contribution requirements for the plan are established and may be amended by Town ordinance or union contract.

Members are required to contribute a percentage of their pay as follows:

Police 11% of base salary, holiday, incentive and longevity

Fire 11% of base salary, holiday, incentive and longevity

Mid-managers; laborers; clerical 10% of base salary and longevity

Non-union 10% of base salary

School 10% of base salary and longevity

Council 94; Local 1033 11% of base salary

The Town contribution is an actuarially determined amount recommended by an independent actuary. The actuarially determined amount is the estimated amount to finance the costs of benefits earned by plan members during the year, with an additional amount to finance the unfunded accrued liability. The Town contribution for the year ended June 30, 2023 was \$7,993,583.

Summary of Significant Accounting Policies

Basis of Accounting – The Town Pension Trust Fund's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which employees provide service to the Town. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Investments

Investment Policy – The pension plan's policy is described in Note 5 – Investments.

Rate of Return – For the year ended June 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.59%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability of the Town

The components of the net pension liability of the Town on June 30, 2023 were as follows:

Total Pension Liability	\$183,676,462
Plan Fiduciary Net Position	(123,328,761)
Town's Net Pension Liability	\$60,347,701
Plan fiduciary net position as a percentage	
of the total pension liability	67.14%

Actuarial Assumptions – The total pension liability was determined as of June 30, 2023, based on an actuarial valuation performed as of July 1, 2022 rolled forward to June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Method	
Actuarial Assumptions:		
Inflation	2%	
Salary Increases	Age 20-24 - 10%; Age 25-29 - 8%; Age 30-34 - 6%; Age 35-39 - 5%; Age 40-44 - 4.5%; Age 45-54 - 4.25%; Age 55+ - 4%	
Investment Rate of Return	7.05%	
Mortality	 Healthy Public Safety – PubS-2010 Public Safety mortality table Healthy School - PubT-2010 Teachers mortality table Healthy All Other Non-Public Safety – PubG-2010 General mortality table Healthy Survivors - Pub-2010 Continuing Survivor mortality table Disabled Public Safety - PubS-2010 Disabled Public Safety mortality table Disabled Non-Public Safety - PubNS-2010 Disabled Non-Public Safety mortality table All tables with generational improvements from 2010 based on the SOA Scale MP-2021 	
Cost of Living Adjustment	• School Employees hired on or after July 1, 2015 - 2% once eligible	

• Other Employees - 3% compounded or simple based on group and date of hire or retirement for eligible retirees

The following changes in actuarial assumptions have been made since the prior measurement date:

• Investment rate of return was changed from 7.10% to 7.05%.

An experience study was performed for the experience over the July 1, 2010 to July 1, 2020 period. Assumptions with credible data to support updates have been implemented. The liabilities and data are analyzed each year in order to identify any trends of experience deviating from the actuarial assumptions.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate of ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023 (See the discussion of the pension plan's investment policy in Note 5 – Investments) are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	<u>Allocation</u>	Rate of Return
Fixed Income	35%	2%
Domestic Equity	50%	5.4%
International Equity	15%	5.9%
Alternatives	0%	2%
Cash	0%	1%
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 7.05%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The prior measurement date used a discount rate of 7.10%.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the Town, calculated using the discount rate of 7.05%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.05%) or 1-percentage point higher (8.05%) than the current rate:

	1% Decrease	Current Discount	1% Increase
	<u>(6.05%)</u>	<i>Rate</i> (7.05%)	<u>(8.05%)</u>
Net Pension Liability	\$84,965,322	\$60,347,701	\$40,291,346

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the Town recognized pension expense of \$10,063,386. The Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of Resources:

Differences between expected and actual	
experience	\$74,155
Changes of assumptions	1,483,911
Net difference between projected and actual	
investment earnings	6,984,128
Total	\$8,542,194
Deferred Inflows of Resources:	
Differences between expected and actual	
experience	\$501,318
Changes of assumptions	991,648
Total	\$1,492,966

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	
Ending	
June 30,	
2024	\$1,545,720
2025	1,513,666
2026	4,503,494
2027	(513,652)

NOTE 2 – PENSION PLANS

Employees' Retirement System Plan

The net pension liability amount presented as of the June 30, 2023 was determined as part of an actuarial valuation performed as of June 30, 2021 and rolled forward to June 30, 2022, the measurement date. Additional information, including actuarial methods and assumptions, is presented in Note 16 A to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

The following summarizes the more significant changes in assumptions and benefits and were reflected in the determination of the net pension liability as of the:

June 30, 2020 measurement date -

As part of the 2020 Actuarial Experience Study for the six-year period ending June 30, 2019 as approved by the System Board on May 22, 2020, certain assumptions were modified and reflected in the determination of net pension liability at the June 30, 2020 measurement date. The following summarizes the more significant changes in assumptions:

- Updated the underlying mortality tables from the RP-2014 set of tables to the public sector-based PUB (10) tables.
- Increased slightly the probabilities of turnover.
- Decreased slightly the probabilities of retirement.
- Modified slightly the probabilities of disability, including adding material incidence of disability for members in the age ranges that historically have been eligible to retire but under prospective provisions are not.

June 30, 2017 measurement date -

As part of the 2017 Actuarial Experience Investigation Study for the six-year period ending June 30, 2016 as approved by the System Board on May 15, 2017, certain assumptions were modified and reflected in the determination of the net pension liability at the June 30, 2017 measurement date. The following summarizes the more significant changes in assumptions:

- Decreased the general inflation assumption from 2.75% to 2.50%.
- Decreased the nominal investment return assumption from 7.50% to 7.00%.
- Decreased the general wage growth assumption from 3.25% to 3.00%.
- Decreased salary increase assumptions.
- Updated the post-retirement mortality tables to variants of the RP-2014 table. For the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

June 30, 2015 measurement date -

The net pension liability for the ERS plan reflects changes in benefits resulting from the settlement of litigation challenging the various pension reform measures enacted in previous years by the General Assembly. The final settlement approved by the Court on July 8, 2015 also included

Notes to Required Supplementary Information June 30, 2023

enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions are summarized below:

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rates to 11% for state employees and municipal general employees will contribute 8.25% (9.25% for units with a COLA provision) and participate solely in the defined benefit plan going forward service credit accruals will increase from 1% to 2% per year.
- Members are eligible to retire upon the attainment of: age 65 with 30 years of service, 64 with 31 years of service, 63 with 32 years of service, or 62 with 33 years of service.
 Members may retire earlier if their RIRSA date is earlier or are eligible under a transition rule.
- Employees with more than 10 but less than 20 years of service on July 1, 2012 will receive an increased employer contribution to the defined contribution plan. Also, members who earn less than \$35,000 per year will not be required to pay the administrative fees to the defined contribution plan.
- Members who retired from a COLA eligible plan before July 1, 2012 will receive a onetime cost of living adjustment of 2% of the first \$25,000 paid as soon as administratively possible.
- Retirees as of June 30, 2015 will receive two \$500 stipends; the interim cost of living increases will occur at 4-year rather than 5-year intervals.
- The COLA formula was adjusted to: 50% of the COLA is calculated by taking the previous 5-year average investment return, less 5.5% (5yr Return 5.5%, with a maximum of 4%) and 50% calculated using previous year's CPI-U (maximum of 3%) for a total maximum COLA of 3.5%. This COLA is calculated on the first \$25,855, effective 01/01/16, and indexed as of that date as well. (The indexing formula is run annually regardless of funding level each year.)
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

Employers participating in the Employees' Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.

The schedules are intended to present ten years of data. Additional years of data will be presented as they become available.

Police Plan and Town Pension Plan

The net pension liability amounts presented as of the June 30, 2023 were determined as part of actuarial valuations performed as of July 1, 2022 and rolled forward to June 30, 2023, the measurement date. Additional information, including actuarial methods and assumptions, is presented in Note 16 B and C to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the fiscal year-end.

Notes to Required Supplementary Information June 30, 2023

The following summarizes the more significant changes in assumptions and benefits and were reflected in the determination of the net pension liability as of the:

June 30, 2023 measurement date -

• Investment rate of return assumption was changed from 7.10% to 7.05%.

June 30, 2022 measurement date -

- Investment rate of return assumption was changed from 7.15% to 7.10%.
- The projection scale used with the mortality tables were changed from SOA Scale MP-2020 to SOA Scale MP-2021.

June 30, 2021 measurement date -

- Investment rate of return assumption was changed from 7% to 7.15%.
- Salary increases assumption for the Town Pension Plan was changed from 4% to 6% based on age to 4% to 10% based on age.
- The projection scale used with the mortality tables were changed from SOA Scale MP-2019 to SOA Scale MP-2020.

June 30, 2020 measurement date -

- Investment rate of return assumption was changed from 7.20% to 7%.
- Mortality tables were changed from RP-2014 Blue Collar for public safety, RP-2014 for non-public safety and RP-2014 Disabled for disabled with generational improvements from 2006 based on the 2018 SSA Trustees' Report to variants of the Pub-2010 mortality tables with generational improvements from 2010 based on the SOA Scale MP-2019.

June 30, 2019 measurement date -

• COLA assumption for the Town Pension Plan was changed from 3% for eligible employees and 0% otherwise to 2% for School Employees hired on or after July 1, 2015 once eligible and 3% compounded or simple based on group and date of hire or retirement for eligible Other Employees.

June 30, 2016 measurement date -

- School System Employees in the Town Pension Plan hired on or after July 1, 2015 shall receive a normal retirement benefit equal to 2% of final average compensation multiplied by years of credited service (subject to a maximum benefit of 75% of final average compensation) upon the later of age 65 or the completion of 10 years of credited service or at any age after the completion of 25 years of credited service.
- School System Employees in the Town Pension Plan hired on or after July 1, 2015 shall receive a compounded COLA on each July 1 based on the COLA given to Social Security recipients, if any.
- Firefighters in the Town Pension Plan who retire on or after July 1, 2015 shall receive annually a 3% simple COLA beginning on the July 1 of the year that the firefighter turns 52 years old, subject to the 8-year COLA suspension as of July 1, 2013.

TOWN OF NARRAGANSETT, RHODE ISLAND Notes to Required Supplementary Information June 30, 2023

NOTE 3 - BUDGETARY DATA AND BUDGETARY COMPLIANCE

In accordance with the Town's Charter, the Town has formally established budgetary accounting control for its General Fund and Enterprise Funds. It is the responsibility of the Town Manager to submit the proposed budgets to the Town Council. The General Fund budget includes the Municipal budget and School Department's total budgeted Town appropriation. The proposed School Department budget is approved by the School Committee prior to being presented to the Town Manager. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Department's total appropriation. At least two public hearings are conducted on the Town Council recommended budgets and the final recommended budgets are legally enacted through an ordinance by the Town Council prior to the start of the fiscal year. The General Fund's annual operating budget is not in conformity with accounting principles generally accepted in the United States of America. The budget to actual presentation in the financial statements for the General Fund is presented on a budgetary basis. The difference between the budgetary basis and the accounting principles generally accepted in the United States of America basis is explained below.

Appropriations in addition to those contained in the annual operating budget require Town Council approval. Amendments to the operating budgets that do not result in additional appropriations may be made within a department by means of a transfer. The Town Manager has authority to make such transfers within departments. Transfers made outside the departmental level require Town Council approval. All unencumbered appropriations lapse at the end of the fiscal year.

The table below shows the amounts by which certain municipal department expenditures exceeded fiscal year 2023 appropriations:

	Expenditures
	In Excess of
<u>Department</u>	Budget
Town Council	\$106,472
Town Solicitor	9,628
Zoning Board of Appeals	3,438
Special appropriations	46,134
Tax Collector	1,534
Police non-officer	1,502
Police patrol	29,388
Fire non-firefighter	92
Emergency management	1,200
Public works administration	12,870
Facilities maintenance	22,825
Vehicle maintenance	39,958
Engineering	6,969

TOWN OF NARRAGANSETT, RHODE ISLAND Notes to Required Supplementary Information June 30, 2023

Explanation of Differences between Budgetary Revenues, Expenditures, and Other Financing Sources and Uses and GAAP Revenues, Expenditures, and Other Financing Sources and Uses

Revenues and Other Financing Sources Actual amounts (budgetary basis)	General Fund \$65,369,787
Differences – budget to GAAP:	
The pension contributions made to the Employees Retirement System by the State on behalf of the Town of Narragansett is not reported as budgetary revenue, but is a revenue for financial reporting purposes.	1,488,529
Unbudgeted revenues not included for budgetary purposes, but included for financial reporting purposes.	5,701,623
Transfer from other funds included as revenues for budgetary purposes, but not included for financial reporting purposes.	(77,670)
Leases are not reported as a budgetary other financing source, but are reported as an other financing source for financial reporting purposes.	217,418
Total revenues and other financing sources as reported on the statement of revenues, expenditures and changes in fund balances – governmental funds	\$72,699,687
Expenditures and Other Financing Uses	General Fund
Actual amounts (budgetary basis) Differences – budget to GAAP:	\$65,615,054
The pension contributions made to the Employees Retirement System by the State on behalf of the Town of Narragansett is not reported as a budgetary expenditure, but is an expenditure for financial reporting purposes.	1,488,529
Unbudgeted expenditures and transfers to other funds not included for budgetary purposes, but included for financial reporting purposes.	4,410,937
Transfer to other funds included as financing uses for budgetary purposes, but not included for financial reporting purposes.	(97,000)
Right to use leased assets are not reported as a budgetary basis expenditure, but are reported as an expenditure for financial reporting purposes.	217,418
Total expenditures and other financing uses as reported in the statement of revenues, expenditures and changes in fund	

OTHER SUPPLEMENTARY INFORMATION

The information provided herein contains schedules which the Town deems necessary to provide additional disclosures.

THIS SECTION CONTAINS THE FOLLOWING:

- Combining Fund Financial Statements for Nonmajor Governmental Funds
- Combining Fund Financial Statements for Pension Trust Funds
- Combining Fund Financial Statements for Other Post-Employment Benefit Trust Funds
- Combining Fund Financial Statements for Private Purpose Trust Funds
- Other Supplementary Information

COMBINING FUND FINANCIAL STATEMENTS-NONMAJOR GOVERNMENTAL FUNDS

THE FOLLOWING FUNDS OF THE TOWN ARE REPORTED IN THIS SECTION:

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service and capital projects.

The Capital Projects Funds account for and report financial resources that are restricted, committed, or assigned to expenditures for capital facilities and other capital assets outlays, including the acquisition and/or construction of capital items, except those financed by the Proprietary Fund Types or Trust Funds.

Town of Narragansett, Rhode Island Reportable Government Services with MTP2 Notes Fiscal Year Ended June 30, 2023

Notes to Supplementary Information – Annual Supplemental Transparency Report (MTP2)

NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the annual financial statements is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the Annual Supplemental Transparency Report (MTP2) was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The Annual Supplemental Transparency Report (MTP2) includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the Town's budget and accounting system. To report these costs, the Town made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students
- For the remaining departments all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Honorable President and Members of the Town Council Town of Narragansett, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Narragansett, Rhode Island, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town of Narragansett, Rhode Island's basic financial statements, and have issued our report thereon dated February 5, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Narragansett, Rhode Island's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Narragansett, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Narragansett, Rhode Island's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Narragansett, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
